**Kenya** Richard Trillo,2002 The Rough Guide to Kenya is the ultimate guide to East Africa s best known destination Features include a full colour section introducing Kenya s highlights practical advice on getting the most out of Kenya from the well known safari parks to the little known reserves and the highlands lakes and deserts to downtown Nairobi and the Indian Ocean detailed reviews of accommodation and eating options to suit every taste and budget including luxury lodges and local restaurants candid coverage of Kenya s history politics culture and environment and maps and plans for every region

Obama and Kenya Matthew Carotenuto,Katherine Luongo,2016-07-29 Barack Obama s political ascendancy has focused considerable global attention on the history of Kenya generally and the history of the Luo community particularly From politicians populating the blogosphere and bookshelves in the U S and Kenya to tourists traipsing through Obama s ancestral home a variety of groups have mobilized new readings of Kenya s past in service of their own ends Through narratives placing Obama into a simplified sweeping narrative of anticolonial barbarism and postcolonial tribal violence the story of the United States president s nuanced relationship to Kenya has been lost amid stereotypical portrayals of Africa At the same time Kenyan state officials have aimed to weave Obama into the contested narrative of Kenyan nationhood Matthew Carotenuto and Katherine Luongo argue that efforts to cast Obama as a son of the soil of the Lake Victoria basin invite insights into the politicized uses of Kenya s past Ideal for classroom use and directed at a general readership interested in global affairs Obama and Kenya offers an important counterpoint to the many popular but inaccurate texts about Kenya s history and Obama s place in it as well as focused thematic analyses of contemporary debates about ethnic politics tribal identities postcolonial governance and U S African relations

**An Infinity of Interpretations** Ronald E. Kimmons, 2010-03-03 In *An Infinity of Interpretations* Dr Kimmons explores a simple thesis Life has no meaning except what we assign to it Dr Kimmons simple thesis helps us begin to understand why there is such a variety of interpretations of just about everything encountered in modern times including ideas and behavioral phenomena from politics science social science entertainment and religion Dr Kimmons proposes that most of what we want to accomplish in this lifetime is driven not by a quest for money power sex glory religion or objective knowledge Rather what we want to accomplish in this lifetime is driven by our desire to understand justify and perpetuate our life While including bits and pieces of his own life story along with social commentary about a variety of matters taking place in these times in this book Dr Kimmons addresses the origins of his thesis and uses Freud and White as part of a theoretical framework for his thesis The core of Dr Kimmons book however is his attempt to illustrate how individuals may actualize themselves through completely different processes but all with the same ultimate goal or end in mind To understand justify and perpetuate ones life Is it true that there are few if any absolutes in this world Dr Kimmons seems to believe that and through his examination of a simple thesis encourages us to proceed carefully in this life lest we offend life itself
