Grubisich,2005 Skillfully blending Eastern and Western Thought Mater Yang illuminates the traditional teachings as well as offers scientific explanations and a contemporary understanding of Taiji practice In this book Yang describes the core exercises that form the foundation of Taiji practice and explains the purpose and necessary integration of these exercises to achieve the full health and martial physical and spiritual benefits of Taiji training As both a traditionally trained expert of

Taijiquan and a scientist studying the mechanisms and benefits of Taiji practice Yang uniquely demystifies Taijiquan and makes it more accessible to a Western audience Carefully preserving and drawing from classical Taiji writings and the oral traditions of the Chinese martial arts community Yang also suggests ground breaking hypothesis to explain the mechanisms of how and why Taiji practices are so widely beneficial This book is valuable to both beginning and advanced practitioners

**Cheng Man-ch'ing and T'ai Chi: Echoes in the Hall of Happiness** Michael DeMarco,2015-08-16 Cheng Man ch ing 1902 1975 also romanized as Zheng Manqing certainly played a lead role in popularizing tai chi ch uan throughout the world and greatly influencing the way the art is perceived and practiced This fact alone should drive all those interested in tai chi to study the man s history and thought There is a huge body of writings and video representations of Cheng s tai chi theory and practice Unfortunately much of the available content actually obscures Cheng s message The result is that Cheng and his role in tai chi evolution are often not fully understood and faulty conclusions are made A further result is that many feel either enlightened with what they believe to be true or they become even more perplexed in who Cheng was as a human and what his tai chi truly embodied The chapters in this anthology contain rare information about Professor Cheng not available elsewhere except in their originally published formats in the Journal of Asian Martial Arts Most of the articles in the journal were written in an academic style limiting their acceptance from the general public which is typically interested in the more accessible popular writing styles Of course the content here deals not only with the complexities of tai chi theory and practice but does so in a thick weave of historical and cultural threads We are republishing the journal articles in book format so all with a sincere interest in tai chi history theory and practice can benefit from the content particularly those interested in the Cheng Man ch ing tradition Each author is uniquely qualified for producing some of the highest quality writings in this specialized area

**The Best Fight: A Memoir of a Martial Art Practitioner, Publisher, and Author** Michael DeMarco, 2023-10-10 A needle may draw a thread through printed pages to bind a book. In this little memoir, I feel like a needle that drew a common thread through a segment of martial art history. This book details three interrelated activities: 1. martial art studies, 2. involvement as founder of Via Media Publishing producing a quarterly journal and books, and 3. teaching martial arts. Publishers, writers, researchers, and serious martial art practitioners will benefit with the detailed overview of Via Media and its publications. Via Media produced the Journal of Asian Martial Arts, known for its high academic and aesthetic standards. Its contents reflect the history of two decades and provides rich information for practitioners and scholars, making *The Best Fight* a valuable reference work. In addition to reading, the primary way to learn a martial art is through instruction. In reading about my studies and teaching experience, readers can relate to their own involvement in martial arts. What is important here is the portrayal of my instructors, their teaching methods, and reasons for being involved in martial arts. Their accounts should offer insights and inspiration for others who study and practice any martial art.

**The Dao of Taijiquan** Tsung Hwa Jou, 1989-12-15 In *The Dao of Taijiquan*, the author Jou Tsung Hwa himself bears witness to the ability of Tai Chi to relieve the body of pent-up tension and rejuvenate the spirit in a thorough study of the techniques and classical texts of this ancient martial art. In order to create a serious textbook that explains the philosophy behind the movements of tai chi chuan, he read all available books in both English and Chinese before writing *The Dao of Taijiquan*. Now this book can be used as a college textbook for courses in tai chi, whether as a philosophy or in Sports Studies. Jou Tsung Hwa is also the author of *The Tao of Meditation: Way to Enlightenment* and *The Tao of I Ching: Way to Divination*, both from Tuttle Publishing.
