1 Get to work 10 minutes early

If your work day starts at 9:00am, try to get there by 8:50am. Give yourself some time to get settled in, get some coffee (or tea), and mentally prepare yourself for the day ahead.

2 Say hi to everyone

Let's face it— you'll probably spend more time with your co-workers than you will with your friends or family. Thus, building good relationships is a must! A simple 'good morning' can pave the way for more positive interactions throughout the day.

3 Do your work with excellence

If you do your work simply to "get your work done" or to "get the paycheck," you're probably not going to be satisfied with your work. Work for your satisfaction instead of working for show.

4 Brainstorm & be proactive

You might be assigned very specific tasks on a daily basis (especially if you're a short-term intern), but there's bound to be some downtime or room for creativity. When you have such time, take advantage of it! Initiate projects and offer new ideas!
