Bringing Your Soul to Work Cheryl Peppers, Alan Briskin, 2000-08-30 EMPLOYEES TODAY are actively searching for more meaning in the workplace for work that resonates with their being How does one dare yearn for something more when so many workplaces seem aligned solely with financial survival and profit making How do we get work done amidst the demands and tugs on our soul Bringing Your Soul to Work addresses these troubling questions in a way that provides a pathway for readers who want to bridge the gap between their spiritual and work lives It honors readers unique experiences and challenges them to think differently aligning their actions with their hearts Engaging inspiring and poetic yet grounded in real life this book is written by consultants who see the contradictions of the workplace firsthand Using case examples personal stories inspirational quotes visual images reflective questions and specific applications it shows readers how to use their own experience to grapple with the gritty realities of the workplace Throughout the book readers are invited to consider the book s concepts in relation to their own unique situations and in the case of the applications to record their responses in writing They then learn to construct meaning from their own experience drawing on imagination and practice as well as the specific circumstances of their work lives Addressing what many feel but cannot say out loud Bringing Your Soul to Work links ideas about soul to the realities of work in a unique way For all those looking to increase their effectiveness at work and bring more feeling imagination and heart into their efforts with others it will serve as a guide for creating something new and lasting

Workplace Survival Dorothy Ferrell, 2007-10 Workplace Survival is a true story of a reckless renovation In 2005 I was diagnosed with Chronic Obstruction Pulmonary Disease I never had asthma nor allergies and I never smoked but I went to work healthy and ended up sick with lung disease In a 1999 air quality report it said that the internal appearance of the air handling units appeared to be in generally poor condition with many items requiring attention But three years passed before any renovation work was done After fourteen and one half years of employment with this government I ended my career overnight due to recklessness It all started with the installation of a heating ventilation and air conditioning unit HVAC in a 1960s vintage anemic building Many dangerous toxins were known to be in the building lead aluminum chromium asbestos mold dust fiber fungus and God only knows what else The recklessness caused the dangerous poisons to come through the overhead vents in my office and into my airways and lungs that were injured It was my faith in God that saw me through this horrific storm I learned the place where I thought was my greatest downfall and defeat turned out to be the place of a new beginning with God

Stirring of Soul in the Workplace Alan Briskin, 1998-12-28 This deeply lyrical book offers perspective for those struggling to hear the quiet voice of the soul over the din of the contemporary workplace Alan Briskin shows how the modern organization has gradually increased its demands on us beginning with our bodies then our minds and now our souls But through the moving personal stories of people fighting to reclaim their souls he also sends a message that encourages individuals to keep their spiritual integrity and values alive In

The Stirring of Soul In the Workplace Briskin weaves together lessons from history psychology and management theory with numerous real life examples to tell the story of how the modern workplace has evolved to value technology and productivity over soulfulness and relationship From the Industrial Revolution s marriage of mechanization and efficiency to the management theories of the early 20th century Briskin traces the emergence of the quest for efficiency and control in the workplace He questions the corporate concept of individual personality that asks us to check our emotions fantasies imaginations and souls at the door He describes the history of the soul as a dynamic force that continues to influence our behavior and shows how excluding it from our work life actually flattens our potential and dampens our creativity Rather than solve the conventional question organizations have been asking for years how can we change people Alan Briskin examines how organizations can better reflect personal and human values in the workplace For organizations that too often have sacrificed the well being of the individual for the goals of the organization the author suggests a more active way of taking up our work roles that can bring more of our experience and imagination into play He points out that meaning cannot come from corporate mission statements or reengineering programs Instead it needs to be nurtured through dialogue and reflection the courage to ask troubling questions and a willingness to face the consequences of our collective and individual actions When we learn to honor the contradictions uncertainties and interconnections inherent in the workplace the energies of the soul will begin to stir with revitalizing results

William Anthony,2025-04-06 Welcome to the Jungle Where Cubicles Hide More Drama Than Netflix If you ve ever sipped your morning coffee and wondered if the real reason for your workplace stress isn t the workload but rather the side eyes strategic compliments backhanded praises and the mysterious urgent email chains congratulations You ve already stepped into the riveting cutthroat and occasionally hilarious arena of Office Politics Spoiler alert You re not imagining it he promotion that went to the least deserving The sudden love fest your boss has for the guy who s always brown nosing The innocent coffee break that somehow turned into a smear campaign Welcome my friend You ve been playing the game probably without even knowing it This book isn t about teaching you how to become the next Machiavelli of your corporate kingdom Heck the world already has enough sycophants manipulators and credit thieves What it will do is arm you with every trick insight and battle tested strategy to survive thrive and maybe even laugh your way through the madness all while keeping your ethics sanity and reputation intact Why Should You Read This Because office politics is like Wi Fi invisible but always connected and ignoring it won t stop it from messing with your career If you think I ll just stay out of it well that s the first rule the political players are counting on They love a sitting duck Throughout these pages you ll journey through Gossip traps where words are weapons and reputations crumble faster than a poorly made spreadsheet Backstabbing betrayals where colleagues smile wide while plotting your professional demise Favoritism and nepotism where promotions seem less about performance and more about whose nephew just joined the firm The fine art of managing up because let s be honest

your boss's mood determines if you go home smiling or stress eating dinner at 11 pm Remote work politics proving that backstabbing works just fine on Zoom now with fewer witnesses And don't worry there's a chapter or two about what to do when you're stuck in The Blame Game or when friends turn into foes or the classic when that brilliant idea you just presented is suddenly Susan's idea after the team meeting What's In It For You By the end you'll learn how to Spot manipulation before it blindsides you Document your wins so no one else steals your thunder Outwit sycophants without becoming one Handle the gossip mill like a pro turning rumors into well useful intel Recognize when it's time to exit gracefully with your dignity and LinkedIn connections intact But most importantly you'll discover that playing the game doesn't mean losing your soul You can be strategic without becoming toxic You can build alliances without selling out You can be respected not just liked and yes there's a difference So Why Buy This Book Because every office from the tiny start up to the Fortune 500 runs on two things Emails Unspoken politics One you can delete The other can delete you if you don't learn the rules Let Office Politics Mastering the Game Without Losing Your Soul be your survival manual your playbook and your secret weapon written not by a bitter corporate dropout but by someone who's been in the trenches navigated the nonsense and still lived to write the tale with humor intact Because in this jungle the smartest don't just survive they learn to thrive with a grin Buy the book Your career will thank you

The Positive Solution to a Negative Workplace Susie Stone, 2016-08-27 You've felt unhappy at your job for some time now You've told yourself it would get better but it just doesn't You may even feel like a different person than when you started in your position Perhaps you find yourself participating in negative behaviors like gossip backbiting or glory stealing Maybe you get a little pit of loathing in your stomach when a certain co worker or boss approaches you You parcel out the workweek If I can just make it to lunch five o'clock Wednesday Friday the weekend During the weekend the freedom is tainted because you spend too much time dwelling on the situations at work to enjoy it Half or more of Sunday is spent worrying Monday like a loose tooth So how did you get to this point Is it a quarter life crisis A mid life crisis A rut It's definitely some sort of discontent but where did it come from Chances are you're experiencing a problem at work It may be a person situation or culture issue or even one you have created for yourself Whichever issue is giving you problems unless you take action to correct what's going on the pressure is just going to get worse If things don't get better soon you feel like you may explode Your temper will be shorter your mind cloudier and you may find your health starting to decline Stress related consequences are real magazines and online media are rife of articles about stress You may not even recognize the person you have become You need to step back and examine exactly what is going on You need to re evaluate your interactions with those around you You need to place some insulation between your life and your work You need to remind yourself that you are in control I was just like you At the end of my fourteen year corporate career I was unrecognizable by previous peers and bosses My family was genuinely concerned for my health and wellbeing I went from being a positive upbeat person to a broken negative being that reflected the inappropriate and offensive environment that surrounded me on a daily basis Our workplace became a den of backbiting gossip favoritism manipulation and fear And I allowed myself to become the reflection of all that was bad around me I did not take action and I paid the price This program is built from my time reflecting on what I could've and should've done Most of the steps and actions were known to me during my slide into becoming one of the negative people I had the knowledge and skills I just didn't use them I honestly believe that if I had followed these steps taken these actions I wouldn't have allowed myself to get to the point of having nightmares and being miserable The Positive Solution to a Negative Workplace is a step by step guide to help you evaluate your circumstances at work It will allow you to

place boundaries between yourself and others while you see your situation with a fresh pair of eyes It will sharpen your skills some of which you probably already possess and give you a sense of control over your own destiny Just as you have to be the one to make the changes at work you have to be the one to give The Positive Solution to a Negative Workplace a try If you want something to change you have to change something Get your copy now and pursue that change **How To Save Your Soul From The Toxic Workplace** Sheri Young,2019-05-28 The toxic workplace has many negative impacts It creates stress conflict and anxiety It harms mental and physical health It damages relationships But what the toxic workplace targets the most is your soul For author Sheri Young confronting the toxic workplace turned out to be the most wonderful experience in her life Dealing with organizations with failed leadership a culture of bullying disrespect and passive aggressive attacks the author was forced to undertake a difficult inspection of herself her thinking patterns and her purpose in life Ultimately this led to a renewed spiritual relationship that displaced the harm pain and injury she suffered at work This journey provided Sheri the tools needed to survive and thrive in and beyond the toxic workplace These struggles are far too common in the workplace today shared by many who feel caught suffocated and oppressed by organizations that do not value or respect their team members This book offers a path out of chaos and conflict towards health wellness and fulfillment **Take Your Soul to Work** Tanis Helliwell,1999 **Facing Different Circumstances In The Workplace** Chuck Laface,2021-08-04 A negative workplace breed unrest competition low morale constant stressors negativity sickness high turnover and even bullying This problem typically follows you home and takes over your conversations with loved ones and generally causes worry and stress in your mind To create a more positive outcome for you and your workplace this book shows solutions to take back your soul It is a step by step guide to help you evaluate your circumstances at work This book will sharpen your skills some of which you probably already possess and give you a sense of control over your destiny **The Living Workplace** Ann Coombs,2001
