

T.S. Eliot

THE PHILOSOPHER POET

ALZINA STONE DALE

T S Eliot The Philosopher Poet

Bernard Bergonzi

T S Eliot The Philosopher Poet:

T.S. Eliot Alzina Stone Dale,2004-10 Alzina Stone Dale gives us an excellent review of T S Eliot s entire career and it has the important virtue of showing how absolutely integral to his poetic achievements were his religious interests It is a critical biography that makes just the right sort of book for marking the centennial of Eliot s birth Nathan A Scott **From Philosophy to Poetry** Donald J. Childs,2001-01-01 Eliot is the rare case of a great poet who was also an academic philosopher and Professor Child s study examines the relationship between his writing of poetry and his philosophical pursuits in particular his lifelong occupation with the work of F H Bradley Henri Bergson and William James This account also considers the reception of Eliot s writing in philosophy and argues that the study of this work has significantly entered recent Eliot criticism Overall this volume provides a new reading of Eliot s famous poems his literary criticism and social commentary **The Philosophy of T. S. Eliot** William Skaff,2016-11-11 T S Eliot s mind encompasses just about every important avant garde intellectual movement of his time His thought as well as his poetry represents an essential and original achievement within Modernism This study presents Eliot s unique synthesis of contemporary philosophy psychology anthropology and studies in mysticism and demonstrates how it is responsible for the nature of his religious belief the basic tenets of his literary theory and the figurative structural and dramatic aspects of his verse pervading virtually everything he wrote throughout his life The chapters are Skepticism Mysticism The Unconscious Primitive Experience Mythic Consciousness and A Surrealist Poetic **The Early T. S. Eliot and Western Philosophy** Rafey Habib,1999-06-28 Study of Eliot s philosophical writings assessing their impact on his early poetry and literary criticism **The Poetry of T.S. Eliot** B.M. Mishra,2002 The Poetry Of T S Eliot Is An Incisive Interpretation Of Eliot S Poetry In The Indian Context Vis A Vis The Views Of Western Critics In So Far As The Christian Coloration Of His Poetry Is Concerned A Good Deal Of Light Is Thrown On The Early Middle And Later Poetry Of Eliot A Special Emphasis Has Been Laid On The Genesis And Culminating Experience Of Eliot As A Man And As An Artist **T.S. Eliot** Colin MacCabe,2006 Colin MacCabe s study places T S Eliot s poetry in the context of his journeys from philosophy to poetry and from modern scepticism to traditional Christianity and uses Eliot s life to illuminate his poetry **T. S. Eliot** Harriet Davidson,2022-09-09 One of the most influential poets of the twentieth century T S Eliot is generally regarded as a leading exponent of the literary movement which came to be known as Modernism In this volume Harriet Davidson collects key recent essays by such internationally renowned critics as Terry Eagleton Sandra Gilbert Jacqueline Rose Jeffrey Perl Christine Froula Maud Ellmann and Michael North placing Eliot s work centrally in the context of postmodern critical theory Eliot s writing is often perceived as incompatible with or resistant to new theoretical approaches but this volume demonstrates the continuity between Eliot s own theoretical writings and contemporary theory and illuminates his poetry with imaginative readings from deconstructive Marxist psychoanalytic and feminist perspectives Headnotes to the essays and a bibliography which lists other informative readings make this book an

invaluable guide to all students of twentieth century poetry and to scholars interested in the relationship between critical and creative writing

The Literary Criticism of T.S. Eliot, 2014-01-13 In his time T S Eliot established a new critical orthodoxy by which no major modern critic in England or America remained unaffected but a decade has passed since his death and a generation or more since his extraordinary influence was at its height It has therefore seemed worth attempting a fresh historical revaluation of Eliot's critical achievement and the nine distinguished scholars whom Dr Newton De Molina approached responded readily to his invitation that they undertake such a project Their essays range widely over the various aspects of Eliot's critical activity and place it in the context not only of his endeavours as poet and dramatist but also of his formal training as a philosopher and of his conversion to Christianity They contrast the early and later work not forgetting Eliot's own retrospective comments on the former consider its relation to the English critical and poetic tradition and seek to show in what ways criticism may derive new impetus from the example both of Eliot's strengths and of his limitations

T. S. Eliot Bernard Bergonzi, 1972 As a general introduction to Eliot's life and work Professor Bergonzi's book could not be bettered He is a sane and independent critic and although he cannot entirely avoid the well worn quotation he has drawn freely on the less familiar source of Eliot's early journalism to illustrate his points Perhaps it is in these quotations and the use he makes of them in composing his argument that the permanent value of his book lies And although there are not enough source references he does set right some common misconceptions as for instance the origin of the drunken helots comparison When it comes to the criticism of separate poems one regrets the lack of space for development Surely there was no need for yet another summary of the well known facts of the poet's life and although Mr Bergonzi says in his Preface that this biographical element is no more than a framework or skeleton it makes a cramped framework with only 192 pages in which to cover the whole life and work poetry and prose In our present state of surfeit admirable as Mr Bergonzi's comments are especially on Pound on Portrait of a Lady and Ash Wednesday one looks for something more detailed and the ten pages allotted to the Quartets hardly make out a case for Mr Bergonzi's minority view expressed in the curious phrase the whole work seems to me to be some what less than the sum of its parts from <https://www.jstor.org> Sep 20 2017

A Companion to T. S. Eliot David E. Chinitz, 2011-09-26 Reflecting the surge of critical interest in Eliot renewed in recent years A Companion to T S Eliot introduces the new Eliot to readers and educators by examining the full body of his works and career Leading scholars in the field provide a fresh and fully comprehensive collection of contextual and critical essays on his life and achievement It compiles the most comprehensive and up to date treatment available of Eliot's work and career It explores the powerful forces that shaped Eliot as a writer and thinker analyzing his body of work and assessing his oeuvre in a variety of contexts historical cultural social and philosophical It charts the surge in critical interest in T S Eliot since the early 1990s It provides an illuminating insight into a poet writer and critic who continues to define the literary landscape of the last century

T. S. Eliot: The Poems Martin Scofield, 1988-03-10 The poems some of the poetic drama particularly Sweeney

Agonistes and relevant sections of prose criticism are discussed in detail and placed in relation to the development of Eliot's oeuvre and more briefly to his life and a wider context of philosophical and religious enquiry

Introduction T.S.Eliot and Mysticism Paul Murray,1991-01-01 At last we have a study that tackles these questions and does so with a wealth of learning a poet's sensibility and a thorough theological literacy Murray has given us a superb study

Rowan Williams Doctrine and Life His point of view is always that of someone practised in meditation and his book is in consequence one of the half dozen really valuable guides to Eliot's poetry

Stephen Medcalf Times Literary Supplement The story of the composition of Four Quartets in relation to mysticism constitutes one of the most interesting pages in modern literary history

T S Eliot drew his inspiration not only from the literature of orthodox Christian mysticism and from a variety of Hindu and Buddhist sources but also from the literature of the occult and from several unexpected and so far unacknowledged sources such as the mystical symbolism of Shakespeare's later plays and the visionary poetry of Rudyard Kipling

But the primary concern of this study is not with sources as such nor with an area somewhere behind the work but rather with that point in Four Quartets where Eliot's own mystical attitude and his poetry unite and intersect

The Sacred Wood T. S. Eliot,2021-02-16 The Sacred Wood Essays on Poetry and Criticism 1920 is a collection of essays by T S Eliot Although Eliot is primarily recognized as one of the twentieth century's leading English poets he was also a prolific and highly influential literary critic This collection which includes essays on Algernon Charles Swinburne Hamlet William Blake and Dante is central to Eliot's legacy and vision of art

In Tradition and the Individual Talent Eliot sheds light on his vision of the role of poet with respect to tradition Well versed in classical poetry Eliot possessed a dynamic vision of poetic tradition that viewed the working poet as an extension of those who came before

The role of the poet then is to innovate while remaining in conversation with poets throughout history to remain impersonal by surrendering oneself to a process involving countless others

In Hamlet and His Problems Eliot provides a critical reading of Shakespeare's iconic tragedy arguing that both the play and its main character fail to accomplish the playwright's true intention

Coining the concept of the objective correlative referring to the expression of emotion through a grouping of things or events Eliot's essay is a landmark in literary scholarship central to the formalist movement known as the New Criticism

Concluding with essays on Blake and Dante important spiritual and formal forebears for Eliot The Sacred Wood Essays on Poetry and Criticism is central to T S Eliot's legacy as a leading intellectual and artist of the modern era

With a beautifully designed cover and professionally typeset manuscript this edition of T S Eliot's The Sacred Wood Essays on Poetry and Criticism is a classic of English literature reimagined for modern readers

Poetry and Belief in the Work of T. S. Eliot Kristian Smidt,2015-12-22 This title first published in 1961 explores the general background of attitudes beliefs and ideas from which Eliot's works have originated This study examines the influences of Eliot's work and includes Eliot's personal views as told to the author

The book also looks at technique structure and imagery of his poetry This title will be of interest to students of literature

The Mystical Philosophy of T. S. Eliot Fayek M. Ishak,1970 **T. S.**

Eliot: A Guide for the Perplexed Steve Ellis, 2009-08-25 A concise and clear guide to the complexities of T S Eliot's poetry with easy to follow structure and chapters on Eliot's major texts all in chronological order *Metaphysical Symbolism in T.S. Eliot's Four Quartets* Ronald Moore, 1965 *Philosophers and Their Poets* Charles Bambach, Theodore George, 2019-12-01 Examines the role that poets and the poetic word play in the formation of philosophical thinking in the modern German tradition Several of the most celebrated philosophers in the German tradition since Kant afford to poetry an all but unprecedented status in Western thought Fichte Hegel Nietzsche Heidegger and Gadamer argue that the scope limits and possibilities of philosophy are intimately intertwined with those of poetry For them poetic thinking itself is understood as intrinsic to the kind of thinking that defines philosophical inquiry and the philosophical life and they developed their views through extensive and sustained considerations of specific poets as well as specific poetic figures and images This book offers essays by leading scholars that address each of the major figures of this tradition and the respective poets they engage including Schiller Archilochus Pindar Hölderlin Eliot and Celan while also discussing the poets contemporary relevance to philosophy in the continental tradition Above all the book explores an approach to language that rethinks its role as a mere tool for communication or for the dissemination of knowledge Here language will be understood as an essential event that opens up the world in a primordial sense whereby poetry comes to have a deeply ethical significance for human beings In this way the volume positions ethics at the center of continental discourse even as it engages philosophy itself as a discourse about language attuned to the rigor of what poetry ultimately expresses **The American T.S. Eliot** Eric Whitman Sigg, 1989 In his old age T S Eliot said on a number of occasions that the American experience of his childhood and youth had had the deepest influence on his poetry This is the first book to explore in detail how Eliot's writings at once preserved and reacted against his complex American heritage his intellectually and socially prominent family their strong Unitarian culture and their experience in nineteenth century St Louis and Boston Besides demonstrating how Eliot's preoccupation with theatricality and self consciousness descends from a line of American writers with similar impulses the book pursues the theme of doubleness in rhetoric and the self and traces the influence on Eliot of the philosopher F H Bradley Analysing major poems from Prufrock through The Waste Land Sigg draws upon Eliot's early philosophical writing essays and reviews to reveal Eliot's early poetry both as a distinct entity and as a stage in his development **Philosophers' Poets** David Wood, 2024-05-01 First published in 1990 *Philosophers Poets* is a collection of case studies of philosophers readings of poets and other distinctive writers There are those for example who find in literary examples ways of exploring the concrete significance of philosophical assertions or distinctions Others find in poetic discourse linguistic resources simply not available to philosophy yet of vital importance to it This is particularly true of philosophers of the limit such as Heidegger Derrida Levinas and Adorno for whom the very possibility of philosophy was in question Despite the diversity of subjects covered the collection maintains an integrity and identity Above all it shows how contemporary Continental philosophy raises

the issue of philosophy and literature anew in a way that is appealing and challenging

When people should go to the book stores, search launch by shop, shelf by shelf, it is essentially problematic. This is why we allow the book compilations in this website. It will completely ease you to look guide **T S Eliot The Philosopher Poet** as you such as.

By searching the title, publisher, or authors of guide you in point of fact want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be all best area within net connections. If you set sights on to download and install the T S Eliot The Philosopher Poet, it is unquestionably simple then, in the past currently we extend the colleague to buy and create bargains to download and install T S Eliot The Philosopher Poet as a result simple!
