Whiteface Michel Büch, 2022-02-07 This study originates in the observation that improv comedy or improvised theater has such a vast majority of white people practicing it while other improvisational or comedic art forms jazz freestyle rap stand up are historically grounded in and marked as Black cultural production What it is about improv that makes it such a white space Can an absence be an object of study If so what is there to study Where should one look     **God-Fearing and Free** Jason W. Stevens, 2011-03-15 Religion has been on the rise in America for decades which strikes many as a shocking new development To the contrary Jason Stevens asserts the rumors of the death of God were premature Americans have always conducted their cultural life through religious symbols never more so than during the Cold War In *God Fearing and Free* Stevens discloses how the nation on top of the world and torn between grandiose self congratulation and doubt about the future opened the way for a new master narrative The book shows how the American public powered by a national religious revival was purposefully disillusioned regarding the country's mythical innocence and fortified for an epochal struggle with totalitarianism Stevens reveals how the Augustinian doctrine of original sin was refurbished and then mobilized in a variety of cultural discourses that aimed to shore up democratic society against threats preying on the nation's internal weaknesses Suddenly innocence no longer meant a clear conscience Instead it became synonymous with totalitarian ideologies of the fascist right or the communist left whose notions of perfectability were dangerously close to millenarian ideals at the heart of American Protestant tradition As America became riddled with self doubt ruminations on the meaning of power and the future of the globe during the American Century renewed the impetus to religion Covering a wide selection of narrative and cultural forms Stevens shows how writers artists and intellectuals the devout as well as the nonreligious disseminated the terms of this cultural dialogue disputing refining and challenging it effectively making the conservative case against modernity as liberals floundered     **The Sexual Contract** Carole Pateman, 2018-06-05 Carole Pateman is one of the foremost political theorists writing in English today In this outstanding new work she presents a major reinterpretation of modern political theory She shows how standard discussions of social contract theory tell only half the story The sexual contract which establishes modern patriarchy and the political right of men over women is never mentioned In a wide ranging and scholarly discussion Pateman examines the significance of the political fictions of the original contract and the slave contract She also offers a sweeping challenge to conventional understandings of both left and right of actual contracts in everyday life the marriage contract the employment contract the prostitution contract and the new surrogacy contract By bringing a feminist perspective to bear on the contradictions and paradoxes surrounding women and contract and the relation between the sexes she is able to shed new light on the fundamental problems of freedom and subordination *The Sexual Contract* will become a classic text in the politics of gender and will be of major interest to students of social and political theory and philosophy women's studies sociology and jurisprudence     Exploring Methods and Positions Michael

**Psychiatry and the Cults** John A. Saliba, 2018-09-24 Originally published in 1987 this title was compiled in response to the concern in some segments of society about the presence of new religious movements in the West in the second half of the twentieth century There are lots of psychological questions surrounding cults and the influence they have over their members These questions have been operative in the accumulation of this annotated bibliography which was intended primarily as a reference guide for psychiatrists and counsellors who advise cult members ex cult members and their bewildered parents and lawyers who use psychiatric arguments in the courts

Perversion and Utopia Joel Whitebook, 1996-10-31 In this sweeping challenge to the postmodern critiques of psychoanalysis Joel Whitebook argues for a reintegration of Freud's uncompromising investigation of the unconscious with the political and philosophical insights of critical theory Perversion and Utopia follows in the tradition of Herbert Marcuse's *Eros and Civilization* and Paul Ricoeur's *Freud and Philosophy* It expands on these books however because of the author's remarkable grasp not only of psychoanalytic studies but also of the contemporary critical climate Whitebook a philosopher and a psychoanalyst writes with equal facility on both Habermas and Freud A central thesis of *Perversion and Utopia* is that there is an essential affinity between the utopian impulse and the perverse impulse in that both reflect a desire to bypass the reality principle that Freud claimed to define the human condition The book explores the positive and negative aspects of the relationship between these impulses which are ubiquitous features of human life and the requirements of civilized social existence Whitebook steers a course between orthodox psychoanalytic conservatism which seeks simply to repress the perverse utopian impulse in the name of social continuity and cohesion and those forms of Freudian Marxism postmodernism and psychoanalytic feminism that advocate its direct and full expression in the name of emancipation While he demonstrates the limitations of the current textual approaches to Freud especially those influenced by Lacan Whitebook also enlists the lessons of psychoanalysis to counteract the excessive rationalism of the Habermasian brand of critical theory thus making a substantial contribution to current discussions within critical theory itself His analysis and interpretation of perversion narcissism sublimation and ego bring new insight to these central and thorny issues in Freud and his discussions of Adorno Marcuse Castoriadis Habermas Ricoeur Lacan and others are equally penetrating

*Giving Offense* J. M. Coetzee,1996-04-15 In *Giving Offense* South African writer J M Coetzee presents a coherent unorthodox analysis of censorship from the perspective of a writer who has lived and worked under its shadow Widely acclaimed for his many novels Coetzee is also a brilliant literary critic and essayist The essays collected here attempt to understand the passion that plays itself out in acts of silencing and censoring Subscribing neither to the myth of the writer as a moral giant nor to that of the writer as persecuted innocent Coetzee argues that a destructive dynamic of belligerence and escalation tends to overtake the rivals in any field ruled by censorship From Osip Mandelstam commanded to compose an ode in praise of Stalin to Breyten Breytenbach writing poems under and for the eyes of his prison guards to Aleksandr Solzhenitsyn engaging in a trial of wits with the organs of the Soviet state *Giving Offense* focuses on the ways authors have historically responded to censorship It also analyzes the arguments of Catharine MacKinnon for the suppression of pornography and traces the operations of the old South African censorship system Finally Coetzee delves into the early history of apartheid and criticizes the blankness of contemporary political science in its efforts to address the deeper motives behind apartheid
