Susan Irvines Rose Gardens:

Susan Irvine's Rose Gardens Susan Irvine,1997 Written like a delightful novel by well known rose expert here is the story of the making of a garden **Garden of a Thousand Roses** Susan Irvine,2003-01-01 Following the success of Susan Irvine s books *Rose Gardens of Australia* and *The Garden at Forest Hall* her readers will be happy to know that *Garden of a Thousand Roses* was the book that started it all and it is now back in print in a new improved edition **Rose Gardens of Australia** Susan Irvine,1997 In *Rose Gardens of Australia* Susan Irvine explores over 30 of the country s finest gardens to discover which roses thrive in Australia and how rose lovers are growing them Everywhere she goes rose growers tell her how they planned and planted how they feed and prune their roses and which ones they love best As Susan Irvine encounters the roses growing in the gardens of Australia she discusses their history breeding and uses and suggests other roses that would suit similar gardens and climates She provides information on over 400 roses many of which are captured in 220 superb photographs and included in her comprehensive lists of roses to grow *Rose Gardens of Australia* is a distillation of everything Susan Irvine one of Australia s foremost rose experts and gardener writers has learnt from a lifelong passion for roses **Rose Gardens of Australia** Susan Irvine,2005 In *Rose Gardens of Australia* Susan Irvine explores over 30 of the country s finest gardens to discover which roses thrive in Australia and how rose lovers are growing them Everywhere she goes rose growers tell her how they planned and planted what allowances they made for the conditions of their region how they feed and prune their roses which roses they find most successful and which ones they love best Here are Rugosas and Banksia roses flourishing on the dry inland plains Minnie Watson blooming in the shade of an old colonial garden David Austin s Leander happily existing near the sea and Moonlight framing an urn in a formal city courtyard As Susan Irvine encounters the roses growing in the gardens of Australia she discusses their history breeding and uses and suggests other roses that would suit similar gardens and climates She provides information on over 400 roses many of which are captured in the 220 superb photographs by Simon Griffiths and included in her comprehensive lists of roses to grow **Rosehips and Crabapples** Susan Irvine,2007 Gardens are full of memories of places of plants of people of beauty created and shared beauty which can be relived and enjoyed again years later In a mostly incomprehensible world a world increasingly dominated by cruelty and fear it is in gardens that many people seek and find even if temporarily peace and tranquillity In 1996 Susan Irvine and her husband bought Forest Hall a derelict property in the Tasmanian countryside and began the enormous task of restoring the house to its former grandeur For three years Susan kept a diary in which she recorded the challenges involved in trying to uncover the shape and beauty of the once extraordinary garden from beneath a confusion of weeds and rubble Magnificently illustrated with the photography of Simon Griffiths *Rosehips and Crabapples* will restore your faith in the power of gardening to draw people and communities together and will inspire you to pull on the gloves and get to work on your own garden creation The Garden at Forest Hall Susan Irvine,2003 The Old House at Forest Hall was

almost derelict the garden beneath the blackberry could only be guessed at Besides Susan Irvine already had a renowned garden and she and Bill had no intention of shifting to Tasmania So of course they bought it The Garden at Forest Hall is the story of a special place and special island Susan Irvine s memoir is as personal and engrossing as the garden she builds Behind the pages can be glimpsed a master gardener who works intuitively letting the garden suggest itself over time rather than on the drawing board someone alive to the surprises and secrets an old garden only gradually reveals someone sensitive to the intentions and history of its first builders and sanguine about the depredations of wildlife and weather Rose lovers will appreciate the depth of knowledge Susan Irvine imparts with such casual grace and garden lovers will be inspired by the grand garden design captured in the atmospheric photography of Simon Griffiths *Year in My Garden*, A Jenny Ferguson, 2011-08-01 Nestled in the green and rolling hills of the Southern Highlands of New South Wales is Whitley a gardeners paradise Surrounded by beautifully manicured hedges this property boasts majestic oak trees roses and maples pretty cottage flower beds romantic Italian hillside plantings Australian native bush and secret vegetable patches The beautifully laid out gardens are refuge to peacocks parrots and possums while picturesque statues and fountains provide glimpses of gothic past Yet Whitley is also home as well as sanctuary and inspiration for gardener Jenny Ferguson In *A Year in My Garden* Jenny welcomes us into her private world and shares the glory of the passing seasons at Whitley Through peaceful times of everyday pleasures and life s little ups and downs Jenny s garden is a constant and uplifting backdrop Lavishly illustrated and featuring seasonal recipes *A Year in My Garden* is the perfect escape for busy lives sit back and enjoy a quiet moment in this delightful garden **The Little Black Book** Jessica Dames, 1999 **Australian National Bibliography**, 1996-12 Hillside of Roses Susan Irvine, 2008-05 Once again Susan Irvine s delight in her garden and her plants transports the reader to her garden Her fans will not be disappointed and she will gain many new friends through this book This revised edition of the original 1994 publication features integrated colour throughout and includes an expanded section on the Australian roses of Alister Clark *The Bulletin*, 2002 **Garden of a Thousand Roses** Susan Irvine, 1992-01-01 *A Heritage of Roses* Hazel Le Rougetel, 1988 The author spent 15 years visiting the USA Australia New Zealand China India and Europe gathering information on the movement of roses over the past three centuries This book tells of their history and includes ideas on planting roses in the garden **The Evolution of a Gardener** Thomas Ronald Garnett, Tom Garnett, 1993 This book of personal anecdotes practical gardening wisdom and constant evolution of ideas will show experienced and inexperienced gardeners alike that a garden can never be static As well as encouraging people to be more adventurous the Garnetts reveal that gardening is one of the most rewarding activities for body and soul International Books in Print, 1990 *Forthcoming Books* Rose Army, 1997 **Australian Books in Print 1998** Bowker, 1998-04 excellent coverage essential to worldwide bibliographic coverage AMERICAN REFERENCE BOOKS ANNUAL This comprehensive reference provides current finding ordering information on more than 75 000 in print books
