America and Iran John Ghazvinian, 2021-01-26 A NEW YORK TIMES NOTABLE BOOK OF THE YEAR A hugely ambitious delightfully readable genuinely informative portrait The New York Times of the two centuries long entwined histories of Iran and America two powers who were once allies and now adversaries by an admired historian and former journalist In this rich fascinating history John Ghazvinian traces the complex story of the relations between these two nations back to the Persian Empire of the eighteenth century the subject of great admiration by Thomas Jefferson and John Quincy Adams and an America seen by Iranians as an ideal to emulate for their own government Drawing on years of archival research both in the United States and Iran including access to Iranian government archives rarely available to Western scholars the Iranian born Oxford educated historian leads us through the four seasons of U S Iran relations the spring of mutual fascination the summer of early interactions the autumn of close strategic ties and the long dark winter of mutual hatred Ghazvinian makes clear where how and when it all went wrong America and Iran shows why two countries that once had such heartfelt admiration for each other became such committed enemies and why it didn't have to turn out this way

The Heart in My Head Roxanne M., 2014-03-14 Los Angeles November 2009 My meeting with Claudia took place at her house in Beverly Hills just one month after I returned home to Los Angeles from my trip to Iran It was Sunday in November a crisp Sunday afternoon The sun was getting gold over the ocean The city was peaceful the streets were quiet and the sidewalks empty I took the main thoroughfare Wilshire Boulevard as I left Ocean Avenue I felt a sense of victory and elation for not being caught in the traffic and the noise of the world There is nothing more pleasant than driving on Sundays in Los Angeles the city takes on an entirely different air On weekend getaways I would say I find myself totally in a mental exercise of freedom As I looked around I saw the sun come up red red and dull I thought it just looked like the yolk of a hard boiled egg Since my relationship with Claudia was strictly professional I must admit I felt a bit strange about meeting her outside the context of our work as she had suggested She had called me and asked me to visit her Come have a drink with me something she had not done more than two or three times since the day that she had hired me Even though we both had the art world in common we only knew each other through our work Who could suppose that this meeting would lead me to the first and perhaps biggest achievement of my life

Iran and Persianate Culture in the Indian Ocean World Andrew Peacock, 2025-02-06 The first interdisciplinary study of the history of contact between Iranians and the peoples and polities of the Indian Ocean Most of the historiography of the Iranian world focuses on interactions and migrations between Iran Central Asia and India Nonetheless this Iranian world was also closely connected to the maritime one of the Indian Ocean While scholarship has drawn attention to diverse elements of these latter

interactions ranging from the claims to Shirazi descent of East African communities to Persian elements in Malay literature and Iranian communities of merchants in China such studies have remained largely isolated from one another The consensus of historiography on the Indian Ocean presents it as an Arabic cosmopolis or in earlier times a Sanskrit one The aim of this book is thus to bring together scholars working on disparate aspects of Persianate interactions with the Indian Ocean world from antiquity to modern times to provide a more rounded picture of both the history of the Persianate world broadly conceived and that of the Indian Ocean The book brings together a collection of internationally renowned scholars from a variety of disciplines including archaeology history literature linguistics art history and covers interactions in Iran's political and commercial relations with the Indian Ocean world in history Persian speaking communities in the Indian Ocean world Persian ate elements in Indian Ocean languages and literatures Persian texts dealing with the Indian Ocean and connections in material culture

Iran's Foreign Policy in the Post-Soviet Era

Shireen T. Hunter,2010-05-20 A comprehensive exploration of postrevolution Iranian foreign policy analyzes the country's relations with key nations and regions and the impact of both Iran's domestic situation and the developing global system Iran's Foreign Policy in the Post Soviet Era Resisting the New International Order provides the first truly comprehensive in depth survey of Iranian foreign policy issue by issue and country by country since the Islamic Revolution To help readers understand both the what and the why of Iran's role in the world and formulate useful responses to that role the author provides a detailed analysis of Iranian foreign policy in all its dimensions The first part of the book places Iranian actions particularly its relations with the United States and other key players within the context of the emerging international system while also showing how domestic developments impact foreign policy The second part surveys Iranian relations with specific actors notably the United States and Russia and with key regions including Europe Central Asia the Arab world Latin America and Africa Providing an antidote to existing preconceptions this incisive analysis lays an analytically sound basis for shaping policies toward Iran policies with potentially high payoff in terms of regional security and stability

Iranian Foreign Policy during Ahmadinejad Maaïke Warnaar,2013-11-26 Written for scholars and practitioners puzzled by Iran's foreign policy choices this book argues that Iran's foreign policy behavior is best understood in the context of the regime's foreign policy ideology which is rooted in a conception of Iran as a nation changed by the 1979 Revolution and an example to other nations in a changing world

The Development of Saudi-Iranian

Relations since the 1990s Fahad M. Alsultan,Pedram Saeid,2016-08-25 Saudi Arabia and Iran have established themselves as the two regional heavyweights in one of the world's most tumultuous but critically significant regions The two countries compete on many fronts including regional politics oil prices and for leadership of the Islamic world a competition with undeniable repercussions for the Greater Middle East and for the world Some observers have gone so far as to claim that

virtually everything that happens in this area of the world can be viewed as part of the Saudi Iranian power struggle With increasing importance of the region as the dominant supplier of world energy and the birthplace of Islamic militant groups the consequences of not understanding Saudi Iranian rivalry in the region have never been more serious A range of internal and external explanatory factors explains the ups and downs of Saudi Iranian relations since the 1990s This book captures this complexity by drawing on multicausal explanations through multiple levels of interdisciplinary analysis This is the first book on the subject that is co authored by one author from Saudi Arabia and one from Iran This collaboration allowed the authors to make the best use of Persian and Arabic sources generating a locally meaningful account of the two countries relationship As Iranian and Saudi nationals they encountered less difficulty in gaining access to research participants building rapport and conducting interviews with Iranian and Saudi scholars and informants
