Melbourne in the 1920s and 30s had a reputation as a staid and provincial city a respectable Sabbath observing town a metropolis of quiet suburban lives There were however those who did not conform to society s rules among them homosexual men The members of this hidden and persecuted group formed a subculture of friendship groups meeting places secret signs and words which allowed them to live their lives against a backdrop of legal social and moral restrictions This book is an investigation of this subculture and those men who lived within it      *Hill End* Alan Mayne,2016-10-18 The history of the Australian gold rushes is full of exaggeration the First This the Richest That the Largest Something Else Hill End unravels the myths surrounding the gold rushes in order to reveal the hidden histories of the Wiradjuri people of the graziers and convicts who occupied the Wiradjuri lands of the multicultural gold boom community and of the subsistence community that endured for generations after the boom had passed Hill End is perched high on the New South Wales Central Tablelands some 300 kilometres north west of Sydney The Hill End Historic Site which was proclaimed in 1967 is one of first cultural heritage sites to be reserved in Australia This is a book that digs past Hill End s gold rush facade into the lives of the people who lived through its history      Crusade Or Conspiracy? that turns away from a masculinist work based understanding of class in favour of home gender domestic labour and the family kitchen As Nicola Wilson shows the history of the British working classes has often been written from the outside with observers looking into the world of the inhabitants Here Wilson engages with the long cultural history of this gaze and asks how home is represented in the writing of authors who come from a working class background Her book explores the depiction of home as a key emotional and material site in working class writing from the Edwardian period through to the early 1990s Wilson presents new readings of classic texts including *The Ragged Trousered Philanthropists* *Love on the Dole* and *Saturday Night and Sunday Morning* analyzing them alongside works by authors including James Hanley Walter Brierley Lewis Grassie Gibbon Buchi Emecheta Pat Barker James Kelman and the rediscovered ex mill girl novelist Ethel Carnie Holdsworth Wilson's broad understanding of working class writing allows her to incorporate figures typically ignored in this context as she demonstrates the importance of home's role in the making and expression of class feeling and identity

*Bringing History to Life through Film* Kathryn Anne Morey,2013-12-12

Whether re-creating an actual event or simply being set in a bygone era films have long taken liberties with the truth While some members of the audience can appreciate a movie without being distracted by historical inaccuracies other viewers are more discerning From revered classics like *Gone with the Wind* to recent award winners like *Argo* Hollywood films often are taken to task for their loose adherence to the facts But what obligation do filmmakers have to the truth when trying to create a two hour piece of entertainment In *Bringing History to Life through Film* *The Art of Cinematic Storytelling* Kathryn Anne

Morey brings together essays that explore the controversial issue of film as a purveyor of history Examining a range of films including highly regarded features like *The Last of the Mohicans* and *Pan's Labyrinth* as well as blockbuster franchises like *Pirates of the Caribbean* chapters demonstrate that the debate surrounding the role of history on film is still as raw as ever Organized in five sections these essays discuss the myths and realities of history as they are portrayed on film from Nostalgic Utopias to Myths and Fairy Tales The fourteen chapters shed light on how films both convey and distort historical realities to capture the essence of the past rather than the past itself Ultimately they consider what role cinema plays as the quintessential historical storyteller In addition to cinema and media studies this book will appeal to scholars of history and fans of a wide range of cinematic genres
