Govind Krishnan,2018-03-01 This book is a tribute to the relentless campaign by railway enthusiasts and the public of the Nilgiri Hills to keep the beautiful engineering marvel in running condition Their untiring effort continues to this day and it is largely due to this that the unique railway was recognized as a World Heritage Site by UNESCO on July 15 2005 This is a rare compilation of published materials on NMR analyzed and written in eloquent English which will interest anyone who likes the NMR or people s initiatives to propel such actions to save the unique lifeline from oblivion The book serves as an almanac on Nilgiri Mountain Railway NMR with the events chronologically arranged to depict the true picture and more so the public opinion which helped to thwart the Government s moves to close the line The New Indian Express **The Great Eastern Railway - From the Grouping to the Elizabeth Line 1923-2023** Charles Phillips,2025-03-06 Explores the transformation of the Great Eastern Section from a backwater to a modernized railway hub from 1923 to 2023 This book is the sequel to the author s two previous volumes on the history of the Great Eastern covering the Early Years from 1811 to 1862 and the Late 19th Century and early 20th Century from 1862 to

1924 This book covers the years 1923 to 2023, describing how the Great Eastern Section of the London and North Eastern Railway was transformed from being something of a backwater during the inter-war years to being very much at the forefront of modernisation under British Railways. Within the book will be found how the Great Eastern Section coped with the threat of road competition during the inter-war years, its involvement in the Second World War and how under British Railways it came to be seen the epitome of modernisation, beginning with the arrival of the Britannia Class locomotives in 1951 and culminating in the complete elimination of steam power in the East of England at the end of 1963. The book describes the impact of the Beeching Report on the former Great Eastern. It chronicles the progress of the Section's through the electrification of its two main lines and the construction and opening of the Elizabeth Line. Preservation is also mentioned as are possible future developments. It is a book for anyone who is interested in the history of the railways of the East of England, railways in general and the history of the East of England.
