**Integrating Ecofeminism, Globalization, and World Religions** Rosemary Radford Ruether, 2004-11-26 Integrating Ecofeminism Globalization and World Religions addresses the practical relevance of the interconnection of feminism ecology and religious theological thought and will ask questions about the lack of attention to gender issues in both ecological theology and deglobalization theory The book knits together four concerns globalization interfaith ecological theology ecofeminism and deglobalization movements and thought It examines how gender needs to be connected with inter faith ecological theology and with critical analysis of globalization It asks how to connect theory and practice and how theoretical views about a more earth friendly theology have actual relevance to the deglobalization struggle The book looks at these issues comparatively across different world religions and across different regions of the earth

*Thinking Globally* Mark Juergensmeyer, 2014 In this accessible text Mark Juergensmeyer a pioneer in global studies provides a comprehensive overview of the emerging field of global studies from regional topical and theoretical perspectives Each of the twenty compact chapters in Thinking Globally features Juergensmeyer s own lucid introduction to the key topics and offers brief excerpts from major writers in those areas The chapters explore the history of globalization in each region of the world from Africa and the Middle East to Asia Europe and the Americas and cover key issues in today s global era such as Challenges of the global economy Fading of the nation state Emerging nationalisms and transnational ideologies Hidden economies of sex trafficking and the illegal drug trade New communications media Environmental crises Human rights abuses Thinking Globally is the perfect introduction to global studies for students and an exceptional resource for anyone interested in learning more about this new area of study

**An East Asian Model for Latin American Success** Anil Hira, 2016-12-14 Latin America is at a uniquely important juncture in its history and the history of development more generally Neoliberal market orientated policies are being called into question growth has been volatile and equity has stayed the same or worsened In Latin America there is no clear direction for change This book presents an alternative development path for Latin America based on an East Asian model East Asia remains the only developing region so far with high stable and equitable economic development Based on in depth analysis and the presentation of new and unique material this study provides a new perspective on the lessons of China s rapid development and examines relations between states and companies that have led to greater success by East Asian companies entering new international markets More importantly it highlights how Latin American politics can and must be transformed

*Women's Roles in Latin America and the Caribbean* Kathryn A. Sloan, 2011-08-03 This book surveys Latin American and Caribbean women s contributions throughout history from conquest through the 20th century From the colonial period to the present day women across the Caribbean and Latin

America were an intrinsic part of the advancement of society and helped determine the course of history Women's Roles in Latin America and the Caribbean highlights their varied and important roles over five centuries of time providing geographical breadth and ethnic diversity to the Women's Roles through History series Women's roles are the focus of all six chapters covering themes that include religion family law politics culture and labor Each section provides specific examples of real life women throughout history providing readers with an overview of Latin American women's history that pays special attention to continuity across regions and variances over time and geography Literacy Research for Political Action and Social Change Mollie V. Blackburn, Caroline T. Clark, 2007 This book and its contributors all of whom view literacy research as explicitly political and potentially transformative provide images and approaches that show how work with in the local can and must be connected to global issues in order to effect political action Researchers and educators are urged to take activist stances that directly affect and address the needs of all people across lines of race class ethnicity sexuality and gender The book is organized into three parts each focusing on different aspects of literacy research for political action These include theoretical considerations and methodological approaches that support this work a reconsideration of the roles of participants as collaborators in this kind of literacy research and finally examples of projects specifically aimed at addressing global issues through local research for political action **Land and Dignity in Paraguay** Cheryl Lynn Duckworth, 2011-02-24 Beyond Neoliberalism in Latin America? John Burdick, Philip Oxhorn, Kenneth M. Roberts, 2009 While the neoliberal model continues to dominate economic and political life in Latin America people throughout the region have begun to strategize about how to move beyond this model What are the alternatives they imagine Do these alternatives represent a genuine break Twelve cutting edge papers investigate how Latin Americans are struggling to articulate a future in which neoliberalism is reconfigured Routledge Handbook of Gender and Environment Sherilyn MacGregor, 2017-07-14 The Routledge Handbook of Gender and Environment gathers together state of the art theoretical reflections and empirical research from leading researchers and practitioners working in this transdisciplinary and transnational academic field Over the course of the book these contributors provide critical analyses of the gender dimensions of a wide range of timely and challenging topics from sustainable development and climate change politics to queer ecology and interspecies ethics in the so called Anthropocene Presenting a comprehensive overview of the development of the field from early political critiques of the male domination of women and nature in the 1980s to the sophisticated intersectional and inclusive analyses of the present the volume is divided into four parts Part I Foundations Part II Approaches Part III Politics policy and practice Part IV Futures Comprising chapters written by forty contributors with different perspectives and working in a wide range of research contexts around the world this Handbook will serve as a vital resource for scholars students and practitioners in environmental studies gender studies human geography and the environmental humanities and social sciences more broadly *Ecological Economics, Second Edition* Herman E. Daly, Joshua Farley, 2011-01-26 In its first edition this book helped to

define the emerging field of ecological economics This new edition surveys the field today It incorporates all of the latest research findings and grounds economic inquiry in a more robust understanding of human needs and behavior Humans and ecological systems it argues are inextricably bound together in complex and long misunderstood ways According to ecological economists conventional economics does not reflect adequately the value of essential factors like clean air and water species diversity and social and generational equity By excluding biophysical and social systems from their analyses many conventional economists have overlooked problems of the increasing scale of human impacts and the inequitable distribution of resources This introductory level textbook is designed specifically to address this significant flaw in economic thought The book describes a relatively new transdiscipline that incorporates insights from the biological physical and social sciences It provides students with a foundation in traditional neoclassical economic thought but places that foundation within an interdisciplinary framework that embraces the linkages among economic growth environmental degradation and social inequity In doing so it presents a revolutionary way of viewing the world The second edition of Ecological Economics provides a clear readable and easy to understand overview of a field of study that continues to grow in importance It remains the only stand alone textbook that offers a complete explanation of theory and practice in the discipline **Cold War Literature**

Andrew Hammond, 2006-11-22 The Cold War was the longest conflict in a century defined by the scale and brutality of its conflicts In the battle between the democratic West and the communist East there was barely a year in which the West was not organising fighting or financing some foreign war It was an engagement that resulted in Korea Guatemala Nicaragua and elsewhere in some twenty million dead This collection of essays analyses the literary response to the coups insurgencies and invasions that took place around the globe and explores the various thematic and stylistic trends that Cold War hostilities engendered in world writing Drawing together scholars of various cultural backgrounds the volume focuses upon such themes as representation nationalism political resistance globalisation and ideological scepticism Eschewing the typical focus in Cold War scholarship on Western authors and genres there is an emphasis on the literary voices that emerged from what are often considered the peripheral regions of Cold War geo politics Ranging in focus from American postmodernism to Vietnamese poetry from Cuban autobiography to Maoist theatre and from African fiction to Soviet propaganda this book will be of real interest to all those working in twentieth century literary studies cultural studies history and politics Waging Peace, Building a World in which Life Matters Lalrinawmi Ralte, Stella Faria, 2004 Festschrift in honour of Gabriele Dietrich of Tamil Nadu Theological Seminary social activist and feminist contributed articles on diverse aspects predominantly on social status of women and feminism in India Human Welfare, Rights, and Social Activism Jane Pulkingham, 2010-01-01 J S Woodsworth a founding member and leader of the Cooperative Commonwealth Federation forerunner of the New Democratic Party and member of Parliament was a social policy pioneer who promoted human welfare and rights over interests of property and finance Human Welfare Rights and Social Activism explores the significance of Woodsworth's

thoughts and achievements in the area of human rights in the light of current social welfare objectives and practices Canadians continue to grapple with the question of how to accommodate and reconcile social diversity and difference while articulating a common interest and advancing human rights both domestically and internationally The essays in this volume by an interdisciplinary group of scholars address such issues as globalization labour rights and law the gendered and racialized dimensions of transnational labour the relationship between human rights social programs and social rights and the emergent cultural politics of difference Through engagement with longstanding debates on the ideals and provisions for social justice we have come to associate with Woodsworth the essays consider the present significance of a human rights frame and examine the historical and contemporary exclusions to polity that occur around gender ethnicity class and race

Building Sustainable Worlds Theresa Delgadillo, Ramon H. Rivera-Servera, Geraldo L. Cadava, Claire F. Fox, 2022-07-12 Latina o x places exist as both tangible physical phenomena and gatherings created and maintained by creative cultural practices In this collection an interdisciplinary group of contributors critically examines the many ways that varied Latina o x communities cohere through cultural expression Authors consider how our embodied experiences of place together with our histories and knowledge inform our imagination and reimagination of our surroundings in acts of placemaking This placemaking often considers environmental sustainability as it helps to sustain communities in the face of xenophobia and racism through cultural expression ranging from festivals to zines to sanctuary movements It emerges not only in specific locations but as movement within and between sites not only as part of a built environment but also as an aesthetic practice and not only because of efforts by cultural political and institutional leaders but through mass media and countless human interactions A rare and crucial perspective on Latina o x people in the Midwest **Building Sustainable Worlds** reveals how expressive culture contributes to and sustains a sense of place in an uncertain era **King Cotton in International Trade**

Meredith A. Taylor Black, 2016-05-02 In **King Cotton in International Trade** Meredith A Taylor Black provides a comprehensive analysis of the WTO Cotton dispute and its significant jurisprudential and negotiating effect on disciplining and containing the negative effects of highly trade distorting agricultural subsidies of developed countries To that end this work details the historic economic and political background leading up to Brazil s challenge of the US cotton subsidies and the main findings of the five WTO reports that largely upheld that challenge It explores the impacts of the successful challenge in terms of political and negotiating dynamics involving agriculture subsidies and other trade related issues in the WTO while examining the effects on domestic agriculture subsidy reforms in the United States and the European Union Finally this volume sets forth the possible impacts of the Cotton challenge on the negotiating end game of the Doha Development Round *Killing the Snake of Poverty. Local perceptions of poverty and wellbeing and peoples capabilities to improve their lives in the Southern Andes of Peru* Azusa Miyashita, 2009 **Religion and the State** Scott A. Merriman, 2009-07-14 This timely and authoritative resource combines both topical and country by country coverage to help

readers understand the coexistence of church and state in nations around the world today At a time when faith based groups have become more politically active in the United States and with religious conflicts at the epicenter of many of the world s most dangerous hotspots Religion and the State An International Analysis of Roles and Relationships could not be more welcomed or timely Country by country faith by faith it unravels the historic underpinnings and long range effects of the relationship between religious principles and the operations of government in its many guises worldwide The work combines topical essays on significant developments in the confluence of religion and law throughout the world with short descriptions of each countries current treatment of religion Readers can investigate specific nations compare situations across nations and explore key issues in the pervasive often controversial relationship between religion and government **Border**
