**Tactical Air Command** Mike Hill,John M. Campbell,2001 Never before has such a complete pictorial history of Tactical Air Command been put together The planes demonstration teams and foreign units of TAC are covered in pictorial and textual detail from the the 1940s to the 1990s Included in this excellent account are lists of the aces of the Korean War aerial victories in Viet Nam and air to air victories during Desert Storm      **The Tactical Air Command** ,1959      **Warbirds** Richard Herman,1990-02-01 Colonel Anthony Muddy Waters has a mission to mold a company of poorly trained rogues and misfits into heroes His assignment is one that no other officer in the United States Air Force would touch But Waters has a fabled stubbornness and dedication unparalleled in the armed services and the will to make the impossible possible The Warbirds is the breakthrough novel that captures the saga of the F 4 Phantom and the men who made it a legend like Muddy Waters who must transform the men and women under his command Including a superbly talented pilot but loose cannon named Jack Locke into a fighting force to be reckoned with Because their country could ask them at any time to fly their F 4s into the eye of the firestorm to face an overwhelming enemy and brave the flames of hell itself without question and with no support Tomorrow that call will come And there will be no turning backwhen the heavens explode
