**Dangerous Instincts** Mary Ellen O'Toole Ph.D., Alisa Bowman, 2012-09-25 Fear can't help you in a dangerous situation. A former FBI profiler shows you what can. As one of the world's top experts on psychopathy and criminal behavior, Mary Ellen O'Toole has seen repeatedly how relying on the sense of fear alone often fails to protect us from danger. Whether you are opening the door to a stranger or meeting a date you connected with online, you need to know how to protect yourself from harm, physical, financial, legal, and professional. Using the SMART method, which O'Toole developed and used at the FBI, we can confidently know how to Respond to a threat in any situation. Hire someone who will work inside your home like a contractor or housekeeper. Figure out whether a prospective employee is a safe bet. Know whom you can trust with your children. An especially useful book for women living alone, parents who are concerned about their children's safety, and employers worried about employees who might go postal. *Dangerous Instincts* gives us the tools used by professionals to navigate potentially hazardous waters. Like *The Gift of Fear* and *The Sociopath Next Door*, it will appeal to anyone looking to make the right call in an ever-threatening world.

Modern Women, Ancient Instincts Patrick Owens, Think women have changed with the times. Think again. Beneath the Instagram filters, empowerment slogans, and modern independence lies something far more primal: an ancient instinct that still drives female behavior today. In *Modern Women, Ancient Instincts*, you'll discover the unfiltered truth about what really motivates women when it comes to attraction, relationships, and commitment. This book is not about hating women or blaming feminism; it's about understanding. When you stop listening to what women say and start paying attention to what they do, a whole new reality opens up. One where female behavior starts to make sense, not because it's logical, but because it's biologically wired. Inside, you'll learn why nice guys often finish last and what women are really looking for. How hypergamy, security, and status shape female desire, even when they don't admit it. Why modern dating apps and social media distort reality. How to spot the difference between words and actions. What men need to do to lead, maintain frame, and command respect in today's world. Filled with real-world examples, clear insights, and hard truths, this book is a wake-up call for men who are tired of confusion and ready to see female nature for what it truly is, not what society wishes it were. If you're ready to stop guessing and start understanding, this book is for you.
