*The Economics of Emergency Food Aid Provision* Martin Caraher, Sinéad Furey, 2018-05-26 This short book reviews the provision of food bank and other emergency food aid provision with a specific focus on the UK whilst drawing lessons from North America Brazil and Europe The authors look at the historical positioning of food aid and the growth of the food aid sector in the UK following the period of austerity 2007-2012 before addressing the causes of food insecurity and concluding that food banks are a symptom of austerity and government inaction which fail to tackle the underlying causes of food poverty The research is timely and considers a range of disciplines and practices This book will appeal to researchers policy makers and practitioners food economics welfare economics public policy public health food studies nutrition and the wider social sciences

**Ethics of Charitable Food** Leire Escajedo San-Epifanio, Esther M. Rebato Ochoa, 2022-05-10 This book provides an in depth analysis of different dimensions of contemporary food charity It does so against the background of an increasing number of food banks and other forms of food philanthropy The book examines the incongruity of considering food donation as an expression of pure altruism Taking into account the dignity and rights of people it addresses how hunger is seen and

explained in rich countries and how philanthropy and democracy coexist It looks at the relationship that exists between religious traditions and the current food donation narrative It discusses the risks of stigmatizing food recipients and clarifies ways to better deal with food poverty and food waste Paradoxically food insecurity and food waste have grown exponentially in the last decade More and more people are not able to access food properly The amount of perfectly edible food that is discarded also grows The consolidation of democracies welfare policies and economic growth do not guarantee that all citizens can meet their basic needs in the so called rich countries This book analyses the current state of affairs and presents facts and reflections from diverse sources and from a cross disciplinary perspective **Women Redefining the**

**Experience of Food Insecurity** Janet Page-Reeves, 2014-07-03 *Women Redefining the Experience of Food Insecurity* Life Off the Edge of the Table is about understanding the relationship between food insecurity and women's agency The contributors explore both the structural constraints that limit what and how much people eat and the myriad ways that women creatively and strategically re structure their own fields of action in relation to food demonstrating that the nature of food insecurity is multi dimensional The chapters portray how women develop strategies to make it possible to have food in the cupboard and on the table to be able to feed their families Exploring these themes this book offers a lens for thinking about the food system that incorporates women as agentive actors and links women's everyday food related activities with ideas about food justice food sovereignty and food citizenship Taken together the chapters provide a unique perspective on how we can think broadly about the issue of food insecurity in relation to gender culture inequality poverty and health disparity By problematizing the mundane world of how women procure and prepare food in a context of scarcity this book reveals dynamics relationships and experiences that would otherwise go unremarked Normally under the radar these processes are embedded in power relations that demand analysis and demonstrate strategic individual action that requires recognition All of the chapters provide a counter to caricatured notions that the choices women make are irresponsible or ignorant or that the lives of women from low income low wealth communities are predicated on impotence and weakness Yet the authors do not romanticize women as uniformly resilient or consistently heroic Instead they explore the contradictions inherent in the ways that marginalized seemingly powerless women ignore resist embrace and challenge hegemonic patriarchal systems through their relationship with food **The Rise of Food Charity in Europe** Lambie-Mumford,

Hannah, Silvasti, Tiina, 2021-09-22 As the demand for food banks and other emergency food charities continues to rise across the continent this is the first systematic Europe wide study of the roots and consequences of this urgent phenomenon Leading researchers provide case studies from the UK Finland Germany Italy the Netherlands Slovenia and Spain each considering the history and driving political and social forces behind the rise of food charity and the influence of changing welfare states They build into a rich comparative study that delivers valuable evidence for anyone with an academic or professional interest in related issues including social policy exclusion poverty and justice *Between State and Market*

Kahanoff Foundation. Non-Profit Sector Research Initiative, 2001 Papers originally presented at a conference held in Toronto Ont 1999

*Why SNAP Works* Christopher John Bosso, 2025-08-05 The first book to tell the whole story of SNAP and to explain why all Americans should support it The Supplemental Nutrition Assistance Program is the nation's largest government effort for helping low income Americans obtain an adequate diet How did SNAP formerly the food stamp program evolve from a Depression era project to use up surplus goods into America's foundational food assistance program And how does SNAP survive Incisive and original *Why SNAP Works* is the first book to provide a comprehensive history and evaluation of the nation's most important food insecurity and poverty alleviation effort Everyone has an opinion about SNAP not all of them positive but its benefits are felt broadly and across party lines Christopher Bosso makes a clear nuanced and impassioned case for protecting this unique food program exploring its history and breaking down the facts for readers across the political spectrum *Why SNAP Works* is an essential book for anyone concerned about food access poverty and social welfare in the United States

International Journal of Finance and Policy Analysis Siddhartha Sarkar, *Governing Bodies* Rachel Louise Moran, 2018-05-30 Weaving together histories of the body public policy and social welfare Rachel Louise Moran analyzes a series of discrete episodes over the course of the twentieth century to chronicle the federal government's efforts to shape the physique of its citizenry

*Holiday Hunger in the UK* Michael A. Long, Margaret Anne Defeyter, Paul B. Stretesky, 2021-08-03 This timely and much needed book focuses on the phenomenon often referred to as holiday hunger in the United Kingdom The book begins by outlining the history and scope of holiday hunger the condition that occurs when a child's household is or will become food insecure during the summer holidays The decline of the UK welfare state and the rise of neoliberalism have created a situation where up to three million children in the UK face food insecurity during the summer months when there are extra financial pressures on the working poor and when free school meals are not available This book details the level of childhood and household food insecurity in the UK and describes one of the main responses to holiday hunger holiday clubs These clubs are locally organised and funded and provide a place for children to go to eat nutritious meals for free during the school holidays Highlighting the benefits of holiday clubs that often extend beyond food provision this book also discusses the challenges that they face now and in the future The book concludes with recommendations for food insecurity policy and the role of government in fighting holiday hunger This book will be of great interest to students and scholars of food and nutrition security social policy and public health

*Food Activism Today* Donald M. Nonini, Dorothy C. Holland, 2024-05-21 Illuminates how food activism has been taking shape and where it is headed As climate change childhood obesity and food insecurity accelerate at an alarming pace activists around the country are working to address the pressing need for healthy and sustainable solutions to feed the population *Food Activism Today* investigates the new approaches food activists are taking as they formulate alternatives to the current unsustainable agro industrial food system Drawing on ethnographic research conducted over an eleven month period in both urban and rural

North Carolina the volume addresses questions about the moral visions of food activists how class and racial hierarchies infuse some food activism movements and how food activism relates to climate change and imminent ecological collapse Exploring food activism around both local and sustainable food production and food security for lower income people the volume finds surprisingly little overlap with the two movements seemingly remaining distinct approaches at least for now to issues around the food system climate change and access to healthy food choices As the US moves into an era in which climate change and neoliberal tensions are conjoined in a looming political crisis Food Activism Today looks at where food activism is headed the ethics and issues surrounding alternative approaches to food production and how food production is related to broader issues of climate change

The Routledge Handbook of Poverty in the United States Stephen Haymes, Maria Vidal de Haymes, Reuben Miller, 2014-12-17 In the United States the causes and even the meanings of poverty are disconnected from the causes and meanings of global poverty The Routledge Handbook of Poverty in the United States provides an authoritative overview of the relationship of poverty with the rise of neoliberal capitalism in the context of globalization Reorienting its national economy towards a global logic US domestic policies have promoted a market based strategy of economic development and growth as the obvious solution to alleviating poverty affecting approaches to the problem discursively politically economically culturally and experientially However the handbook explores how rather than alleviating poverty it has instead exacerbated poverty and pre existing inequalities privatizing the services of social welfare and educational institutions transforming the state from a benevolent to a punitive state and criminalizing poor women racial and ethnic minorities and immigrants Key issues examined by the international selection of leading scholars in this volume include income distribution employment health hunger housing and urbanization With parts focusing on the lived experience of the poor social justice and human rights frameworks as opposed to welfare rights models and the role of helping professions such as social work health and education this comprehensive handbook is a vital reference for anyone working with those in poverty whether directly or at a macro level

**Uncovering Food Poverty in Ireland** Michael Drew, 2022-05-26 Michael Drew's review of the causes and effects of food poverty in Ireland offers the first full length study of this significant and protracted issue that has been exacerbated by COVID 19 The book brings together the complex picture emerging from interviews with users of food aid Their pathways into and through food poverty are impacted by the policies and practices of government and employers with wide ranging implications The work explores the international landscape of food poverty and situates both experiences and responses in a comparative context It considers how these results contribute to an understanding of the problem and what action should be taken

**Hunger Pains** Garthwaite, Kayleigh, 2016-06-14 WINNER OF THE BRITISH ACADEMY PETER TOWNSEND PRIZE 2017 Welcome to Foodbank Britain where emergency food provision is an increasingly visible and controversial feature of ongoing austerity We know the statistics but what does it feel like to be forced to turn to foodbanks for help What does it take to get emergency food and what's in the food parcel Kayleigh

Garthwaite conducted hundreds of hours of interviews while working in a Trussell Trust foodbank. She spoke to people like Anna and her 11 year old daughter Daisy who were eating out of date food since Anna left her job due to mental health problems. Glen explained the shame he felt using the foodbank having taken on a zero hours contract. Pregnant Jessica walked two miles to the foodbank because she couldn't afford public transport. This provocative book provides a much needed voice for foodbank users and volunteers in the UK and a powerful insight into the realities of foodbank use from the inside.

*The Routledge Handbook of Food Ethics* Mary Rawlinson, Caleb Ward, 2016-07-01. While the history of philosophy has traditionally given scant attention to food and the ethics of eating in the last few decades the subject of food ethics has emerged as a major topic encompassing a wide array of issues including labor justice, public health, social inequity, animal rights and environmental ethics. This handbook provides a much needed philosophical analysis of the ethical implications of the need to eat and the role that food plays in social, cultural and political life. Unlike other books on the topic this text integrates traditional approaches to the subject with cutting edge research in order to set a new agenda for philosophical discussions of food ethics. The Routledge Handbook of Food Ethics is an outstanding reference source to the key topics, problems and debates in this exciting subject and is the first collection of its kind. Comprising over 35 chapters by a team of international contributors the Handbook is divided into 7 parts: the phenomenology of food, gender and food, food and cultural diversity, liberty, choice and food policy, food and the environment, farming and eating other animals, food justice. Essential reading for students and researchers in food ethics it is also an invaluable resource for those in related disciplines such as environmental ethics and bioethics.

Food Deserts and Food Insecurity in the UK Dianna Smith, Claire Thompson, 2022-08-09. This book examines the social inequalities relating to food insecurity in the UK as well as drawing parallels with the US. Access to food in the UK and especially access to healthy food is a constant source of worry for many in this wealthy country. Crises such as the COVID 19 pandemic have coincided with a steep rise in the cost of living meaning household food insecurity has become a reality for many more households. This book introduces a new framework to examine the many influences on local level food inequalities whether they result from individual circumstances or where a person lives. The framework will allow researchers new to the field to consider the many influences on food security and to support emerging research around different sub topics of food access and food security. Providing a thorough background to two key concepts food deserts and food insecurity the book documents the transition from area based framing of food resources to approaches which focus on household food poverty and the rise of food banks. The book invites researchers to acknowledge and explore the ever changing range of place based factors that shape experiences of food insecurity from transport and employment to rural isolation and local politics. By proposing a new framework for food insecurity research and by drawing on real world examples this book will support academic and applied researchers as they work to understand and mitigate the impacts of food insecurity in local communities. This book will be of great interest to students and scholars of food and

nutrition security public health and sociology It will also appeal to food policy professionals and policymakers who are working to address social inequalities and improve access to healthy and nutritious food for all

**Bourgeois Ideology and Education** Steven Snow, 2018-01-19 This book identifies the origins and central assertions of bourgeois ideology as well as the reasons for their persuasive power and offers pedagogical tools to weaken them The author suggests techniques for use in the classroom the community and the imagination that subvert negative stereotypes about poor people and individualist explanations for socio economic status Written from an ecumenical socialist perspective combining Marxist neo Marxist and anarchist perspectives this book utilizes a broad interdisciplinary scope encompassing political theory religion political psychology and literature

**Food and Poverty** Leslie Hossfeld, E. Brooke Kelly, Julia Waity, 2018-09-24 Food insecurity rates which skyrocketed with the Great Recession have yet to fall to pre recession levels Food pantries are stretched thin and states are imposing new restrictions on programs like SNAP that are preventing people from getting crucial government assistance At the same time we see an increase in obesity that results from lack of access to healthy foods The poor face a daily choice between paying bills and paying for food

**Social Work and Society** Kate Parkinson, Sarah Pollock, Ian Cummins, 2019-11-27 It is essential that social work students understand the lasting impact political decision making can have on service users yet little guidance exists on this subject This valuable book provides a comprehensive introduction to politics in social work unifying the themes of political ideology and social construction across several areas of social work practice including emerging areas of practice The book Introduces the dominant political ideologies in the UK Examines the impact of these ideological perspectives on different demographic groups Explores emerging areas of growing political interest such as radicalisation Employs case studies and examples from practice to aid student understanding Including helpful key points to guide reading at the beginning of each chapter as well as exercises for seminars and further reading recommendations this text will be an invaluable resource to all students in social work
