RISING STORM

S. M. STIRLING

BASED ON THE WORLD CREATED IN
THE MOTION PICTURE WRITTEN BY
JAMES CAMERON AND WILLIAM WISHER

T2 Rising Storm

Markus Brühler

T2 Rising Storm:

T2: Rising Storm S.M. Stirling, 2009-10-13 Following the critically praised T2 Infiltrator T2 Rising Storm continues the bestselling Terminator adventures reaching new heights of action drama and suspense Hunted for years Sarah and John Connor have waged a grave battle to save humanity from destruction They and they alone can keep the apocalyptic Judgment Day the day when sentient machines move to destroy their human creators from occurring Aided by Dieter von Rossbach an ex counterterrorism operative who will eventually be used as the physical model for the T 101 Terminator units the Connors have sabotaged the Cyberdyne research facility and stopped a deadly I 950 Infiltrator unit from completing her mission But the war is far from over and now the heroes have been separated Severely injured both mentally and physically and recuperating under military surveillance Sarah Connor must face her deepest fears alone Meanwhile von Rossbach hunted by both the CIA and his former allies begins a delicate mission to recruit supporters and arms support for the coming battle Aided by a beautiful and brilliant MIT student John Connor starts a desperate campaign across the United States and Central America to prepare an unsuspecting human race for the dark times ahead For the original I 950 Infiltrator unit left a contingency plan and unbeknownst to our heroes more Infiltrators have initiated their own clandestine operations including the hunt to terminate the Connors And this time despite all their efforts the brave heroes may not be able to stop the future war between human and machine Cyberdyne Corporation is not the only one with plans for the computer network and hidden far away in a top secret military base a fledgling Skynet takes its first steps toward sentience and toward the rise of the machines and the termination of all human life

Rising Storm S. M. Stirling, 2003 Continuing the bestselling series of sequels to one of the most successful SF film franchises The Infiltrator is dead but her clones live on The forces behind Cyberdyne are strong ruthless and cunning this time they've hidden the project in a frozen wasteland protected by desolation and warped biotechnology John Connor his mother and Dieter von Rossbach must recruit their own underground force to stop Skynet or survive Judgment Day and defeat it in the war against the machines

Transmedia Storytelling and the Apocalypse Stephen Joyce, 2018-08-21 This book confronts the question of why our culture is so fascinated by the apocalypse It ultimately argues that while many see the post apocalyptic genre as reflective of contemporary fears it has actually co evolved with the transformations in our mediascape to become a perfect vehicle for transmedia storytelling The post apocalyptic offers audiences a portal to a fantasy world that is at once strange and familiar offers a high degree of internal consistency and completeness and allows for a diversity of stories by different creative teams in the same story world With case studies of franchises such as The Walking Dead and The Terminator Transmedia Storytelling and the Apocalypse offers analyses of how shifts in media industries and reception cultures have promoted a new kind of open world building narrative across film television video games and print For transmedia scholars and fans of the genre this book shows how the end of the world is really just the beginning
