Stubblebine,2015-06-08 This work a companion to the author's Broadway Sheet Music A Comprehensive Listing of Published Music from Broadway and Other Stage Shows 1918 through 1993 McFarland 1996 provides information about all sheet music published 1843-1918 from all Broadway productions plus music from local shows minstrel shows night club acts vaudeville acts touring companies and shows on the road that never made it to Broadway and all the major musicals from Chicago **Still Alive** Ruth Kluger,2003-04-01 A controversial bestseller likened to Primo Levi and Elie Wiesel Still Alive is a harrowing and fiercely bittersweet Holocaust memoir of survival a book of breathtaking honesty and extraordinary insight Los Angeles Times Swept up as a child in the events of Nazi era Europe Ruth Kluger saw her family's comfortable Vienna existence systematically undermined and destroyed By age eleven she had been deported along with her mother to Theresienstadt the first in a series of concentration camps which would become the setting for her precarious childhood Interwoven with blunt unsparing observations of childhood and nuanced reflections of an adult who has spent a lifetime thinking about the Holocaust Still Alive rejects all easy assumptions about history both political and personal Whether describing the abuse she met at her own mother's hand the life saving generosity of a woman SS aide in Auschwitz the foibles and prejudices of Allied liberators or the cold shoulder offered by her relatives when she and her mother arrived as

refugees in New York Kluger sees and names an unexpected reality which has little to do with conventional wisdom or morality tales Among the reasons that *Still Alive* is such an important book is its insistence that the full texture of women's existence in the Holocaust be acknowledged not merely as victims Kluger insists that we look at the Holocaust as honestly as we can which to her means being unsentimental about the oppressed as well as about their oppressors Washington Post Book World

He and Him Claude Britt, Jr., 2012-08 *He and Him* is an autobiography dealing with both psychology and archaeology in the author's life He was born during the Great Depression His parents were an Ohio farmerette and a man from the Tennessee mountains who had become an alcoholic on moonshine whiskey It was a dysfunctional family from the start The mom soon developed very serious emotional problems apparently because she wasn't satisfied with the man whom she had married When the author was a six year old boy she told him that she planned to take him and leave his dad However she did the exact opposite and had more kids Upon adding more offspring to the household the author then seven years old became the victim of terrible physical and emotional abuse as well as complete neglect From the age of seven the author had to essentially raise himself He tried to avoid his parents as much as possible by spending his days in the fields and meadows by himself collecting butterflies pretty rocks and looking for prehistoric Indian arrowheads After finding a few Indian arrowheads on farms in Ohio he started a collection of Indian arrowheads and other artifacts at a very young age His collection eventually turned into a very renowned private museum as he got a little older When the author was almost thirteen years old his parents quit farming and started operating their own country store in a different community Chapter 3 in this book describes life in country stores in Ohio during the 1940s and 1950s The author lived in such a country store environment until he turned eighteen and went away to college He was the first of any of his relatives to ever go away to college His mother furnished him money to attend college but he did it completely on his own with absolutely no family encouragement or support to get a degree From the time that the author started getting educated his mom refused to ever call him by his given name She only referred to him as either He or Him Others in the family soon became full of covetousness towards him because they perceived that he had advantages which they didn't have Competitive jealousy of others in the household mounted their believing that they had to try to outdo the educated member of the family A long drawn out bitter family war against the author ensued Disrespect for the author's higher education continued in later years by not only the third generation but also by in laws who didn't even know the author when he was in college After receiving both a BS degree and an MA degree in geology with a master's thesis dealing with archaeology of Archaic Indian sites near his hometown the author took a temporary summer job as a national park ranger at Canyon de Chelly National Monument at Chinle Arizona Canyon de Chelly is located in the center of the vast Navajo Indian Reservation Getting to live and work in such a beautiful natural area was like a dream come true That first summer's work at Canyon de Chelly motivated the author to eventually work as a seasonal park ranger in six other national parks and monuments After working at Canyon de Chelly

for one summer the author ended up going back to Arizona where he lived for ten more years He married a woman in Kansas who he hardly even knew then he went to the University of Arizona where he spent two years working towards a PhD degree After that he and his wife spent eight more years back on the Navajo Indian Reservation During those years on the reservation he taught Navajo Indian children on a substitute teaching certificate It was a full time job in the winter Almost all of his students were Navajo Indians He taught all grade levels from kindergarten through high school Chapters 6 7 and 8 of this book are devoted to stories about life in remote areas of the reservation in the 1960s and 1970s At that time the author s doctor and grocery stores were 145 miles from where he lived There we
