Surviving Women:

Surviving State Terror Barbara Sutton, 2018-05-15 Honorable Mention 2019 Distinguished Book Award given by the Sex Gender Section of the American Sociological Association Honorable Mention 2019 Marysa Navarro Book Prize given by the New England Council of Latin American Studies NECLAS A profound reflection on state violence and women's survival In the 1970s and early 80s military and security forces in Argentina hunted down tortured imprisoned and in many cases murdered political activists student organizers labor unionists leftist guerrillas and other people branded subversives This period was characterized by massive human rights violations including forced disappearances committed in the name of national security State terror left a deep scar on contemporary Argentina but for many survivors and even the nation itself talking about this dark period in recent history has been difficult and at times taboo For women who endured countless forms of physical sexual and emotional violence in clandestine detention centers the impetus to keep quiet about certain aspects of captivity has been particularly strong In *Surviving State Terror* Barbara Sutton draws upon a wealth of oral testimonies to place women's bodies and voices at the center of the analysis of state terror The book showcases poignant stories of women's survival and resistance disinterring accounts that have yet to be fully heard grappled with and understood With a focus on the body as a key theme Sutton explores various instances of violence toward women such as sexual abuse and torture at the hands of state officials Yet she also uses these narratives to explore why some types of social suffering and certain women's voices are heard more than others and how this can be rectified in our own practices of understanding and witnessing trauma In doing so Sutton urges us to pay heed to women survivors political voices activist experiences and visions for social change Recounting not only women's traumatic experiences but also emphasizing their historical and political agency *Surviving State Terror* is a profound reflection on state violence social suffering and human resilience both personal and collective

Gendered Experiences of Genocide Choman Hardi, 2016-04-22 Between February and September 1988 the Iraqi government destroyed over 2000 Kurdish villages killing somewhere between 50 000 and 100 000 civilians and displacing many more The operation was codenamed Anfal which literally means the spoils of war For the survivors of this campaign Anfal did not end in September 1988 the aftermath of this catastrophe is as much a part of the Anfal story as the gas attacks disappearances and life in the camps This book examines Kurdish women's experience of violence destruction the disappearance of loved ones and incarceration during the Anfal campaign It explores the survival strategies of these women in the aftermath of genocide By bringing together and highlighting women's own testimonies Choman Hardi reconstructs the Anfal narrative in contrast to the current prevailing one which is highly politicised simplified and nationalistic It also addresses women's silences about sexual abuse and rape in a patriarchal society which holds them responsible for having been a victim of sexual violence

Surviving Domestic Violence Elaine Weiss, 2004 This is the only book on the market today that focuses on the entire spectrum of emotional verbal sexual and physical abuse Written by University of Utah Clinical

Associate Professor Elaine Weiss a survivor the book goes right to the heart of the reader and changes their perspective on this topic She paints a clear picture of women who stay in a marriage because of their fierce loyalty and commitment to the sanctity of marriage Elaine emphasizes the period of time after women leave their abuser and describes in detail what they go on to do with their lives These are stories of twelve women from various walks of life including professionals Each a victim of domestic violence Each escaped from her abuser Each reclaimed her dignity reconstructed her life rediscovered peace Every woman who has left an abuser every woman who has yet to leave will find encouragement and support in the voices of these women who broke free

The Survivor Elle Kennedy, 2019-07-15 In this classic romantic suspense thriller by a New York Times bestselling author an FBI agent looks to a survivor for help catching a serial killer Blake was tracking the Rose Killer in order to forget the woman he couldn't save Now there was a new lead a survivor Convincing Samantha Sam Dawson to help was only half the battle Resisting the allure of the fiery beauty was downright impossible Sam wanted nothing to do with men With the city With the fame of her former life as a model Six months after the heinous attack she still bore the killer's trademark scar But if she was tough as she thought she'd have to face her fears to catch a killer and dare to love again Originally published in 2009 as *Silent Watch*

Sharing Our Stories of Survival Sarah Deer, Bonnie Clairmont, Carrie A. Martell, 2008 A general introduction to the social and legal issues involved in acts of violence against Native women this book's contributors are lawyers social workers social scientists writers poets and victims In the U S Native women are more likely than women from any other group to suffer violence from rape and battery to more subtle forms of abuse and *Sharing Our Stories of Survival* explores the causes and consequences of such behavior The stories and case studies presented here are often painful and raw and the statistics are overwhelmingly grim but a countervailing theme also runs through this extremely informative volume Many of the women who appear in these pages are survivors often strengthened by their travails and the violence examined here is human violence meaning that it can be changed if only with much effort and education The first step is to lay out the truth for all to see and that is the purpose accomplished by this book

Women's Pension Rights and Survivors' Benefits: A Comparative Analysis of EU Member States and Candidate Countries Chiara Monticone, 2008 This report presents and compares old age income provision rules with respect to the issue of equality between women and men in the current and future EU member states The report focuses on 25 member states and to the extent possible on the recently acceded and candidate countries Romania Bulgaria Turkey and Croatia The report considers various aspects of the benefits ranging from entitlement rules to minimum pensions through to childcare credits and assistance for survivors Overall European countries adopt similar measures for ensuring adequate old age income for women The elimination of differentiated entitlement rules for standard and early retirement plays a key role in the reduction of the differences between men and women In particular this process means a faster increase in the minimum retirement age for women and different methods of encompassing childcare periods in the pension benefit formulas In the long run the higher

employment rates of women and reduced wage disparities between men and women should lead to better individual pension rights for women especially in defined contribution schemes which have recently been introduced in some countries

The methods and materials of demography Henry S. Shryock, Jacob S. Siegel, 1980 The Routledge Handbook of Memory Activism Yifat Gutman, Jenny Wüstenberg, 2023-02-15 This Handbook is the first systematic effort to map the fast growing phenomenon of memory activism and to delineate a new field of research that lies at the intersection of memory and social movement studies From Charlottesville to Cape Town from Santiago to Sydney we have recently witnessed protesters demanding that symbols of racist or colonial pasts be dismantled and that we talk about histories that have long been silenced But such events are only the most visible instances of grassroots efforts to influence the meaning of the past in the present Made up of more than 80 chapters that encapsulate the rich diversity of scholarship and practice of memory activism by assembling different disciplinary traditions methodological approaches and empirical evidence from across the globe this Handbook establishes important questions and their theoretical implications arising from the social political and economic reality of memory activism Memory activism is multifaceted takes place in a variety of settings and has diverse outcomes but it is always crucial to understanding the constitution and transformation of our societies past and present This volume will serve as a guide and establish new analytic frameworks for scholars students policymakers journalists and activists alike

Surviving the Bosnian Genocide Selma Leydesdorff, 2011 In July 1995 the Army of the Serbian Republic killed some 8 000 Bosnian men and boys in and around the town of Srebrenica the largest mass murder in Europe since World War II Surviving the Bosnian Genocide is based on the testimonies of 60 female survivors of the massacre who were interviewed by Dutch historian Selma Leydesdorff The women many of whom still live in refugee camps talk about their lives before the Bosnian war the events of the massacre and the ways they have tried to cope with their fate Though fragmented by trauma the women tell of life and survival under extreme conditions while recalling a time before the war when Muslims Croats and Serbs lived together peaceably By giving them a voice this book looks beyond the rapes murders and atrocities of that dark time to show the agency of these women during and after the war and their fight to uncover the truth of what happened at Srebrenica and why

Masculinities Matter! Frances Cleaver, 2002-11 Men appear to be missing from much gender and development policy but many emerging critiques suggest the need to pay more attention to understanding men and masculinities and to analyzing the social relationships between men and women This book considers the case for a focus on men in gender and development which requires us to reconsider some of the theories and concepts which underlie policies It includes arguments based on equality and social justice the specific gendered vulnerabilities of men the emergence of a crisis of masculinity and the need to include men in development as partners for strategic change

The Pimping of Prostitution Julie Bindel, 2019-06-15 This book examines one of the most contested issues facing feminists human rights activists and governments around the globe the international sex trade For decades the liberal left has been conflicted as to

whether pro prostitution activists or abolitionists hold the correct view and debates are ongoing as to who holds the key to the solutions facing the women and girls involved Over the course of two years Bindel conducted 250 interviews in almost 40 countries cities and states traveling around Europe Asia North America Australia New Zealand and East and South Africa Visiting legal brothels all around the world Bindel got to know pimps pornographers survivors of the sex trade and the women being sold by men classed as business entrepreneurs Whilst meeting feminist abolitionists pro prostitution campaigners police and government officials and the men who drive the demand Bindel uncovered the lies mythology and criminalactivity that shroud this global trade and suggests here a way forward for the women seeking to abolish the oldest oppression Informed by the lived human experience of those interviewed this book will be of great interest to feminists students criminal justice advocates criminologists and human rights activists [Encyclopedia of Gender and Society](#) Jodi O'Brien,2009 Provides timely comparative analysis from internationally known contributors **Geography in the 21st Century** Jayson J. Funke, Waqar Ahmed, Ipsita Chatterjee, Stephen M. McCauley, 2025 These 40 chronologically arranged entries examine the key events that have most profoundly shaped global society in the opening decades of the 21st Century

Mapping the Women's Movement Monica Threlfall, 1996 Second wave feminism is now in its third decade The movement that began in the 1960s in the United States has gone through many permutations continuously emerging in new forms in different parts of the world Awareness of gender has entered popular culture redrawn political divisions and impinged on national economies and international institutions [Systemic Silencing](#) Katharine E. McGregor, 2023-08-29 The system of prostitution imposed and enforced by the Japanese military during its wartime occupation of several countries in East and Southeast Asia is today well known and uniformly condemned Transnational activist movements have sought to recognize and redress survivors of this World War II era system euphemistically known as comfort women for decades with a major wave beginning in the 1990s However Indonesian survivors and even the system's history in Indonesia to begin with have largely been sidelined even within the country itself Here Katharine E McGregor not only untangles the history of the system during the war but also unpacks the context surrounding the slow and faltering efforts to address it With careful attention to the historical social and political conditions surrounding sexual violence in Indonesia supported by exhaustive research and archival diligence she uncovers a critical piece of Indonesian history and the ongoing efforts to bring it to the public eye Critically she establishes that the transnational part of activism surrounding victims of the system is both necessary and fraught a complexity of geopolitics and international relationships on one hand and a question of personal networks linguistic differences and cultural challenges on the other **Women's Movements in Twentieth-Century Taiwan** Doris Chang, 2010-10-01 This book is the first in English to consider women's movements and feminist discourses in twentieth century Taiwan Doris T Chang examines the way in which Taiwanese women in the twentieth century selectively appropriated Western feminist theories to meet their needs in a modernizing Confucian culture She illustrates the rise and

fall of women's movements against the historical backdrop of the island's contested national identities first vis vis imperial Japan 1895 1945 and later with postwar China 1945 2000 In particular during periods of soft authoritarianism in the Japanese colonial era and late twentieth century autonomous women's movements emerged and operated within the political perimeters set by the authoritarian regimes Women strove to replace the Good Wife Wise Mother ideal with an individualist feminism that meshed social political and economic gender equity with the prevailing Confucian family ideology However during periods of hard authoritarianism from the 1930s to the 1960s the autonomous movements collapsed The particular brand of Taiwanese feminism developed from numerous outside influences including interactions among an East Asian sociopolitical milieu various strands of Western feminism and even Marxist Leninist women's liberation programs in Soviet Russia Chinese communism appears not to have played a significant role due to the Chinese Nationalists restriction of communication with the mainland during their rule on post World War II Taiwan Notably this study compares the perspectives of Madame Chiang Kai shek whose husband led as the president of the Republic of China on Taiwan from 1949 to 1975 and Hsiu lien Annette Lu Taiwan's vice president from 2000 to 2008 Delving into period sources such as the highly influential feminist monthly magazine *Awakening* as well as interviews with feminist leaders Chang provides a comprehensive historical and cross cultural analysis of the struggle for gender equality in Taiwan

Trajectories of Memory Melani Budianta, Sylvia Tiwon, 2023-08-28 This book is a collection of essays in Indonesian history and archaeology dealing with different and multiple trajectories along four broad themes The first part of the book covers competing or evolving representations of events customs or traditions and historical personae in Indonesian official and popular expression as they are shaped by economic political and cultural forces The second part deals with memories of war and peace examining transnational conflict and collaboration the role of political elites and state projects dealing with the aftermath of military aggression while also focusing on the impact and responses of civilians The third part focuses on how state and civil societies frame historical figures in ways that transcend the dichotomy of heroes and victims The fourth part of the book looks at the way Indonesian museums and museology serve as sites where new kinds of memory work occur in a post 1998 era The book is designed with the aim of clearing a space for a plurality of memory works Discussions in this volume extend from Loloda island in Eastern Indonesia to Sabang island at the north westernmost end of the archipelago and to the cosmopolitan centers Temporally it covers the colonial the post independence and contemporary eras By juxtaposing diverse works the book offers a new vista of multiple trajectories of memory being traced out in and about Indonesia This is an open access book

Fatal Years Samuel H. Preston, Michael R. Haines, 2014-07-14 *Fatal Years* is the first systematic study of child mortality in the United States in the late nineteenth century Exploiting newly discovered data from the 1900 Census of Population Samuel Preston and Michael Haines present their findings in a volume that is not only a pioneering work of demography but also an accessible and moving historical narrative Despite having a rich well fed and highly literate

population the United States had exceptionally high child mortality levels during this period nearly one out of every five children died before the age of five Preston and Haines challenge accepted opinion to show that losses in privileged social groups were as appalling as those among lower classes Improvements came only with better knowledge about infectious diseases and greater public efforts to limit their spread The authors look at a wide range of topics including differences in mortality in urban versus rural areas and the differences in child mortality among various immigration groups Fatal Years is an extremely important contribution to our understanding of child mortality in the United States at the turn of the century The new data and its analysis force everyone to reconsider previous work and statements about U S mortality in that period The book will quickly become a standard in the field Maris A Vinovskis University of Michigan Originally published in 1991 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The Indian Ocean Tsunami Pradyumna Karan, 2010-12-01 On December 26 2004 a massive tsunami triggered by an underwater earthquake pummeled the coasts of Thailand Indonesia Sri Lanka and other countries along the Indian Ocean With casualties as far away as Africa the aftermath was overwhelming ships could be spotted miles inland cars floated in the ocean legions of the unidentified dead an estimated 225 000 were buried in mass graves relief organizations struggled to reach rural areas and provide adequate aid for survivors Shortly after this disaster researchers from around the world traveled to the region's most devastated areas observing and documenting the tsunami's impact *The Indian Ocean Tsunami The Global Response to a Natural Disaster* offers the first analysis of the response and recovery effort Editors Pradyumna P Karan and S Subbiah employing an interdisciplinary approach have assembled an international team of top geographers geologists anthropologists and political scientists to study the environmental economic and political effects of the 2004 Indian Ocean tsunami The volume includes chapters that address the tsunami's geo environmental impact on coastal ecosystems and groundwater systems Other chapters offer sociocultural perspectives on religious power relations in South India and suggest ways to improve government agencies response systems for natural disasters A clear and definitive analysis of the second deadliest natural disaster on record *The Indian Ocean Tsunami* will be of interest to environmentalists and political scientists alike as well as to planners and administrators of disaster preparedness programs

Demographic Analysis Roland Pressat, 2020-10-11 Population control requires that the birth rate equal to the death rate If it is too low population will decline if it is too high population will increase If either condition persists long enough the population will diminish towards zero or increase towards infinity Fortunately the birth trajectory does not have to be set once and for all but can be adjusted within limits Since birth and death rates determine whether we

are heading for population extinction or explosion they are well designated vital statistics Their understanding and use are a central theme of demographic analysis Demographic Analysis presents those techniques that are often called for in the study of demographic problems Such techniques permit researchers to fill the gap between the large amounts of data made available by censuses and the theoretical and practical questions that need to be answered the techniques of this book effectively bring the data into confrontation with the problems In his treatment of population projection Pressat applies methods developed in earlier sections for mortality and fertility The emphasis is on population projection and accords with its usefulness in demographic analysis The meaning of a demographic rate or trend is brought out by seeing to what condition it would lead if continued No assumption is made that the concrete future will follow either path The substance of the book is devoted to the main themes of mortality and fertility Underlying these as well as nearly every other kind of data with which the demographer deals is the problem of location in time the relation of vital events to the calendar and also to the age of the persons undergoing them Pressat's detailed attention to this problem forms a solid basis for how current methodology accounts of demographic changes
