Poem on the Lisbon Disaster¹ Or an Inquiry into the Axiom, "All is Well"

Unlucky mortals! O deplorable earth!
All humanity huddled in fear!
The endless subject of useless pain!
Come philosophers who cry, "All is well,"
And contemplate the ruins of this world.
Behold the debris and ashes of the unfortunate—
These women and children heaped in common ruin,
These scattered limbs under the broken marble.
See the hundred thousand whom the earth devours!
Torn, bloody, and still breathing, they are
Entombed beneath roofs, and die without relief
From the horror of their suffering lives.

As the dying voices call out, will you dare respond
To this appalling spectacle of smoking ashes with,
"This is the necessary effect of the eternal laws
Freely chosen by God"?
Seeing this mass of victims, will you say,
"God is avenged. Their death is the price of their crimes"?
What crime, what fault had the young committed,
Who lie bleeding at their mother's breast?
Did fallen Lisbon indulge in more vices
Than London or Paris, which live in pleasure?
Lisbon is no more, but they dance in Paris.

Tranquil spectators—you brave souls
Who contemplate your brothers' wreck—
You research in peace the cause of thunderstorms,
But your calmness will vanish when you feel its fury.
Your humanity returning, you'll cry as we do.
When hell opens in the earth, believe me, you'll know
My pleas are innocent and my cries justified.

Mock-Epic Poetry from Pope to Heine Ritchie Robertson, 2009-11-12 This is a study of mock epic poetry in English French and German from the 1720s to the 1840s While mock heroic poetry is a parodistic counterpart to serious epic mock epic poetry starts by parodying epic but moves on to much wider and richer literary explorations it relies heavily on intertextual allusion to other works on narratorial irony on the sympathetic and sometimes libertine presentation of sexual relations and on a range of satirical devices It includes well known texts Pope s Dunciad Byron s Don Juan Heine s Atta Troll and others which are little known Ratschky s Melchior Striregel Parny s La Guerre des Dieux It owes a marked debt to Italian romance epic especially Ariosto The study places these texts in the literary context of the decline of serious epic which helped mock epic to flourish and of the Querelle des Anciens et des Modernes which questioned the authority of Homer s and Virgil s epics and it relates their substance to contemporary debates about questions of religion and gender

[Voltaire's Jews and Modern Jewish Identity](#) Harvey Mitchell, 2012-08-21. Harvey Mitchell's book argues that a reassessment of Voltaire's treatment of traditional Judaism will sharpen discussion of the origins of and responses to the Enlightenment. His study shows how Voltaire's nearly total antipathy to Judaism is best understood by stressing his self-regard as the author of an enlightened and rational universal history which found Judaism's memory of its past incoherent and in addition failed to meet the criteria of objective history, a project in which he failed. Calling on an array of Jewish and non-Jewish figures to reveal how modern interpretations of Judaism may be traced to the core ideas of the Enlightenment, this book concludes that Voltaire paradoxically helped to foster the ambiguities and uncertainties of Judaism's future.

Prose Poems of the French Enlightenment Fabienne Moore, 2017-11-30. By examining nearly sixty works, the author traces the prehistory of the French prose poem, demonstrating that the disquiet of some eighteenth-century writers with the Enlightenment gave rise to the genre nearly a century before it is habitually supposed to have existed. In the throes of momentous scientific, philosophical, and socioeconomic changes, Enlightenment authors turned to the past to revive sources such as Homer, the pastoral Ossian, the Bible, and primitive eloquence, favoring music to construct alternatives to the world of reason. The result, the author argues, were prose poems including F. L. J. de T. maque, Montesquieu's *Le Temple de Gnide*, Rousseau's *Le L. te d Ephra m*, Chateaubriand's *Atala*, as well as many lesser-known texts, most of which remain out of print. The author's treatment of Bible criticism and eighteenth-century religious reform movements reveals the often neglected spiritual side of Enlightenment culture and tracks its contribution to the period's reflection about language and poetic invention. The author includes in appendices four unusual texts adjudicating the merits of prose poems, making evidence of their controversial nature now accessible to readers.

The complete works of Voltaire Voltaire, 1968. *Peripheries of the Enlightenment* Richard Butterwick, Simon Davies, Gabriel Sánchez Espinosa, 2008. Enlightenment is a universal concept, but its meaning is most clearly revealed by seeing how it was engaged with, reconfigured, or rejected on a local level. *Peripheries of the*

Enlightenment seeks to rethink the centre periphery model and to consider the Enlightenment as a more widely spread movement with national regional and local varieties focusing on activity as much as ideas The debate is introduced by two chapters which explore the notion of periphery from vantage points at the very heart of enlightened Europe Ferney and Geneva Through thirteen ensuing chapters the interaction between Enlightenment and periphery is explored in a variety of spatial and temporal contexts ranging from Mexico to Russia Drawing on urban and provincial as well as national case studies contributors argue that we can learn at least as much about the Enlightenment from commentators at the geographical and cultural borders of the enlightened world as from its most radical theorists in its early epicentres Crossing the boundaries between histories of literature religion science and political and economic thought Peripheries of the Enlightenment is not only international in its outlook but also interdisciplinary in its scope and offers readers a new and more global vision of the Enlightenment
