Take Me To Paris Johnny:

Take Me to Paris, Johnny John Foster, 2016-05-02 Take Me to Paris Johnny is John Foster's moving yet unsentimental account of the life of his partner Juan C. It traces Juan's youth in Cuba and his move to New York where he struggles to make it as a dancer. There in 1981 in a chance encounter much like any other he meets John an Australian historian. What begins as just a fling becomes a dazzling six year affair. The two travel between New York Berlin and Melbourne struggling with bureaucracy in their quest to gain Juan residency in Australia then with the disease taking the lives of gay men around the globe. To the end Juan an exotic bird the only one of his kind in Melbourne is captivating witty headstrong. First published in 1993 not long before John Foster's death Take Me to Paris Johnny is brilliant and unflinching at once controlled and impassioned a love story told with humour and unerring skill. This edition includes an introduction by Peter Craven and an expanded biographical portrait of the author by John Rickard. John Foster was born in Melbourne in 1944. He studied at the University of Melbourne then in Germany and the United Kingdom. In 1971 he returned to the University of Melbourne where for many years he lectured in the Department of History. He edited the collections *Community of Fate* *Memoirs of German Jews in Melbourne* 1986 and *Victorian Picturesque The Colonial Gardens of William Sangster* 1989. Take Me to Paris Johnny was Foster's tribute to his lover Juan C. Juan was a Cuban dancer who died of AIDS in 1987. The memoir was published in 1993 and shortlisted for the Age Book of the Year award. Within a year John Foster himself was dead. A literary masterpiece. Unparalleled in Australian letters. Makes most fiction here or elsewhere look paltry by comparison. Peter Craven from the Introduction. A superbly crafted memoir. A subtle balance of formality and intimacy of rationality and passion. John Rickard from the Afterword. Brilliantly accomplished use of language. Few other books documenting this illness rumble and resonate with such sustained power. Robert Dessaix. Take Me to Paris Johnny reminds us of the complexity of relationships of the simultaneous strength and fragility of love. Denis Altman. A remarkable beautifully written memoir that captures and preserves the jittery zeitgeist among active gay men moving around the globe in the early 80s. Gail Bell. Monthly. Finely written. Foster deftly recounted his cross colour cross class relationship and brought his lover back to life on the page. Steve Dow. Age. Greater Expectations Jan Gothard, 2011-03-01 Based on more than 60 personal interviews and supported by scholarly research this book shows the varied attitudes and approaches that make up the rich experience of living with disability in a changing society. Covering Down syndrome from conception to old age this historical analysis touches upon a variety of themes including education friendship health recreation sexuality employment and independence. This moving partly autobiographical account is a must read for all parents teachers health professionals and policy makers who make choices that affect people with disabilities. *Routledge International Encyclopedia of Queer Culture* David A. Gerstner, 2006 The Encyclopedia introduces both scholars and general readers to the cultural political scientific juridical and historical practices of international queer culture. **Robert Manne** Robert Manne, 2024-12-02 The recollections of Australia's

leading public intellectual Robert Manne is one of Australia's most profound political analysts. His memoir traces his intellectual roots, revealing how his family background and early years informed the questions he would spend his life trying to answer. It also provides a fascinating portrait of key political controversies, including intellectual combat over Pol Pot, Wilfred Burchett, the Stolen Generations, Manning Clark, the Howard government, the Murdoch press, and much more. During the Cold War and the culture wars, Manne clashed with some of the most influential thinkers, writers, and polemicists: Noam Chomsky, Les Murray, Leonie Kramer, Tom Keneally, Isi Leibler, Helen Demidenko, Darville, Peter Craven, Paddy McGuinness, Keith Windschuttle, and Andrew Bolt. This memoir recounts, with surprising and unknown detail, what really happened and why. Often subverting conventional notions of left and right, Manne is an original thinker who has helped shape the nation's discourse for decades. This is the inside story of a life of engagement and reflection, and a book for anyone interested in the shape and meaning of the past nearly fifty years of politics. Untimely Interventions Leigh Ross

Chambers, 2009-12-22 As atrocity has become characteristic of modern history, testimonial writing has become a major twentieth-century genre. *Untimely Interventions* relates testimonial writing or witnessing to the cultural situation of aftermath, exploring ways in which a culture can be haunted by its own history. Ross Chambers argues that culture produces itself as civilized by denying the forms of collective violence and other traumatic experience that it cannot control. In the context of such denial, personal accounts of collective disaster can function as a form of counter-denial. By investigating a range of writing on AIDS, the First World War, and the Holocaust, Chambers shows how such writing produces a rhetorical effect of haunting as it seeks to describe the reality of those experiences; culture renders unspeakable. Ross Chambers is Professor of Romance Languages at the University of Michigan. His other books include *Facing It: AIDS, Diaries, and the Death of the Author*. Frances Burney and the Doctors John Wiltshire, 2019-10-24 Provides the first dedicated study of Frances Burney's medical writings, which are now viewed as foundational to modern illness narratives.

Movement, Knowledge, Emotion Jennifer Power, 2011-09-01 This book is about community activism around HIV/AIDS in Australia. It looks at the role that the gay community played in the social, medical, and political response to the virus. Drawing conclusions about the cultural impact of social movements, the author argues that AIDS activism contributed to improving social attitudes towards gay men and lesbians in Australia, while also challenging some entrenched cultural patterns of the Australian medical system, allowing greater scope for non-medical intervention into the domain of health and illness. The book documents an important chapter in the history of public health in Australia and explores how HIV/AIDS came to be a defining issue in the history of gay and lesbian rights in Australia. *A Companion to Australian Literature Since 1900* Nicholas Birns, Rebecca McNeer, 2007 A fresh twenty-first-century look at Australian literature in a broad, inclusive, and multicultural sense.

Migrant Nation Paul Longley Arthur, 2017-12-15 Focusing on particular historical blind spots by telling stories of individuals and groups that did not fit the favoured identity mould, the essays in *Migrant Nation* work within the gap between

Australian image and experience and offer fresh insights into the other side of identity construction The volume casts light on the hidden face of Australian identity and remembers the experiences of a wide variety of people who have generally been excluded neglected or simply forgotten in the long running quest to tell a unified story of Australian culture and identity Drawing upon memories letters interviews and documentary fragments as well as rich archives the authors have in common a commitment to give life to neglected histories and thus to include in an expanding and open ended national narrative people who were cast as strangers in the place that was their home
