Systematic Theology A Historicist Perspective:

Systematic Theology: a Historicist Perspective Gordon D. Kaufman, 1969 *The Making of American Liberal Theology* Gary J. Dorrien, 2006-01-01 In this first of three volumes Dorrien identifies the indigenous roots of American liberal theology and demonstrates a wider longer running tradition than has been thought The tradition took shape in the nineteenth century motivated by a desire to map a modernist third way between orthodoxy and rationalistic deism atheism It is defined by its openness to modern intellectual inquiry its commitment to the authority of individual reason and experience its conception of Christianity as an ethical way of life and its commitment to make Christianity credible and socially relevant to modern people Dorrien takes a narrative approach and provides a biographical reading of important religious thinkers of the time including William E Channing Ralph Waldo Emerson Horace Bushnell Henry Ward Beecher Elizabeth Cady Stanton and Charles Briggs Dorrien notes that although liberal theology moved into elite academic institutions its conceptual foundations were laid in the pulpit rather than the classroom *Preface to Theology* John Howard Yoder, 2002-04-01 Long familiar to theologians and theology students John Howard Yoder 1927 1997 is increasingly recognized as one of the most significant theologians of the later twentieth century Yoder hailed as a gifted proponent of Anabaptist social ethics was also an astute and ecumenically minded constructive theologian *Preface to Theology* initially developed as seminary course material is key to understanding Yoder s theology and his ever central commitment to Christology It provides an introduction to the traditional categories of systematic theology suggesting Yoder s concern with our posture toward theological study and the importance of viewing this study as a vital ongoing process *Preface to Theology* introduced by Stanley Hauerwas and Alex Sider includes updated documentation of Yoder s sources The approachable student friendly format makes this volume now officially in print for the first time ideal for both the beginning theology student and the advanced scholar Readers in all Christian traditions will find it a penetrating introduction to theology students of Yoder s thought will find it indispensable **Constructing Constructive Theology** Jason A. Wyman Jr. , 2017-07-15 To date constructive theology hasn t been viewed or conceptualized as a movement or trend in theology on its own as a whole Questions arise as to what constructive theology is where it came from why it considers itself constructive and why constructive is something different from the ways in which theology has been done in the past This book traces the overall historical arc of constructive theology from proto movement through the present Inkings of constructive theology emerged well before it began to take any formalized shape At the same time an important shift occurred when a group of theologians decided to create the Workgroup on Constructive Theology Further even as the workgroup continues to work collectively producing textbooks statements and methodologies concerning theology many theologians who are not part of the workgroup or may not even know it exists have adopted the moniker of constructive theologian The book also considers the term constructive itself offering possible reasons and historical contexts that led to this distinction being made in contrast to systematic theology and its subcategories Constructive theology speaks

to a very specific historically situated emergence in the academy generally and in theology's attempts to engage those shifts specifically

The Spirit of American Liberal Theology Gary Dorrien, 2023-09-05 *The Spirit of American Liberal Theology* is an interpretation of the entire U.S. American tradition of liberal theology. A highly condensed and far more accessible summary of Gary Dorrien's three-volume trilogy *The Making of American Liberal Theology* Westminster John Knox Press 2001, 2003, and 2006. Dorrien here presses the argument that the most abundant, diverse, and persistent tradition of liberal theology is the one that blossomed in the United States and is still refashioning itself. While discussions of English and German liberalism persist, new material includes expanded treatment of the Black social gospel, the Universalists' developments into early 2020s, and a robust expression of the author's post-Hegelian liberal liberationist perspective.

The Nonviolent Atonement, Second Edition J. Denny Weaver, 2011-01-26 A provocative study that cuts to the very heart of Christian thought. *The Nonviolent Atonement* challenges the traditional Anselmian understanding of atonement along with the assumption that heavenly justice depends on Christ's passive, innocent submission to violent death at the hands of a cruel God. Instead, J. Denny Weaver offers a thoroughly nonviolent paradigm for understanding atonement grounded in the New Testament and sensitive to the concerns of pacifist, black, feminist, and womanist theology. While many scholars have engaged the subject of violence in atonement theology, Weaver's *Nonviolent Atonement* is the only book that offers a radically new theory rather than simply refurbishing existing theories. Key features of this revised and updated second edition include new material on Paul and Anselm, expanded discussion on the development of violence in theology, interaction with recent scholarship on atonement, and response to criticisms of Weaver's original work. Praise for the first edition: "The best current single volume on reconstructing the theology of atonement." S. Mark Heim in *Anglican Theological Review*. Weaver provides an important contribution to atonement theories by seriously inserting the contemporary concerns of pacifist, feminist, womanist, and black theologians into the centuries-old christological conversation. A provocative but faithful proposal benefiting any student of christology. *Religious Studies Review*. A noteworthy contribution to the literature on the atonement. Weaver provides a useful critique of the history of atonement motifs; he does a fine job of placing Anselm's theology in its historical context; he creatively fuses a singular biblical vision from the earthly narrative of the Gospels and the cosmic perspective of the Apocalypse; and he attempts to relate discussions of the atonement to Christian social ethics. *Trinity Journal*. This is a superb, succinct survey and analysis of classical and contemporary theories of the atonement ideal for students and general readers. A clearly written, passionately expressed introduction to current debates on the atonement. Excellent resource. *Reviews in Religion and Theology*.

And with All Your Mind Steven H. Propp, 2010-12-21 It's 1971 and Silas Baker is a high school senior in California whose main interests are basketball and weekend parties. But his life takes a dramatic turn when he encounters a group of committed Christians who soberly inform him that Jesus is coming soon. They enroll at Riverstent Bible College. It's an exciting time as leading Bible teachers have predicted that Jesus will return to Rapture his

Church within one generation of the 1948 formation of the State of Israel Popular movies further inflame this passion as the eager students study Apologetics and Biblical Archaeology aberrant theologies such as the Death of God movement and even conflicting interpretations of the End Times An activist spirit develops within evangelicalism culminating in the so called Christian Right as the evangelical world is rocked in the aftermath of the televangelist scandals Confronted by world views such as Calvinism and Christian Reconstruction the characters passionately debate controversies such as Biblical Inerrancy and the age of the cosmos in addition to challenging evangelicals who deny traditional doctrines such as that of endless punishment in Hell or who promote an Open yet limited concept of God himself As society evolves so does evangelicalism seeker sensitive megachurches appear while Postmodernism and the Emergent Church become realities Theologians wrestle with the question of divorce and remarriage and the role of women in the church as well as the divisive issue of homosexuality As they struggle with life's realities they ultimately must also respond to nonchristians who are alienated indifferent or engaged in active opposition to Christianity while searching for the meaning of Christian faith in the modern world

The Oneness and Simplicity of God Barry D. Smith, 2013-11-13 That YHWH is numerically one is foundational to the theology of the Hebrew Bible Christian theologians historically have affirmed that there is a more fundamental type of oneness attributable to God God is one not merely in the sense of being the only God but also in the sense of being simple or non composite having no parts of any kind In this way God is said to be an absolute unity After a consideration of all the evidence Barry D Smith reaches the conclusion that there is no basis for ascribing simplicity to God The simplicity doctrine is not found in Scripture and the traditional arguments used to establish it are unconvincing In addition the recent defenses of the simplicity doctrine prompted by Alvin Plantinga's work *Does God Have a Nature* are unsuccessful It should not be thought however that the rejection of divine simplicity means that by default God must be conceived as composite not even as a perfect composite with maximally great God making properties Rather there is a third option God should not be conceived as either simple or composite The question of in which mode God has attributes or exemplifies properties should be set aside

Theology and Philosophy Ingolf U. Dalferth, 2001-10-13 **The Blackwell Companion to Modern Theology** Gareth Jones, 2008-04-15 In this major reference work a team of the world's leading theologians provides a powerful overview of modern theology Covers theology's relation to other disciplines the history of theology major themes key figures and contemporary issues Can be used as the basis for an introductory course or as an essential reference source

Creation (Problems in Theology) Jeff Astley, Ann Loades, David Brown, 2003-10-01 This reader brings together modern material from a wide range of Christian theologians on the meaning and status of the doctrine of creation its relation to scientific theories our understanding of God and the theology of redemption and its implications for our proper attitude to the world of Nature Process theology the Gaia hypothesis New Age spirituality and pantheism are among the range of topics that are introduced and critiqued Contributors include Carol Adams Karl Barth Teilhard de Chardin Celia Deane Drummond

Colin Gunton Jürgen Moltmann Schubert Ogden John Polkinghorne *The Travail of Nature* H. Paul Santmire, 1985-01-01 The *Travail of Nature* shows that the theological tradition in the West is neither ecologically bankrupt as some of its popular and scholarly critics have maintained nor replete with immediately accessible albeit long forgotten ecological riches hidden everywhere in its deeper vaults as some contemporary Christians who are profoundly troubled by the environmental crisis and other related concerns might wistfully hope to find This is why it is appropriate to speak of the ambiguous ecological promises of Christian theology

In the Beginning... Creativity Gordon D. Kaufman, NAME *New Essays in Religious Naturalism* Creighton Peden, Larry E. Axel, 1993 The essays in this volume were selected from those presented at a Conference on American Religious Thought sponsored by the Highlands Institute for American Religious Thought at Highlands North Carolina The Highlands Institute is a community of productive scholars with diverse theological and philosophical perspectives The Institute contributes to the academic study of religion through interpretive critical and constructive reflections whose principal focus is on distinctively American religious thought It fosters broad discussion of relevant options through its sponsorship of conferences seminars workshops and publications The work of the Institute emphasizes 1 the interface between theology and philosophy especially where theological efforts have utilized the American philosophical tradition 2 the history and development of liberal religious thought in America 3 themes pertinent to the Chicago School of theology and 4 naturalism in American theology and philosophy BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

Christian Doctrines for Global Gender Justice Grace Ji-Sun Kim, Jenny Dagg, 2015-06-04 This book develops creative imagining of traditional doctrines Chapters show the effectiveness of Latina *mujerista* *evangelica* womanist Asian American and white feminist imaginings in the furthering of global gender justice

The Last Things Donald G. Bloesch, 2010-03-23 In *The Last Things* Donald G Bloesch takes up difficult and sometimes controversial themes such as the coming of the kingdom of God the return of Jesus Christ the life hereafter the millennial hope the final judgment hell heaven purgatory and paradise Wrestling with biblical texts that often take metaphorical form Bloesch avoids rationalistic reductionism as well as timid agnosticism While he acknowledges mystery and even paradox Bloesch finds biblical revelation much more than sufficient to illuminate the central truths of a Christian hope articulated throughout the history of the church *The Last Things* is not just a review of past Christian eschatology but a fresh articulation of the grace and glory of God yet to be consummated The triumph of the grace of Jesus Christ and the dawning of hope beckon us to reach out in the power of the Spirit to receive that blessed future and the promise to renew the life of the church universal today

The Community of the Weak Hans-Peter Geiser, 2013-03-28 Social postmodernism and systematic theology can be considered the new pair in some of the most creative discussions on the future of theological method on a global scale Both in the academy and in the public square as well as in the manifold local and pastoral moments of ministry and community social activism the social the postmodern and the theological

intermingle in engaging and border crossing ways The Community of the Weak presents a new kind of jazzy fundamental theology with a postmodern touch using jazz as a metaphor writing ethnographically messy texts out of the personal windows of lived experiences combining fragments of autobiography with theological reconstruction A comparative perspective on North American and European developments in contemporary systematic theology serves as a hermeneutical horizon to juxtapose two continents in their very different contexts The author proposes a systematic and fundamental theology that is more jazzy global and narrative deeply embedded in pastoral ministry to tell its postmodern story

Constructing Moral Concepts of God in a Global Age Myriam Renaud, 2022-07-29 Constructing Moral Concepts of God in a Global Age focuses on what people say and think about God rather than on arguments about God's existence It advances a theological method or step by step approach to explore and reframe personal convictions about God and the worldviews shaped by those convictions Since a moral God is more likely to foster a moral life this method integrates an ethical check to ensure that understandings of God and their associated worldviews are validly moral The proposed method builds on the work of twentieth century theologian Gordon Kaufman during the Kantian phase of his work It anticipates a person like God who hears prayers loves without end and comforts in times of hardship To accommodate today's pluralistic and globalized world the ethical check integrated in the method is a widely collaborative and vetted global ethic the Parliament of the World's Religions Declaration Towards a Global Ethic This volume of constructive philosophical theology is written for seminary students educators clergy study groups and anyone interested in delving more deeply and systematically into understandings of God whether their own or those of others

Christian Dogmatics Carl E. Braaten, Robert W. Jenson, 2011-07 Volume 1 discusses dogmatics the Trinity the identity of God creation sin and Christology

The Progressive Mystery Myk Habets, 2019-05-22 A careful exploration of how the identity and mission of the Holy Spirit have been progressively revealed throughout Holy Scripture and then interpreted by the Church The Progressive Mystery describes how the Spirit has been revealed understood and interpreted throughout the sweep of Holy Scripture and the ways in which the orthodox understanding of the mission of the Holy Spirit has developed An ideal entrance into the study of pneumatology it introduces readers to the complex history of the theology of the Holy Spirit Ideal for students it takes its place among other introductions to pneumatology as a readable and reliable guide to an elusive topic
