Muslim-Christian Relations in Damascus amid the 1860 Riot Rana Abu-Mounes, 2022-01-31 On 9 July 1860 CE an outbreak of violence in the inner city Christian quarter of Damascus created shock waves locally and internationally This book provides a step by step presentation of events and issues to assess the true role of all the players and shapers of events It critically examines the internal and external politico socio economic factors involved and argues that economic interests rather than religious fanaticism were the main causes for the riot of 1860 Furthermore it argues that the riot was not a sudden eruption but rather a planned and organised affair

The Church in the Shadow of the Mosque Sidney H. Griffith, 2012-01-09 Amid so much twenty first century talk of a Christian Muslim divide and the attendant controversy in some Western countries over policies toward minority Muslim communities a historical fact has gone unnoticed for more than four hundred years beginning in the mid seventh century some 50 percent of the world's Christians lived and worshipped under Muslim rule. Just who were the Christians in the Arabic speaking milieu of Mohammed and the Qur'an. The Church in the Shadow of the Mosque is the first book length discussion in English of the cultural and intellectual life of such Christians indigenous to the Islamic world. Sidney Griffith offers an engaging overview of their initial reactions to the religious challenges they faced the development of a new mode of presenting Christian doctrine as liturgical texts in their own languages gave way to Arabic the Christian role in the philosophical life of early Baghdad and the maturing of distinctive Oriental Christian denominations in this context. Offering a fuller understanding of the rise of Islam in its early years from the perspective of contemporary non Muslims this book reminds us that there is much to learn from the works of people who seriously engaged Muslims in their own world so long ago. Greater Syria Daniel Pipes, 1992-03-26 While for many years scholars and journalists have focused on the more obvious manifestations of political life in the Middle East one major theme has been consistently neglected. This is Pan Syrian nationalism the dream of creating a Greater Syria out of an area now governed by Syria Lebanon Israel Jordan and Turkey. The Long Peace Engin Akarli,1993-07-16 Long notorious as one of the most turbulent areas of the world Lebanon nevertheless experienced an interlude of peace between its civil war of 1860 and the beginning of the French Mandate in 1920 Engin Akarli examines the sociopolitical changes resulting from the negotiations and shifting alliances characteristic of these crucial years Using previously unexamined documents in Ottoman archives Akarli challenges the prevailing view that attributes modernization in government to Western initiative while blaming stagnation on reactionary local forces Instead he argues indigenous Lebanese experience in self rule as well as reconciliation among different religious groups after 1860 laid the foundation for secular democracy European intervention in Lebanese politics however hampered efforts to develop a correspondingly secular notion of Lebanese nationality As ethnic and religious strife increases throughout much of eastern Europe and the Middle East the Lebanese example has obvious relevance for our own time
