Surviving The Sword Prisoners Of The Japanese 1942 45:

Surviving the Sword Brian MacArthur, 2005 During World War II there were few fates that could befall a soldier so hellish as internment in a Japanese prisoner of war camp To this day many survivors most of whom are in their eighties still cannot talk about their experiences without unearthing terrible memories *Surviving the Sword* gives voice to these tens of thousands of Allied POWs and offers us a powerful reminder of the terror and depravations of war and the resilience of the human spirit In this important book Brian MacArthur draws on the diaries of American British Dutch and Australian Fepows Far Eastern prisoners of war some of whose recollections are published here for the first time These soldiers wrote and kept their diaries in secret because they were determined that to record for posterity how they were starved and beaten marched almost to death or transported on hellships how their fellows were summarily executed by guards or felled by the thousands by tropical diseases and how they were used as slave labor most notoriously on the Burma Thailand railway as depicted in *The Bridge on the River Kwai* The diaries excerpted in this book make plain why the Fepows believed that their brutal treatment by Japanese and Korean guards was literally incomprehensible to those who did not live it The prisoners whose stories appear here risked torture and execution to keep diaries and make sketches and drawings that they hid from the guards wherever they could sometimes burying them in the graves of lost comrades The survivors narratives reveal not just a litany of horrors but are a moving testament to the nobler instincts of humanity as well detailing how the POWs prevailed over horrible conditions even finding or creating a precious few creature comforts and sustaining the rudiments of culture learning and play Forced into solidarity by inhuman conditions the soldiers showed incredible compassion for one another improvising ingenious ways to care for the sick boost morale by subtly mocking their jailers authority or even turn meager rations into the occasional feast Countless thousands died in Japanese prison camps during World War II Those fortunate enough to emerge from their ordeal were never the same again *Surviving the Sword* at last fills a notable historical gap in our understanding while also commemorating and memorializing the Fepows struggle and sacrifice

Surviving the Sword Brian MacArthur, 2005 We are all too aware of the horror of the Holocaust Fifty five years on the most controversial unresolved issue of the Second World War is the savage treatment of their prisoners by the Japanese For as many as 18 hours a day they toiled in back breaking conditions Disease malaria dengue fever beriberi and dysentery was rife They were treated worse than animals starved of food sleep and shelter while working in death camps Their captors took their Red Cross parcels and laughed the cruelty was abominable Although some individual experiences have been given testimony on film *BRIDGE OVER THE RIVER KWAI* and in books i e Eric Lomax s *THE RAILWAY MAN* Brian MacArthur s *BUSHIDO* is the first comprehensive history of the FEPOWS Far East Prisoners of War Here is the full story of the FEPOWS life on the edge of existence from 1941 when Hong Kong fell and 1942 when Singapore surrendered until 1945

Surviving The Sword: Prisoners of

the Japanese 1942-1945 Brian MacArthur, 2005 **Surviving the Death Railway** Hilary Custance Green, 2016-08-31 The ordeals of the POWs put to slave labour by their Japanese masters on the Burma Railway have been well documented yet never cease to shock It is impossible not to be horrified and moved by their stoic courage in the face of inhuman brutality appalling hardship and ever present death While Barry Custance Baker was enduring his 1000 days of captivity his young wife Phyllis was attempting to correspond with him and the families of Barrys unit Fortunately these moving letters have been preserved and appear edited by their daughter Hilary in this book along with Barrys graphic memoir written after the War Surviving the Death Railways combination of first hand account correspondence and comment provide a unique insight into the long nightmare experienced by those in the Far East and at home The result is a powerful and inspiring account of one of the most shameful chapters in the history of mankind which makes for compelling reading *A Cruel Captivity* Ellie Taylor, 2018-05-30 The harrowing story of the brutality and cruelty of life in a Japanese POW camp has been told in many books but this is a novel and sensitive presentation Firetrench Differing in a number of respects from other moving POW accounts this book covers the experiences of twenty two servicemen from the Army Royal Navy RAF and volunteer forces who were held captive in numerous locations through South East Asia including Thailand Burma Hong Kong the Spice Islands and Japan itself Some had to endure the inhumane conditions during hazardous journeys on the hellships and all suffered appalling cruelty starvation disease and prolonged degradation on an epic scale Yet these were the fortunate ones many thousands perished and their graves were unmarked The book also examines the differing mental and physical effects that the prisoners captors cruel treatment had on them The author s handling of the legacy of their experiences during the post war years makes this moving book particularly important For a full understanding of this dreadful aspect of the Second World War *A Cruel Captivity* is a must read Ellie Taylor has produced a poignant tale of not only the suffering of these men but of the comradeship that sustained the survivors The work has been well researched and help was received from the Imperial War Museum Java FEPOW club and the Thai Burma Railway Centre The Army Rumour Service ARRSE *Prisoners of the Sumatra Railway* Lizzie Oliver, 2017-12-14 Prisoners of the Sumatra Railway is the first book to detail the experiences of British former prisoners of war POWs who were forced to construct a railway across Sumatra during the Japanese occupation It is also the first study to be undertaken of the life writing of POWs held captive by the Japanese during the Second World War and the transgenerational responses in Britain to this period of captivity This book brings to light previously unpublished materials including Exceptionally rare and detailed diaries notebooks and letters from the railway Memoirs from Sumatra including detailed recollections and post war statements written by key personnel on the railway such as Medical Officers and interpreters Remarkable original artwork created by POWs on Sumatra Contemporaneous photographs taken inside the camps Employing theories of life writing memory and war representation including transgenerational transmission Lizzie Oliver focuses particularly on what these documents can tell us about how former

POWs tried to share preserve and make sense of their experiences It is a wholly original study that is of great value to Second World War scholars and anyone interested in 20th century Southeast Asian history or war and memory The Adventures of Eddie Fung Judy Yung,2011-06-01 Eddie Fung has the distinction of being the only Chinese American soldier to be captured by the Japanese during World War II He was then put to work on the Burma Siam railroad made famous by the film The Bridge on the River Kwai In this moving and unforgettable memoir Eddie recalls how he a second generation Chinese American born and raised in San Francisco s Chinatown reinvented himself as a Texas cowboy before going overseas with the U S Army On the way to the Philippines his battalion was captured by the Japanese in Java and sent to Burma to undertake the impossible task of building a railroad through 262 miles of tropical jungle Working under brutal slave labor conditions the men completed the railroad in fourteen months at the cost of 12 500 POW and 70 000 Asian lives Eddie lived to tell how his background helped him endure forty two months of humiliation and cruelty and how his experiences as the sole Chinese American member of the most decorated Texan unit of any war shaped his later life 'Boredom is the Enemy' Amanda Laugesen,2016-04-15 War is often characterised as one percent terror 99 per cent boredom Whilst much ink has been spilt on the one per cent relatively little work has been directed toward the other 99 per cent of a soldier s time As such this book will be welcomed by those seeking a fuller understanding of what makes soldiers endure war and how they cope with prolonged periods of inaction It explores the issue of military boredom and investigates how soldiers spent their time when not engaged in battle work or training through a study of their creative imaginative and intellectual lives It examines the efforts of military authorities to provide solutions to military boredom and the problem of discipline and morale through the provisioning of entertainment and education but more importantly explores the ways in which soldiers responded to such efforts arguing that soldiers used entertainment and education in ways that suited them The focus in the book is on Australians and their experiences primarily during the First World War but with subsequent chapters taking the story through the Second World War to the Vietnam War This focus on a single national group allows questions to be raised about what might or might not be exceptional about the experiences of a particular national group and the ways national identity can shape an individual s relationship and engagement with education and entertainment It can also suggest the continuities and changes in these experiences through the course of three wars The story of Australians at war illuminates a much broader story of the experience of war and people s responses to war in the twentieth century **Japan's Gestapo** Mark Felton,2009-07-30 From the author of Children of the Camps a look at the disturbing activities of the Kempeitai Japan s feared military and secret police The book opens by explaining the origins organization and roles of the Kempeitai apparatus which exercised virtually unlimited power throughout the Japanese Empire Author Mark Felton reveals their criminal and collaborationist networks that extorted huge sums of money from hapless citizens and businesses They ran the Allied POW gulag system that treated captives with merciless and murderous brutality Other Kempeitai activities included biological and

chemical experiments on live subjects the Maruta vivisection campaign and widespread slave labor including Comfort Women drawn from all races Their record of reprisals against military and civilians was unrelenting For example Colonel Doolittle s raid on Tokyo in 1942 resulted in a campaign of revenge not just against captured airmen but thousands of Chinese civilians Their actions amounted to genocide on a grand scale Felton backs up his text with firsthand testimonies from survivors who suffered at the hands of this evil organization He examines how the guilty were brought to justice and the resulting claims for compensation As a result Japan s Gestapo provides comprehensive evidence of the ruthlessness of the Kempeitai against the white and Asian peoples under their control **Ian Watt** Marina MacKay,2018-11-15 Before his masterpiece *The Rise of the Novel* made him one of the most influential post war British literary critics Ian Watt was a soldier a prisoner of war of the Japanese and a forced labourer on the notorious Burma Thailand Railway Both an intellectual biography and an intellectual history of the mid century this book reconstructs Watt s wartime world these were harrowing years of mass death deprivation and terror but also ones in which communities and institutions were improvised under the starkest of emergency conditions Ian Watt *The Novel and the Wartime Critic* argues that many of our foundational stories about the novel about the novel s origins and development and about the social moral and psychological work that the novel accomplishes can be traced to the crises of the Second World War and its aftermath **Fighting Fit** Kevin

Brown,2008-09-01 The twentieth century saw two world wars and many other conflicts characterised by technological change and severity of casualties Medicine has adapted quickly to deal with such challenges and new medical innovations in the military field have had advantages in civil medicine There has thus been interplay between war and medicine that has not only been confined to the armed forces and military medicine but which has impacted on health and medicine for us all These themes will be examined from the Boer War to the dawn of a new century and a war against terror the experiences of individuals as doctors nurses and patients are highlighted with personal sometimes graphic first hand accounts bringing home the realities of medical treatment in wartime **A History of the English-Speaking Peoples since 1900** Andrew Roberts,2010-12-16 Prize winning British historian tells the story of the English speaking peoples in the 20th century Winston Churchill s *History of the English Speaking Peoples* ended in 1900 Andrew Roberts Wolfson History prizewinner has been inspired by Churchill s example to write the story of the 20th century Churchill wrote Every nation or group of nations has its own tale to tell Knowledge of the trials and struggles is necessary to all who would comprehend the problems perils challenges and opportunities which confront us today It is in the hope that contemplation of the trials and tribulations of our forefathers may not only fortify the English speaking peoples of today but also play some small part in uniting the whole world that I present this account As the greatest of all the trials and tribulations of the English speaking peoples took place in the twentieth century Roberts book covers the four world historical struggles in which the English speaking peoples have been engaged the wars against German Nationalism Axis Fascism Soviet Communism and now the War against Terror But

just as Churchill did in his four volumes Roberts also deals with the cultural social and political history of the English global diaspora *Forgotten Warrior* Michael Snape, 2023-05-18 Eighty years after his death in a Japanese prison camp this compelling new biography charts the career of a distinguished but hitherto neglected hero of the British army Major General Merton Beckwith Smith DSO MC commanded the British 18th Division during the catastrophic Fall of Singapore in February 1942 A highly respected and much decorated veteran of the First World War he was captured along with tens of thousands of other soldiers British Indian Australian and Malay who were then held prisoner on Singapore Island Amidst hunger disease and widespread despair in Changi over the next six months he rallied the spirits of his soldiers created a make shift university and theatre and helped to inspire a remarkable renewal of collective church life At the same time he improved conditions for hospital patients and encouraged sports and other recreations While the fate of many of the men he led was to toil and often die on the infamous Burma Railway Beckwith Smith was exiled to Karenko Camp Formosa present day Taiwan where mistreated and malnourished he died of diphtheria and heart failure on 11 November 1942 Beckwith Smith was the most senior British officer to end his life as a prisoner of war in the Far East Yet until now he has been a strangely forgotten warrior Based on exclusive access to family archives and drawing on an array of other eye witness accounts Michael Snape's richly detailed biography brings to an end that neglect The result is a story that offers vivid insights into one man's experience of two world wars while also revealing why he was so admired by his fellow officers and by the ordinary soldiers who served under him

Hellships Down Michael Sturma, 2021-03-18 On 12 September 1944 a wolfpack of U S submarines attacked the Japanese convoy HI 72 in the South China Sea Among the ships sunk were two carrying Allied prisoners of war Men who had already endured the trials of Japanese captivity faced a renewed struggle for survival at sea This book tells the broader story of the HI 72 convoy through the stories of two survivors Arthur Bancroft who was rescued by an American submarine and Charles Rowley Richards who was rescued by the Japanese The story of these men represents the thousands of Allied POWs who suffered not only the atrocious conditions of these Japanese hellships but also the terror of friendly fire from their own side's submarines For the first time the personal political and legal aftermath of these men's

experiences is fully detailed At its heart this is a story of survival Charting the survivors fates from rescue to their attempts at retribution this book reveals the trauma that continued long after the war was over **Living in the Shadow of a Hell**
