**Mismatch** Ronald Giphart,Mark van Vugt,2018-02-15 Our brains evolved to solve the survival problems of our Stone Age ancestors so when faced with modern

day situations that are less extreme they often encounter a mismatch Our primitive brains put us on the wrong foot by responding to stimuli that in prehistoric times would have prompted behaviour that was beneficial If you've ever felt an anxious fight or flight response to a presentation at a board meeting equivalent to facing imminent death by sabre-toothed tiger then you have experienced a mismatch Mismatch is about the clash between our biology and our culture It is about the dramatic contrast between the first few million years of human history when humans lived as hunters and gatherers in small scale societies and the past twelve thousand years following the agricultural revolution which have led us to comfortable lives in a very different social structure Has this rapid transition been good for us How do we using our primitive minds try to survive in a modern information society that radically changes every ten years or so Ronald Giphart and Mark van Vugt show that humans have changed their environment so drastically that the chances for mismatch have significantly increased and these conflicts can have profound consequences Reviewed through mismatch glasses social societal and technological trends can be better understood ranging from the popularity of Facebook and internet porn to the desire for cosmetic surgery to our attitudes towards refugees Mismatches can also affect our physical and psychological well-being in terms of our attitudes to happiness physical exercise choosing good leaders or finding ways to feel better at home or work Finally Mismatch gives us an insight into politics and policy which could enable governments institutions and businesses to create an environment better suited to human nature its potential and its constraints This book is about converting mismatches into matches The better your life is matched to how your mind operates the greater your chances of leading a happy healthy and productive life

*New Critical Essays on Toni Morrison's God Help the Child* Alice Knox Eaton, Maxine Lavon Montgomery, Shirley A. Stave, 2020-07-23 Contributions by Alice Knox Eaton Mar Gallego Maxine Lavon Montgomery Evelyn Jaffe Schreiber Shirley A. Stave Justine Tally Susana Vega Gonzalez and Anissa Wardi In her eleventh novel *God Help the Child* Toni Morrison returned to several of the signature themes explored in her previous work pernicious beauty standards for women particularly African American women mother-child relationships racism and colorism and child sexual abuse *God Help the Child* published in 2015 is set in the contemporary period unlike all of her previous novels The contemporary setting is ultimately incidental to the project of the novel however as with Morrison's other work the story takes on mythic qualities and the larger-than-life themes lend themselves to allegorical and symbolic readings that resonate in light of both contemporary and historical issues *New Critical Essays on Toni Morrison's God Help the Child* Race Culture and History a collection of eight essays by both seasoned Morrison scholars as well as new and rising scholars takes on the novel in a

nuanced and insightful analysis interpreting it in relation to Morrison's earlier work as well as locating it within ongoing debates in literary and other academic disciplines engaged with African American literature. The volume is divided into three sections. The first focuses on trauma both the pain and suffering caused by neglect and abuse as well as healing and understanding. The second section considers narrative choices concentrating on experimentation and reader engagement. The third section turns a comparative eye to Morrison's fictional canon from her debut work of fiction *The Bluest Eye* until the present. These essays build on previous studies of Morrison's novels and deepen readers' understanding of both her last novel and her larger literary output.

*Carnival in Alabama* Isabel Machado, 2023-01-27. Mobile is simultaneously a typical and unique city in the postwar United States. It was a quintessential boomtown during World War II. That prosperity was followed by a period of rapid urban decline and subsequent attempts at revitalizing or gentrifying its downtown area. As in many other US cities, urban renewal, integration and other socioeconomic developments led to white flight, marginalized the African American population and set the stage for the development of LGBTQ community building and subculture. Yet these usually segregated segments of society in Mobile converged once a year to create a common identity: that of a Carnival City. *Carnival in Alabama* looks not only at the people who participated in Mardi Gras organizations, divided by race, gender and/or sexual orientation, but also investigates the experience of marked bodies outside of these organizations or people involved in Carnival through their labor or as audiences or publics of the spectacle. It also expands the definition of Mobile's Carnival tradition beyond the official pageantry by including street maskers and laborers and neighborhood cookouts. Using archival sources and oral history interviews to investigate and analyze the roles assigned, inaccessible to or claimed and appropriated by straight-identified African American men and women and people who defied gender and sexuality normativity in the festivities, regardless of their racial identity, this book illuminates power dynamics through culture and ritual. By looking at Carnival as an invented tradition and as a semiotic system associated with discourses of power, it joins a transnational conversation about the phenomenon.
