Taiwan's 2001 Legislative Magistrates And Mayors Election Further Consolidating Democracy:

Taiwan's 2001 Legislative, Magistrates And Mayors Election: Further Consolidating Democracy? John F. Copper, 2002-12-17 In December 2001 Taiwan held an election that many observers said in addition to the 2000 election that resulted in opposition party leader Chen Shui bian winning the presidency consolidated its democracy This election made President Chen's party the Democratic Progressive Party DPP the largest party in the legislature and gave him an opportunity to implement his agenda President Chen had not been able to do previously due to the opposition's large legislative majority and the political gridlock that had plagued Taiwan for some months This book examines the political milieu in which the campaign was conducted the candidates party platforms and strategies the campaign and the results of the election It also assesses the domestic and international responses to the election and its political ramifications The author argues that the DPP won using questionable tactics thus diminishing its otherwise significant victory while creating doubts about the Taiwan political miracle The KMT lost badly The People First Party created by James Soong after the 2000 presidential election performed very well in this election Former president Lee Teng hui helped found a new party shortly before this election to help President Chen by drawing support away from the KMT it performed well The author concludes that the election mirrored Taiwan's new four party system which is divided into two camps While the green bloc the DPP and Lee's new party performed well the blue team the KMT and Soong's party won a majority Taiwan's party politics the author says remain in flux

Taiwan at a Tipping Point John F. Copper, 2017-11-30 Taiwan at a Tipping Point assesses

issues relating to Taiwan's new political economic diplomatic and military strategic state of affairs following the January 2016 national election that brought the then opposition Democratic Progressive Party DPP to power. This was a momentous event. The DPP won major presidential and legislative victories giving it an easy mandate to govern. Tsai Ing-wen became president. But ruling did not turn out to be easy. Tsai and the DPP had little experience managing the economy and their growth strategies did not work well. Their stances on Taiwan's independence alienated Taiwan's biggest trading partner and a nation that claims Taiwan is its territory. China Beijing took revenge. Taiwan's only ally the United States was confused and distracted in trying to formulate a new policy toward Taiwan. Promises President Tsai and the DPP made during the campaign especially on reform and Taiwan's national status were hard to fulfill and for the most part were not. Post-election euphoria turned into dismay. Thus the question arose whether the president and the DPP would remain in power or whether the next elections would see the Nationalist Party or Kuomintang KMT return though it remaining in the doldrums made this seem unlikely. Thus uncertainty characterized Taiwan post-election. Taiwan was at a turning point.

Taiwan's Politics In Action: Struggling To Win At The Ballot Box John F Copper, 2020-11-13

Taiwan's Politics in Action: Struggling to Win at the Ballot Box is about the most interesting and exciting aspects of Taiwan's politics: political competition in the form of electioneering campaigns and voting. The author first analyzes the theories, constructs or simply ideas about elections especially who wins them and why. The most discussed by the pundits and the scholars are the watermelon and the pendulum theory: voting as before or not. The economic or pocketbook theory is also popular although whether this means economic growth or greater equity has changed. Which party or candidate has the most money is also predictive. Other constructs or simply ideas are also commonplace. Divide and conquer is another approach. Another is the best campaign agenda so too picking the most attractive candidates. Professionalism in campaigning and the use of social media are also favorite ideas. So is the appeal to voters' ethnicity espousing liberal or conservative ideas using protest focusing on constant concerns such as peace and corruption and finally the appeals of populism and progressivism. The author then examines Taiwan's two most recent elections: the 2018 mid-term or collection of local elections and the 2020 national presidential and legislative election to apply the theories. The Nationalist Party or Kuomintang KMT won the former; the Democratic Progressive Party DPP won the latter giving the observer a choice of evidence about how to win. The author concludes that Taiwan's democracy is being challenged but is still popular in spite of strong external forces and other worries.

Taiwan John F Copper, 2018-05-04

In this newly revised and updated edition of *Taiwan: Nation, State or Province*, John F. Copper examines Taiwan's geography and history, society and culture, economy, political system and foreign and security policies in the context of Taiwan's uncertain political status as either a sovereign nation or a province of the People's Republic of China. Copper argues that Taiwan's very rapid and successful democratization suggests Taiwan should be independent and separate from China while economic links between Taiwan and China indicate the opposite. New to the sixth edition is enhanced coverage of the issues of immigration.

the impact of having the world's lowest birthrate China's economic and military rise and America's decline Taiwan's relations with China the United States and Japan and the KMT's Nationalist Party return to power The new edition will also examine the implications of the 2012 presidential election A selected bibliography guides students in further research **Taiwan's Democracy on Trial** John Franklin Copper, 2012-07-10 In *Taiwan's Democracy on Trial* Professor Copper assesses the process of democratization in Taiwan during the Chen Shui-bian Era 2000 to 2008 and after He shows that in several respects most important being press freedom human rights ethnic relations political reform constitutionalism and clean governance democratization regressed Economic management was not good and relations with the United States were severely strained which also hurt the Chen administration and explains why the Nationalist Party returned to power in 2008 The democratization process has improved since 2008 *Taiwan* John Franklin Copper, 2019-11-13 In this newly revised and updated seventh edition of *Taiwan Nation State or Province* Copper examines Taiwan's geography and history society and culture economy political system and foreign and security politics in the context of Taiwan's uncertain status as either a sovereign nation or a province of the People's Republic of China Analyzing possible future scenarios and trends that could affect Taiwan's status the author argues that Taiwan's very rapid and successful democratization suggests Taiwan should be independent and separate from China while economic links between Taiwan and China indicate the opposite New features to this brand new edition include The triumph of the Democratic Progressive Party DPP in the 2016 elections The impact of the Trump administration on US Taiwan relations The rise of popularism The shift in cross Strait relations with China given their increased power on the world stage This revised and fully up to date textbook will be essential reading for students of Taiwan China US China relations and democracy *The KMT Returns to Power* John Franklin Copper, 2013 In this book the author examines how the Nationalist Party Kuomintang or KMT returned to govern Taiwan after ruling for more than half a century but losing power in 2000 when the opposition Democratic Progressive Party's DPP Chen Shui-bian won the presidency and was reelected in 2004 Out of power and playing the role of opposition party the KMT won legislative and executive elections in 2008 It subsequently won mayoral elections in 2010 and elections again to the legislative and executive branches of government in 2012 The KMT returned to power by resolving internal differences between older and younger factions in the party maintaining an alliance with friendly parties and preventing philosophical differences from mattering It was helped by the debilitating corruption of the DPP's President Chen and good campaigning In assessing these KMT election victories the author concludes that the KMT will probably remain the ruling party for some time Its reputation for good economic management democratization honesty and good leaders seen against the DPP's still damaged reputation due to Chen's corruption internal disagreements its perorocial base its inability to deal with China and the United States inhibit it from being able to return to power *Party Politics in Taiwan* Dafydd Fell, 2006-09-27 In 1991 Taiwan held its first fully democratic election This first single volume of party politics in Taiwan analyzes the evolution of party competition in the

Consolidating Taiwan's Democracy John Copper,2005-01-06 Consolidating Taiwan's Democracy assesses the often heard argument that political change in Taiwan especially that resulting from recent elections that brought a change of ruling parties first in the executive branch of government and then the legislative branch proves that Taiwan's democratization has been finalized or consolidated The author sees both positive and negative aspects to democracy's consolidation in Taiwan
