Charts for Estimating Rotor-blade Flapping Motion of High-performance Helicopters Robert J. Tapscott, Alfred Gessow, 1956 Theoretically derived charts showing steady state and first and second harmonic flapping coefficients are presented for helicopter rotors having hinged rectangular blades with a linear twist of 0.8 and 16 degrees. The charts showing the rotor flapping coefficients for combinations of inflow ratio and blade pitch angle are presented for tip speed ratios ranging from 0.05 to 0.50.

An Evaluation of Police Handgun Ammunition R. C. Dobbyn, William J. Bruchey, L. D. Shubin, 1975 In 1973 the National Institute of Law Enforcement and Criminal Justice of the Law Enforcement Assistance Administration approved and funded a project submitted by the Law Enforcement Standards Laboratory, LESL, National Bureau of Standards to conduct a study of the terminal effects of police handgun ammunition. LESL contracted with the U.S. Army Ballistic Research Laboratories, Aberdeen Proving Ground, Maryland, September 1973 to conduct this study to prepare a report of their findings and to draft guidelines for the selection of law enforcement service handgun ammunition. The full report entitled *An Evaluation of Handgun Ammunition* is forthcoming as a publication of the National Institute of Law Enforcement and Criminal Justice. The full report will contain a complete description of a model for human incapacitation by handgun bullets, comparisons of presently available factory loaded handgun cartridges according to their potential to incapacitate humans to penetrate common materials and to pose a hazard to bystanders. It will also contain lengthy tables of experimental data which are not included in this summary report.

Sports Afield's Deer Hunter's Almanac Sid Evans, Sports Afield, 1996 From the Introduction: There is not a successful deer hunter in the world who has not come up with his own peculiar methods, some of them secret, some not for beating the long odds of killing a deer. The Ojibwa Indians of the Great Lakes figured out they could attract deer by smoking wild aster in a pipe, the smell of which was like the scent of a deer's hooves. Other tribes such as the Choctaws and Cherokees in the Southeast would carry skinned out deer heads on their belts which they could wear over their heads whenever they needed to make a stalk. This is no longer an advisable or legal technique. They used decoys and calls and they knew that banging a pair of antlers together could summon a buck during the rut. In this book we have tried to compile some of the best information and most interesting pieces written about deer in *Sports Afield* since the magazine was founded in 1887. There were not as many deer to hunt back then but over the last quarter century deer populations have boomed in nearly every state but Alaska and Hawaii and so have the articles written about them. Many of these pieces originally appeared in the *Sports Afield Almanac* which was introduced by Editor Ted Kesting in 1972; others appeared as departments or short features. All told more than 250 deer hunters contributed making this, we hope, a very unique look at what is now America's favorite game animal. Some of the contributors like Dwight Schuh and Peter Fiduccia, Tom McIntyre and Ted Kerasote are what we

would call pros They have hunted studied and written about deer all their lives Others are just guys who wanted to share a couple of their best deer hunting secrets Do not be surprised if you turn up some contradictory views There s more than one way to shoot skin and cook a deer but it may be that the best way of all is the one you have to figure out on your own This is the finest book on whitetail hunting that I have seen Larry Myhre Sioux City Journal *Medical Insurance Made Easy - E-Book* Jill Brown,2013-08-02 Features completely updated information that reflects the many changes in the insurance industry Contains a new chapter on UB 92 insurance billing for hospitals and outpatient facilities Includes a new appendix Quick Guide to HIPAA for the Physician s Office to provide a basic overview of the important HIPAA related information necessary on the job **Police Handgun Ammunition: Evaluation** William J.
