This book reveals the thoughts and fears of occupational therapists who had to help heal their patients while suffering emotional and psychological stress themselves. Ground Zero: Milieu, the experiences in and around Ground Zero following the attack, including occupational therapists at the rescue and recovery site, the Federal Emergency Management Agency's FEMA Project Liberty program, and the development of the Downtown Therapists Assistance Project to help occupational and physical therapists whose businesses were irrecoverable after September 11. Spirituality: the new challenges to occupational therapy in mental health in dealing with post-traumatic stress disorder and panic disorder throughout the general population and in the mental health community. *Surviving 9 11* is a unique blend of personal and professional perspectives designed to help you get in touch with your feelings and thoughts about what happened on September 11.
