MLA International Bibliography of Books and Articles on the Modern Languages and Literatures ,2007 **Soft Despotism, Democracy's Drift** Paul Anthony Rahe,2009-01-01 In 1989 the Cold War abruptly ended and it seemed as if the world was at last safe for democracy But a spirit of uneasiness discontent and world weariness soon arose and has persisted in Europe in America and elsewhere for two decades To discern the meaning of this malaise we must investigate the nature of liberal democracy says the author of this provocative book and he undertakes to do so through a detailed investigation of the thinking of Montesquieu Rousseau and Tocqueville Paul A Rahe argues that these political thinkers anticipated the modern liberal republic's propensity to drift in the direction of soft despotism a condition that arises within a democracy when paternalistic state power expands and gradually undermines the spirit of self government Such an eventuality feared by Tocqueville in the nineteenth century has now become a reality throughout the European Union Canada Australia New Zealand and the United States So Rahe asserts and he explains what must be done to reverse this unfortunate trend

Revue d'histoire littéraire de la France Bibliothèque nationale de France,Collectif,Éric Férey,2007 Revue d'histoire littéraire de la France ,2005 Musique et langage chez Rousseau Claude Dauphin,2004 L'anneau magique qui relie musique et langage délimite un univers insondable dans lequel causes et effets s'enlacent indistinctement Dans ce nœud vertigineux la galaxie rousseauienne exerce une attirance irrésistible et promet l'esprit critique qui ose l'aborder des aventures intellectuelles passionnantes L'irréductible auteur des Confessions a justement placé le fil au cœur de sa pensée au point d'équilibre de ces deux pôles entre musique et langage une zone délimitée par le concept de société car proclame-t-il dans l'Essai sur l'origine des langues les oiseaux sifflent l'homme seul chante et l'on ne peut entendre ni chant ni symphonie sans se dire l'instant Un autre trait sensible est ici Rousseau réitéré dans son Dictionnaire de musique sa théorie de l'exclusivité humaine de la

O'Neal, 2008 Research on Rousseau's innovative last work is changing direction Long situated in a context of autobiographical writing its moral and philosophical content is now a major critical preoccupation The Nature of Rousseau's *R* varies physical human aesthetic brings together the work of international specialists to explore new approaches to the defining feature the nature of the *R* varies In essays which range from studies of botany or landscape painting to thematic or stylistic readings authors re-examine Rousseau's intellectual understanding of and personal relationship with different conceptions of nature Drawing connections between this text and earlier theoretical writings authors analyse not only the philosophical and personal implications of Rousseau's reflections on the outer world but also

and his attempts to examine and validate both his own nature and that of l homme naturel In The Nature of Rousseau s R varies physical human aesthetic the contributors offer new insights into the character of Rousseau s last major work and suggest above all its experimental elusive quality hovering between inner and outer worlds escape and fulfilment experience and writing They underline the unique richness of the R varies a work to be situated not simply at the end of Rousseau s life but at the very centre of his thought **Livres hebdo** ,2007 **Livres de France** ,2007 Includes 1982 1995 Les Livres du mois also published separately *Studi francesi* ,2005 **The British National Bibliography** Arthur James Wells,2006 *L'analyse mélodique* Observatoire musical français,2007 *Bibliographie der französischen Literaturwissenschaft* Otto Klapp,2007 *Repère* ,2005 **Das Schweizer Buch** ,2004 *Métissages littéraires* Société française de littérature générale et comparée.
