1. **Toolbox:** Seeing economics as a tool to solve interesting and important questions.
2. **Opportunity:** Many areas of education/linguistics/health have been poorly researched by "in-discipline" researchers – huge opportunity for economists / quantitative social scientists.
3. **Actually using your skill-set:** McKinsey et al. = Excel.
4. **South Africa:** Opportunity to do empirical work that actually influences policy, funders, thinking on education and health in SA.

happens provides several answers as it traces this disappearance with a microscopic examination of one woman's life. There are three voices juxtaposed throughout the novel: the fresh impassioned protagonist speaking through her journal entries from the age of fifteen; the sarcastic now fifty protagonist commenting about the events of her life; occasionally speaking to her younger self; and the dispassionate narrator. The novel's audience is primarily women; it will resonate most with older women, but it is younger women who most need to read it. Because this is what happens. An incisive reflection on how social forces constrain women's lives. Booklife Publishers Weekly I find the writing style very appealing. An interesting mix of a memoir and a philosophical work together with some amazing poetry. This is what happens ranks in my top five of books ever read. Mesca Elin Psychochromatic Redemption Really enjoyed the novel. I like the use of a journal as the format to tell the story. The author gives the reader lots of food for thought. An intense novel. Pam Fitzgerald The self analysis is astounding. Claudine Leonhardt A seriously powerful novel. C Osborne This book is so amazing I was so enthralled that I just kept reading. JB Amazon
