*The Promise and Peril of Things* Wai-yee Li,2022-05-17 Winner 2023 Choice Outstanding Academic Title Our relationship with things abounds with paradoxes People assign value to objects in ways that are often deeply personal or idiosyncratic yet at the same time rooted in specific cultural and historical contexts How do things become meaningful How do our connections with the world of things define us In Ming and Qing China inquiry into things and their contradictions flourished and its depth and complexity belie the notion that material culture simply reflects status anxiety or class conflict Wai yee Li traces notions of the pleasures and dangers of things in the literature and thought of late

imperial China She explores how aesthetic claims and political power intersect probes the objective and subjective dimensions of value and questions what determines authenticity and aesthetic appeal Li considers core oppositions people and things elegance and vulgarity real and fake lost and found to tease out the ambiguities of material culture With examples spanning the late sixteenth to the mid eighteenth centuries she shows how relations with things can both encode and resist social change political crisis and personal loss The Promise and Peril of Things reconsiders major works such as The Plum in the Golden Vase The Story of the Stone Li Yu s writings and Wu Weiye s poetry and drama as well as a host of less familiar texts It offers new insights into Ming and Qing literary and aesthetic sensibilities as well as the intersections of material culture with literature intellectual history and art history
