Essentials for Health and Wellness Gordon Edlin,Eric Golanty,Kelli McCormack Brown,2000 Health Wellness The Rational Mind Scott Sturgeon,2020-01-30 Scott Sturgeon presents an original account of mental states and their dynamics He develops a detailed story of coarse and fine grained mental states a novel perspective on how they fit together an engaging theory of the rational transitions between them and a fresh view of how formal methods can advance our understanding in this area In doing so he addresses a deep four way divide in literature on epistemic rationality Formal epistemology is done in specialized languages often seeming a lot more like mathematics than Plato and so can alienate philosophers who are drawn to more traditional work on thought experiments in epistemic rationality Conversely informal epistemology appears to be a lot more like Plato than mathematics and as such it tends to deter philosophers drawn to formal models of the phenomena Similarly the epistemology of coarse grained states boils down everything to a discussion of rational belief making the area appear a lot more like foundations of knowledge than anything useful for the theory rational decision such as decision making under uncertainty The Rational Mind unifies work in all of these areas for the first time

Manhood Lost Elaine Frantz Parsons,2009-07-27 In fiction drama poems and pamphlets nineteenth century reformers told the familiar tale of the decent young man who fell victim to demon rum Robbed of his manhood by his first drink he slid inevitably into an abyss of despair and depravity In its discounting of the importance of free will argues Elaine Frantz Parsons this story led to increased emphasis on environmental influences as root causes of drunkenness poverty and moral corruption thus inadvertently opening the door to state intervention in the form of Prohibition Parsons also identifies the emergence of a complementary narrative of female invasion womanhood as a moral force powerful enough to sway choice As did many social reformers women temperance advocates capitalized on notions of feminine virtue and domestic
