Tactics Of End Games:

The Tactics of End-games Jenő Bán, 1963 The Tactics of End-games Jenő Bán, 1972 Rook and Knight Endgames - Strategy and Tactics Roman Jiganchine, 2017-06-24 This ebook is intended as a follow up to the ebook about endings with each side having a rook and a bishop of opposite color Bishop endgames Do the opposites Attract The idea behind these series is the approach that Nimzowitsch used to call a radioactive method selecting a rather narrow topic and by learning a lot about it understand chess much better in general This book looks at endings with rook knight Vs rook knight This material balance occurs quite frequently in tournaments and some classical ideas and endgames have become well known Nonetheless there is some lack of discussion of this topic in chess literature The book covers both the strategic themes and gives the reader a chance to practice their tactical skills Mikhail Botvinnik was well known for his great technique in this type of endings the book includes several relatively unknown examples from his career to illustrate the typical ideas but also games by other famous players such as Korchnoi Morozovich and Anand are featured Van Perlo's Endgame Tactics Ger van Perlo, 2015-09-01 New and substantially expanded edition of a modern chess classic By chance in 2013 publisher New In Chess discovered a previously unnoticed and unpublished extra batch of endgame tactics collected by the legendary Dutch correspondence grandmaster Ger van Perlo 1932 2010 More than 250 fresh examples have been added making this fourth edition 25% BIGGER than its predecessors For casual players and club players Why is it that most amateur chess players love opening and middlegame tactics but hate endgames Why do you usually look at only a couple of pages in any endgame theory book you see Sit back forget about theoretical endgames and enjoy the entertainment of real life chess in Endgame Tactics There is no substitute for hard work in getting better at chess as a wise grandmaster once said But you always work harder at something you enjoy Make the first step towards improving your endgame play and beating more opponents by learning to love the endgame Endgames are fun and the examples from everyday practice in Endgame Tactics prove it New 4th and 25% expanded edition of a best selling modern classic More than 1 300 Sparkling Tricks and Traps WINNER of the ECF Book of the Year Award WINNER of the ChessCafe Book of the Year Award Makes regular players discover the fun in endgame

Chess Endgame Tactics Oliver Scott, AI, 2025-03-31 Chess Endgame Tactics transforms the often dreaded chess endgame into a powerful weapon This book unveils critical strategies for dominating the final phase of the game focusing on king activity and pawn structure manipulation Endgame mastery is crucial since the ability to convert small advantages into wins defend tricky positions or salvage draws depends on a solid grasp of endgame principles Without this understanding even brilliant middlegame play can be undone The book illustrates how these tactics coalesce to determine victory even at the grandmaster level The book progresses systematically starting with core concepts like opposition triangulation and zugzwang It then delves into specific endgame types such as king and pawn rook minor piece and queen endgames all illustrated with grandmaster examples A key focus is on calculation providing techniques for visualizing variations and

avoiding common errors What sets this book apart is its practical approach offering a toolkit of techniques applicable to various endgame situations helping players avoid costly errors **Mastering Complex Endgames** Daniel

Naroditsky,2014-03-11 Young Daniel Naroditsky 1995 has picked the most instructive examples of endgames in which you have to use ideas and plans in order to outplay your opponent This is not an encyclopaedia nor a manual on endings which are usually helpful but boring but a compendium of lively lessons and exercises The positions that International Master Naroditsky uses should not be memorized but understood and his acclaimed didactic skills will take your endgame technique to the next level Never before have the ideas that decide endings been explained so clearly With exercise at the end of each chapter *A Practical Guide to Rook Endgames* Nikolay Minev,2010-08-26 Rook endgames represent approximately half of all endings reached in master games so it s vital that chess players thoroughly familiarize themselves with this critical part of endgame study Improve understanding and play of these most important endings with these clear comprehensive explanations

Endgames Hicham Bou Nassif,2020-10-01 The 2011 Arab Spring is the story of what happens when autocrats prepare their militaries to thwart coups but unexpectedly face massive popular uprisings instead When demonstrators took to the streets in 2011 some militaries remained loyal to the autocratic regimes some defected whilst others splintered The widespread consequences of this military agency ranged from facilitating transition to democracy to reconfiguring authoritarianism or triggering civil war This study aims to explain the military politics of 2011 Building on interviews with Arab officers extensive fieldwork and archival research as well as hundreds of memoirs published by Arab officers Hicham Bou Nassif shows how divergent combinations of coup proofing tactics accounted for different patterns of military behaviour in 2011 both in Egypt and Syria and across Tunisia and Libya *Strategy* Richard J Bailey,James W Forsyth,Mark O Yeisley,2016-04-15 How does one engage in the study of strategy Strategy Context and Adaptation from Archidamus to Airpower argues that strategy is not just concerned with amassing knowledge it is also about recognizing our imperfect understanding of the environment and respecting the complex nature of adaptation to the unforeseen or unexpected In essence the strongest strategists are those who commit to an education that cultivates a more holistic and adaptive way of thinking With that thought in mind the contributors to Strategy each a current or former professor at the School of Advanced Air and Space Studies widely considered the Department of Defense s premier school of strategy offer ways of thinking strategically about a variety of subject matters from classical history to cyber power Practitioners in the profession of arms perhaps more than any other profession must employ critical thinking where the application of power on land at sea in the air and in space and cyberspace are concerned Strategy examines various sub disciplines regarding the use of power and illuminates different approaches to thinking which have implications beyond the implementation of force

Developing Game Sense Through Tactical Learning Ray Breed, Michael Spittle, 2011-04 Game sense emphasises the development of tactics and decision making to develop an understanding of the game rather than taking a traditional drill first approach to teaching and coaching sport Offers an Australian perspective on this instructional approach to sport teaching and coaching Australian authors

Spider Solitaire Winning Strategies Steve N. Brown, 2016-03 This book is for the Spider Solitaire player who plays at the four suit level wins less than 40%% of their games and wants to improve their win ratio It is assumed that the player plays a pure game meaning they neither undo moves nor restart games nor reject games However one chapter explores how these three options might affect a player s win ratio

Afghan Endgames Hy Rothstein, John Arquilla, 2012-01-06 The United States and its allies have been fighting the Taliban and al Qaeda in Afghanistan for a decade in a war that either side could still win While a gradual drawdown has begun significant numbers of US combat troops will remain in Afghanistan until at least 2014 perhaps longer depending on the situation on the ground and the outcome of the US presidential election in 2012 Given the realities of the Taliban s persistence and the desire of US policymakers and the public to find a way out what can and should be the goals of the US and its allies in Afghanistan *Afghan Endgames* brings together some of the finest minds in the fields of history strategy anthropology ethics and mass communications to provide a clear balanced and comprehensive assessment of the

alternatives for restoring peace and stability to Afghanistan Presenting a range of options from immediate withdrawal of all coalition forces to the maintenance of an open ended but greatly reduced military presence the contributors weigh the many costs risks and benefits of each alternative This important book boldly pursues several strands of thought suggesting that a strong legitimate central government is far from likely to emerge in Kabul that fewer coalition forces used in creative ways may have better effects on the ground than a larger more conventional presence and that even though Pakistan should not be pushed too hard so as to avoid sparking social chaos there Afghanistan s other neighbors can and should be encouraged to become more actively involved The volume s editors conclude that while there may never be complete peace in Afghanistan a self sustaining security system able to restore order swiftly in the wake of violence is attainable *The Strategy of Chess*

Edward Lasker,2022-01-04 Chess Strategy is a book by International Master Edward Lasker about the theory and strategy of chess presenting the leading chess principles After thorough and detailed discussion on fundamentals Lasker treats Openings in which he considers the leading principles are of more deciding influence than in any other stage of the game Next he lays the principles governing the End Game which are generally applicable since the middle game is influenced by end game considerations The second part of the book treats the Middle Game The author shows how the various plans initiated by the various openings should be developed further To certify a systematic understanding of the middle game a large number of games taken from master play is given with many detailed notes **The Complete Idiot's Guide to Chess**
