Systemic Treatment Of Incest A Therapeutic Handbook:

Systemic Treatment Of Incest Terry Trepper, Mary Jo Barrett, 2013-05-24 Systemic Treatment of Incest is the first book to take as its primary focus the treatment of incest families. The authors, who have spent a total of 25 years working with incest families, believe that therapy can succeed in halting the abuse without dissolving the family unit. The volume's three sections are based on the authors' three stages of therapy: creating a context for change, challenging behaviors, expanding alternatives, and consolidation. First published in 1990, Routledge is an imprint of Taylor & Francis, an informal company. **Systemic Treatment of Families Who Abuse** Eliana Gil, 1996 An invaluable guide written for professionals to enhance their clinical skills when working with families in which child abuse has occurred. Eliana Gil addresses both the symptoms as well as underlying precipitating issues of child abuse and neglect and offers new ideas for effective treatment. **Quickies: The Handbook of Brief Sex Therapy (Third Edition)** Douglas Flemons, Shelley Green, 2018-01-09 Effective brief techniques for therapists to support their clients in having satisfying sex lives. Quickies demonstrates that the best sex therapy is often the briefest, presenting readers with a refreshing array of time-efficient, client-focused approaches to sexual problems. The third edition includes new chapters on the impact of the Internet in relationships, infidelity, and same-sex and transgender affirming therapy. **Treating Complex Trauma** Mary Jo Barrett, Linda Stone Fish, 2014-05-30 In *Treating Complex Trauma*, renowned clinicians Mary Jo Barrett and Linda Stone Fish present the Collaborative Change Model (CCM), a clinically evaluated model that facilitates client and practitioner collaboration and provides invaluable tools for clients struggling with the impact and effects of complex trauma. A practical guide, *Treating Complex Trauma* organizes clinical theory, outcome research, and decades of experiential wisdom into a manageable blueprint for treatment. With an emphasis on relationships, the model helps clients move from survival mindstates to engaged mindstates, and as a sequential and organized model, the CCM can be used by helping professionals in a wide array of disciplines and settings. Utilization of the CCM in collaboration with clients and other trauma-informed practitioners helps prevent the re-traumatization of clients and the compassion fatigue of the practitioner so that they can work together to build a hopeful and meaningful vision of the future. *Child Abuse and Culture* Lisa Aronson Fontes, 2008-01-18 This expertly written book provides an accessible framework for culturally competent practice with children and families in child maltreatment cases. Numerous workable strategies and concrete examples are presented to help readers address cultural concerns at each stage of the assessment and intervention process. Professionals and students learn new ways of thinking about their own cultural viewpoints as they gain critical skills for maximizing the accuracy of assessments for physical and sexual abuse, overcoming language barriers in parent and child interviews, respecting families' values and beliefs while ensuring children's safety, creating a welcoming agency environment, and more. **The Compassion Fatigue Workbook** Françoise Mathieu, 2012-05-04 The Compassion Fatigue Workbook is a lifeline for any helping professional facing the physical and emotional exhaustion that can shadow work in the helping

professions Since 2001 the activities in this Workbook have helped thousands of helpers in the fields of healthcare community mental health correctional services education and the military In addition to a comprehensive description of compassion fatigue and vicarious traumatization The Compassion Fatigue Workbook leads the reader through experiential activities designed to target specific areas in their personal and professional lives It provides concrete strategies to help the reader develop a personalized plan for identifying and transforming compassion fatigue and vicarious traumatization Topics covered include understanding compassion fatigue and vicarious trauma symptom checklist targeting areas for strategic planning understanding warning signs assessing contributing factors evaluating self care identifying triggers solutions personal professional and organizational strategies

Assessment and Intervention with Mothers and Partners Following Child Sexual Abuse Jenny Still, 2016-03-21 Assessment and Intervention with Mothers and Partners Following Child Sexual Abuse provides child protection professionals with the guidance they need to make the right decisions in cases of suspected or proven sexual abuse and ensure the best outcome for the child Assessments and interventions used for other forms of abuse such as physical abuse or neglect elicit a great deal of information but do not fully address the issues and needs in relation to child sexual abuse This book lays out a new model for understanding assessing and working with mothers of sexually abused children or partners of known or suspected sexual offenders a model which combines offender knowledge with understanding of mothers and partners It is structured around the following central critical questions Did she know it was happening Is she able to protect the child What do I need to do to ensure that the child is safe Combining research and empirical evidence with case studies exercises and practical guidance this book is essential reading for child protection professionals working with children and families

Family Therapy Alan Carr, 2006-03-30 Alan Carr has once more demonstrated his unique ability to combine an encyclopaedic breadth of knowledge with clear pragmatic ideas about how to apply this knowledge in clinical practice The 2nd edition of this book is more than just an update with new sections on common factors in therapy and on integrative models of family therapy which are particularly welcome Ivan Eisler Institute of Psychiatry Kings College London UK Editor Journal of Family Therapy Carr's style of comprehensively considering different theories and approaches in a practical manner and demonstrating their integrative and cohesive properties is exceptionally helpful and grounding for the reader There is little doubt that this volume will well serve students trainees and experienced practitioners for sometime to come Eddy Street Former Editor of Journal of Family Therapy Now in its second edition Family Therapy Concepts Process and Practice has been fully updated to cover recent advances in theory and practice It offers a critical evaluation of the major schools of family therapy provides an integrative model for the practice of marital and family therapy and demonstrates how this model can be used in everyday practice with a range of common child focused and adult focused problems It also provides a thorough up to date review of research on the effectiveness of family therapy and outlines implications for evidence based practice This popular text now includes exercises that can be used by trainers

and trainees to foster family therapy skills development Other key features from the first edition are retained including Chapter plans at the start of each chapter and a helpful summary of key points at the end Suggestions for further reading Glossary of key terms in theoretical chapters Case examples Full details of resources for professionals including useful web sites Family Therapy Concepts Process and Practice is a must have resource for all students and mental health professional training in family therapy It will also be of interest to experienced practitioners and those who are involved in delivering training programmes

Family Solutions for Substance Abuse Eric E. McCollum, Terry S Trepper, 2014-02-25 Use goal oriented techniques for successful family therapy with substance abusers Family therapy is an essential core competency for substance abuse counselors according to the Substance Abuse and Mental Health Services Administration *Family Solutions for Substance Abuse Clinical and Counseling Approaches* delivers the information and techniques you need to effectively treat addicts and their families By understanding and changing the dynamics of the family system you will be better able to guide your clients to adopt strategies and behaviors that sustain recovery and maintain healthy relationships *Family Solutions for Substance Abuse* provides clear models of diagnosis and intervention for families whether that means couples teenagers and their parents or Mom Dad and the kids The theoretical background on family systems will help you understand the context of the client's addiction and the way it affects and is affected by other family members Numerous case studies and figures bring the expert advice and theory into the practical realm so you can choose the best strategies for helping the shattered family heal *Family Solutions for Substance Abuse* will teach you useful therapeutic skills and strategies including understanding interdependence joining with different family members negotiating goals and contracts dealing with family violence assessing motivation handling relapses ending treatment Treating addictions is notoriously difficult for even the most skilled therapist working with the most motivated client Using the techniques in *Family Solutions for Substance Abuse* offers you and your clients a better chance at success because addicts whose families share their treatment are much more likely to stay in counseling and remain clean and sober

War Trauma and Its Wake Raymond M.

Scurfield, Katherine Theresa Platoni, 2013 Decades after Charles Figley's landmark *Trauma and Its Wake* was published our understanding of trauma has grown and deepened but we still face considerable challenges when treating trauma survivors This is especially the case for professionals who work with veterans and active duty military personnel *War Trauma and Its Wake* then is a vital book The editors one a Vietnam veteran who wrote the overview chapter on treatment for *Trauma and Its Wake* the other an Army Reserve psychologist with four deployments have produced a book that addresses both the specific needs of particular warrior communities as well as wider issues such as battlemind guilt suicide and much much more The editors and contributors deep understanding of the issues that warriors face makes *War Trauma and Its Wake* a crucial book for understanding the military experience and the lessons contained in its pages are essential for anyone committed to healing war trauma

Helping Traumatized Families Charles Figley, Laurel Kiser, 2013-05-07 The new

edition of the classic *Helping Traumatized Families* not only offers clinicians a unified evidence based theory of the systemic impact of traumatic stress it also details a systematic approach to helping families heal by promoting their natural healing resources Though the impact of trauma on a family can be growth producing some families either struggle or fail to adapt successfully *Helping Traumatized Families* guides practitioners around common pitfalls and toward a series of evidence based strategies that they can use to help families feel empowered and ultimately to thrive by developing tools for enhancing resilience and self regulation When the Past Is Always Present Ronald A. Ruden,2011-01-19 *When the Past Is Always Present* Emotional Traumatization Causes and Cures introduces several new ideas about trauma and trauma treatment The first of these is that another way to treat disorders arising from the mind brain may be to use the senses This idea which is at the core of psychosensory therapy forms what the author considers the third pillar of trauma treatment the first and second pillars being psychotherapy and psychopharmacology Psychosensory therapy postulates that sensory input for example touch creates extrasensory activity that alters brain function and the way we respond to stimuli The second idea presented in this book is that traumatization is encoded in the amygdala only under special circumstances Thus by understanding what makes an individual resistant to traumatization we can offer a way of preventing it The third idea is that traumatization occurs because we cannot find a haven during the event This is the cornerstone of havening the particular form of psychosensory therapy described in the book Using evolutionary biological principles and recently published neuroscientific studies this book outlines in detail how havening touch de links the emotional experience from a trauma essentially making it just an ordinary memory Once done the event no longer causes distress School Rampage Shootings and Other Youth Disturbances Kathleen Nader,2013-06-19 *School Rampage Shootings and Other Youth Disturbances* creates a framework for understanding and preventing the likelihood of rampage violence related forms of school based aggression and other internalizing and externalizing problems and disorders The materials on the downloadable resources lay out exercises and targeted tactics that Trauma, Culture, and Metaphor John P. Wilson,Jacob D. Lindy,2013-08-15 In *Trauma Culture and Metaphor* John Wilson and Jacob Lindy explore the language of both individual and collective trauma in an era dominated by globalization and interconnectedness Through lucid careful discussion this important book builds a bridge between the etymology of trauma related terms commonly used in Western cultures and those of other cultures such as the Burundi Rwandan *ihahamuka* It also provides the clinician with a framework for working with trauma survivors using a cross cultural vocabulary one often based in metaphor to fully address the experienced trauma and to begin work on reconnection and self reinvention **The Posttraumatic Self** John P. Wilson,2007-12-11 Filling a gap that exists in most traumatology literature *The Posttraumatic Self* provides an optimistic analysis of the aftermath of a traumatic event This work appreciates the potentially positive effects of trauma and links those effects to the discovery of one s identity character and purpose Wilson and his distinguished contributors explore the nature and dynamics of the posttraumatic self emphasising human resilience

and prompting continued optimal functioning While taking into consideration pathological consequences such as posttraumatic stress disorder PTSD the authors study the impacts a traumatic event can have on one's inner self and they help the victims transform such an event into healthy self-transcendent lifecycles The Posttraumatic Self will help victims and healers transform the way they deal with the complexities of trauma by making important connections that will allow for healing and growth

Combat Stress Injury Charles R. Figley, William Nash, 2011-02-14 *Combat Stress Injury* represents a definitive collection of the most current theory research and practice in the area of combat and operational stress management edited by two experts in the field In this book Charles Figley and Bill Nash have assembled a wide-ranging group of authors military nonmilitary American international combat veterans trainers and as diverse as psychiatrists psychologists social workers nurses clergy physiologists military scientists The chapters in this volume collectively demonstrate that combat stress can effectively be managed through prevention and training prior to combat stress reduction methods during operations and desensitization programs immediately following combat exposure
