### **ABSTRACT**

*Comparative studies in its Eurocentric form is on a fast decline since the rise of postcolonial studies but it is a flourishing discipline among postcolonial comparatists who invoke comparative study between subaltern texts to recuperate and establish the voice of the marginalized societies. Dr Muhammad Iqbal and Rabindranath Tagore are the two eminent poets of the subcontinent who used their art to lend intellectual authority to the forces of resistance against imperial rule. Both the poets try to reconstruct the identity of their people whose culture and history have been misrepresented by the colonial discourse. Iqbal and Tagore take inspiration from pre-imperial spiritual and cultural heritage of their societies to recuperate true self of their people. This research article invokes comparative study of the poetics of self in Iqbal and Tagore to identify commonalities in the poetic responses of the two poets to the peculiar socio-political scenario of their land under imperial rule as well as specificities arising out of particular spiritual frames of reference. The study also explores the contemporary relevance of the poetics of Iqbal and Tagore as a critique of neo imperial world order.*

The issue of self and identity is a major preoccupation of postcolonial writers, theorists and comparatists in the wake of colonial representation of history and culture of the colonized societies. Postcolonial writers strive to bring their people out of the abyss of ignorance and tyranny onto the path of freedom and collective hope. They raise voice against imperial discourse and socio-political cultural injustices and oppression. "The native is not just fighting for or appealing for inclusion in the

**Tagore & Iqbal** Lakshmi Biswas, 1991      *Rabindranath Tagore's Śāntiniketan Essays* Medha Bhattacharyya, 2019-07-31  
This book provides a critical introduction and translation of fifty *ntiniketan* Abode of Peace essays written by Rabindranath Tagore between 1908 and 1914. It provides key insights into Tagore's fundamental meditations on life, nature, religion, philosophy, and the world at large. As the first of its kind, this volume is a definitive collection of Tagore's *ntiniketan* essays translated into English, which contains a substantial amount of scholarly material on them. The essays look at Tagore's ideas of universality, his socio-cultural location, along with the development of his thought, his reflections on Buddhism, *Vai avism*, *B ul* philosophy, the *Bhagavadg t*, and to a great extent the *Upanishads* and their contemporary relevance. It also connects Sri Ramakrishna's concepts of *vijn na* and *bh vamukha* with Tagore's thought, an original contribution through the study of these essays. A nuanced exploration into translation theory and praxis, it fills a lacuna in Tagore Studies by bringing to the fore profound religious, spiritual, and philosophical knowledge in Tagore's own voice. This volume will be useful for scholars and researchers of Translation Studies, Tagore Studies, Language and Literature, Cultural Studies, and readers interested in Tagore's philosophical ideas.

**A Descriptive Bibliography of Allama Muhammad Iqbal (1877-1938)** Dieter Taillieu, Francis Laleman, Winand M. Callewaert, 2000. Excellent bibliographical work about Allama Muhammad Iqbal in the Arabic scripts Urdu, Persian, Arabic, and so on, has been published by the Iqbal Academy, Lahore. Our publication covers only what appeared in the Roman script: English, German, French, Dutch, Italian, Polish, Czech, Portuguese, Swedish, Finnish, Turkish, and Russian. Many books have some kind of bibliographical list, and we have tried to include all that material in the present publication. With the generous support of the Ministry of Education, Government of Pakistan, the Iqbal Foundation Europe at the KU Leuven, Belgium, has endeavoured to combine meticulous and patient work in libraries with the most modern search on internet. The result is an impressive tribute to Iqbal and to the research about him: 2500 entries, the latest entry dated 1998. A Schimmel. Even if many superfluous or repetitive articles may have been published, a researcher should look at even small contributions; they may contain valuable information and rare insights. The databank we compiled at the university of Leuven is composed of material taken from published works and from the on-line services of the major university libraries. From this it appeared that hundreds of scholars and authors have contributed to the immense databank about Iqbal. The highest number of contributions is by Annemarie Schimmel, S. A. Vahid, and B. A. Dar, followed by A. Bausani, K. A. Waheed, A. J. Arberry, and so many others.

**The Political Philosophy of Muhammad Iqbal** Iqbal Singh Sevea, 2012-06-29. This book reflects upon the political philosophy of Muhammad Iqbal, a towering intellectual figure in South Asian history, revered by many for his poetry and his thought. He lived in India in the twilight years of the British

Empire and apart from a short but significant period studying in the West he remained in Punjab until his death in 1938 The book studies Iqbal s critique of nationalist ideology and his attempts to chart a path for the development of the nation by liberating it from the centralizing and homogenizing tendencies of the modern state structure Iqbal frequently clashed with his contemporaries over his view of nationalism as the greatest enemy of Islam He constructed his own particular interpretation of Islam forged through an interaction with Muslim thinkers and Western intellectual traditions that was ahead of its time and since his death both modernists and Islamists have continued to champion his legacy Bibliography of Asian Studies ,1994 **Libraries in India's National Developmental Perspective** Mohamed Taher,2001 **Sources of Indian Tradition: Modern India and Pakistan** Ainslie Thomas Embree,Stephen N. twentieth century's major intellectuals Iqbal's tragedy was that after his death he was made the national poet of Pakistan and largely ignored in India. In his time he was lauded as much as Tagore but today India celebrates Tagore while Iqbal has been banished from her consciousness. This meticulously researched biography will redress that erasure. This is the story of Iqbal's evolution as a poet, philosopher and politician. While his role in the struggle for India's freedom and the Pakistan movement are well known, not much is known about his personal life. This book highlights some of the least known facets of the poet's life: how did a nationalist poet transform into a poet of Islamic revivalism and global revolution? How did three years in Europe change Iqbal's political and philosophical outlook? Why did he start writing in Persian during his stay in Europe? Why did his first marriage fail and how did his romantic relationships affect him? What exactly was the poet's role in bringing about Partition? Written with the passion of an ardent devotee, Zafar Anjum's *Iqbal* answers all of these questions and many more in this carefully told biography.
