Clarke, 2013-03 Pakistan with the second largest Muslim population in the world is a crucial country in the international system This book identifies the factors that contribute both to Pakistan's perceived instability and its resilience It examines the drivers of Pakistan's chronic instability and addresses the implications of its current political and security predicaments for regional international and its own security **Pakistan Library Bulletin**, 1981 **Explaining Pakistan's Foreign Policy** Aparna Pande, 2011-03-16 Pakistan has over the decades become a hotbed for the terrorist ideology often referred to as Jihadism This book investigates the underlying principles of Pakistan's foreign policy from 1947 until the present day and explains the rise of Jihadism as an offshoot of Pakistan's security concerns The book goes on to discuss that from its inception as a separate state Pakistan's foreign policy focused on seeking parity with India and escaping from an Indian South Asian identity The desire to achieve parity with its much larger neighbour led Pakistan to seek the assistance and support of allies The author analyses the relationship Pakistan has with Afghanistan United States China and the Muslim world and looks at how these relationships are based on the desire that military economic and diplomatic aid from these countries would bolster Pakistan's meagre resources in countering Indian economic and military strength The book presents an interesting contribution to South Asian Studies as well as studies on International Relations and Foreign Policy Within the Lights Shadow Kenneth Kirkwood, 2024-07-12 After Captain Johnstone becomes president he is adamant that he must visit Pakistan He ignores all the warning signs and contacts George and his team to prepare for his trip to Pakistan As he is Searching for the Light at the end of the tunnel hoping that his statement will show terrorists that they cannot control his narrative He hopes to establish a long lasting peace between Pakistan and the United States Foreign Relations of the United States United States. Department of State, 1952 *My Take* LK Advani, 2021-01-19 L K Advani's blogs cut across generations for his contemporaries they have a recall value For the young Indian restless to do his bit in shaping the future of his country Advani's blogs provide a rare insight into history They take him through the turmoil and toil of leaders like Sardar Patel and their distinctive contribution in shaping today's India Advani's blogs have a dual purpose they mirror an era gone by and yet link its relevance to an India raring to take on the world The blogs therefore successfully merge two eras one to which Advani himself belongs with another which sees him as a mentor That Advani has been a consequential politician is a given As a protagonist in the political playfield spanning decades he along with Atal Behari Vajpayee not only formed the Bharatiya Janata Party but transformed it dramatically If the BJP is nationally in the reckoning

today it is because of the Atal Advani vision of bringing it centre stage from the margins It is through this journey that he redefined secularism During his historic yatras including the Ramjanambhoomi and Somnath to Ayodhya the country was compelled to redefine secularism and distinguish it from the pseudo secularism being handed down by adversaries But that is only one part The other and more significant is Advani s contribution in setting and elevating standards in public life and hammering that they be followed That he has led from the front is well known The strength of Advani s blogs like his persona is that they are direct candid and forthright There is no soft pedaling issues or minimizing the blow as it were He has stated facts as they are and made no attempt to either underplay or exaggerate any sequence His writings are as clear as his mind The blogs offer a wide range history politics books and all else To those who have a stake in India s political future Advani s blogs are an effective guide for others an interesting read
