*Svenska folksägner* Herman Hofberg, 1882      **Svenska folksägner** Bengt af Klintberg, 2014-10-06 I bondesamhällets muntliga diktning är det folksägner som står i centrum. De handlar ofta om tillvarons vandringsfärd, fantastiska sidor om människors möten med naturens skogar, vittor och troll. Bengt af Klintberg har gjort ett urval av typiska sägner från alla de svenska landskapen och han presenterar dem närmare i en sakkunnig inledning      **Scandinavian Folk Belief and Legend** Reimund Kvideland, Henning K. Sehmsdorf, 1988      **Swedish Legends and Folktales** John Lindow, 2023-04-28 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact. Drawing on a backlist dating to 1893, Voices Revived makes high quality peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1978      Year-book of the Swedish Historical Society of America ... Årsbok Utgifven Af Svenska Historiska Sällskapet i Amerika Swedish Historical Society of America, 1907      **Northern Atlantic Islands and the Sea** Andrew Jennings, Silke Reeploeg, Angela Watt, 2017-05-11 Iceland, the Faroe Islands, Orkney, Shetland and to some extent the Hebrides share both a Nordic cultural and linguistic heritage and the experience of being surrounded by the ever-present North Atlantic Ocean. This has been a constant in the islanders' history, forging their unique way of life, influencing their customs and traditions and has been instrumental in moulding their identities. This volume is an exploration of a rich, intimate and at times terrifying relationship. It is the result of an international conference held in April 2014 when scholars from across the North Atlantic rim congregated in Lerwick, Shetland, to discuss maritime traditions, islands in Old Norse literature, insular archaeology, folklore and traditional belief. The chapters reflect the varied origins of the contributors. Icelanders are well represented as are scholars based in Orkney and Shetland, indicating the strength of scholarship in these seemingly isolated archipelagos. Peripheral they may be to the UK but they lie at the heart of the North Atlantic at the intersection of British and Nordic cultures. This book will be of interest to scholars of a wide range of disciplines such as those involved in island studies, cultural studies, Old Norse literature, Icelandic studies, maritime heritage, oceanography, linguistics, folklore, British studies, ethnology and archaeology. Similarly, it will also appeal to researchers from a wide geographical area, particularly the UK and Scandinavia and indeed anywhere where there is an interest in the study of islands or the North Atlantic      **Yearbook**, 1907      **Folktales and Fairy Tales** Anne E. Duggan Ph.D., Donald Haase Ph.D., Helen J. Callow, 2016-02-12 Encyclopedic in its coverage, this one-of-a-kind reference is ideal for students, scholars and others who need reliable up-to-date information on folk and fairy tales past and present. Folktales and fairy tales have long played an important role in cultures around the world. They pass customs and lore from generation to generation, provide insights into the peoples who created them and offer inspiration to creative artists working in media that now include television, film, manga, photography and computer games. This second expanded edition of an award-winning reference will

help students and teachers as well as storytellers writers and creative artists delve into this enchanting world and keep pace with its past and its many new facets Alphabetically organized and global in scope the work is the only multivolume reference in English to offer encyclopedic coverage of this subject matter The four volume collection covers national cultural regional and linguistic traditions from around the world as well as motifs themes characters and tale types Writers and illustrators are included as are filmmakers and composers and of course the tales themselves The expert entries within volumes 1 through 3 are based on the latest research and developments while the contents of volume 4 comprises tales and texts While most books either present readers with tales from certain countries or cultures or with thematic entries this encyclopedia stands alone in that it does both making it a truly unique one stop resource
