Taboo Scarf And Other Tales Of Therapy:

The Taboo Scarf George Weinberg, 1997-12-15 Every decade a rare work of nonfiction comes along that offers readers an intimate and compelling glimpse of the deep secrets of behind the wondrous human psyche George Weinberg's The Taboo Scarf and Other Tales of Therapy is such a book a stunning literary tour de force by the nationally prominent psychotherapist that elaborates on the frailties and fears that define the human condition In the title story Weinberg introduces us to Maggie a troubled graduate student in paleontology who gradually comes to realize that her terror of being kissed stems from the emotional trauma she suffered at the hands of her brutal and dissolute father Like The Taboo Scarf the bittersweet irony of The Beacon concerns itself with a young woman and her fear of intimacy in a harsh urban world In this poignant tale we follow Lisa a young self effacing woman working as an usherette who must come to terms with the fact that she was raised by a call girl who served as her mother These two stories and seven others suggest that tales from the couch when presented by a skilled and sympathetic psychotherapist such as George Weinberg can create a narrative as full of momentum and passion as the most moving and finely crafted fiction Indeed as the patients unveil themselves through the mesmerizing processes of their therapy the reader identifies with his own predicament and in effect comes to a better understanding of his own past and consciousness This is not just a work of nine finely interwoven stories of haunting psychological drama but an impressive literary undertaking by a psychologist whose timely works have filled numerous best seller lists for the last two decades The Taboo Scarf and Other Tales of Therapy is a wistful unforgettable work a book that above all embraces the heart of the human condition

Why Men Won't Commit George Weinberg, 2012-12-11 Why are men afraid to commit Dr Weinberg answers this question in WHY MEN WON'T COMMIT and shows women how to help their men change their minds Dr Weinberg considers that men have four basic needs the need to be special to travel light for loyalty and for emotional closeness and if they feel that these aren't being met they will develop bad gut reactions against their girlfriends which will most likely mystify these women The problem for

women and men is that men themselves couldn't tell you about these needs because they've grown up establishing a masculine pretence that forbids them from showing emotion or discussing problems Dr Weinberg's WHY MEN WON'T COMMIT provides a bridge between the two sexes that will lead to greater understanding greater commitment and greater happiness This is a unique approach to an age old problem because it shows women why they needn't play games or lose their own dignity to help men commit An informed practical straight talking guide to men or as Dr Weinberg calls them the fragile sex WHY MEN WON'T COMMIT is invaluable to every woman who feels her single life must end and soon
