The Huna Code In Religions Max Freedom Long, 2015-01-09 In the year 1953 the presence of coded Huna information in the Bible was discovered Since that time the research work has progressed with a number of additional pieces of coded information uncovered This book gives not only the later findings but further expands the study to show similar coded information in the religions of the ancient Egyptians Israelites Buddhists and practitioners of Yoga The complete investigation of the Bible and Gnostic literature has not yet been finished and the reader who wishes to do so may carry on for himself without much difficulty once this book has been read and the research method is understood Yesterday the unveiling of the coded knowledge would have been countered by the Church with burnings and any torture needed for the suppression of heresy Today happily even the humblest Galileo is able safely to take up his telescope and peer into the realms of the new and strange and still forbidden From the Forward Get Your Copy Today **The Huna Code in Religions** Max Freedom Long, 1865 [The Huna Code in Religions. \(A Report on the Rediscovered Mystery Teachings Underlying Christianity, Yoga and Buddhism.\)](#) Max Freedom LONG, 1965 *Transform Your World Through the Powers of Your Mind* Jawara D. The Lost Secret of Death Peter Novak, 2025-09-12 Novak investigates a belief called the Binary Soul Doctrine BSD which states simply that humans possess two souls which split at death the conscious going on to reincarnate again and again while the unconscious ends up in a type of limbo judging itself for all eternity He goes on to explain that long ago the BSD was the primary belief of a single world religion which since has been broken into more and more fragments However he claims that twentieth century findings including the work of Freud and Jung as well as findings of modern neuroscience and Near Death research has marked a resurgence of belief in the veracity of the BSD Novak argues just as those long ago did that it is essential for humans to integrate these two souls together before death to avoid the nightmare of being split in two at death He even offers a few steps to help readers start the process of integration

Mysteries Colin Wilson, 2015-05-17 The acclaimed author of *The Occult* presents a groundbreaking theory of unexplained phenomena from ghosts and magic to the power of the unconscious A renowned expert on the subject of occultism Colin Wilson's sequel to his masterwork *The Occult* is a major work in its own right In *The Mysteries* Wilson continues his investigation into magic the paranormal and the supernatural through extensive research as well as his own extraordinary first hand experiences The result is an extraordinary tour de force of scholarship New Science Through a personal mystical experience Wilson discovered that human beings consist of a ladder or hierarchy of selves whose upper members may be called upon at will for personal transformation and deep knowledge This experience inspired him to apply this insight to all paranormal phenomena from precognition to Uri Geller's spoon bending Wilson presents detailed studies of hauntings possession and demonic hypnosis as well as magic the Kabbalah and astrology At the heart of his work is a fascinating discussion of the Great Secret of the alchemists which he sees as the key to the

mystery of the ladder of selves *Fundamentals of Hawaiian Mysticism* Charlotte Berney,2012-09-05 Huna is ancient and at the same time magnificently modern The mystical practice of Kahuna evolved in isolation on the island paradise of Hawaii The ancient Hawaiians valued words prayer their gods the sacred the breath a loving spirit family ties the elements of nature and mana the vital life force ideas profound yet elegantly simple Discovering the concepts of Huna is like finding gemstones in a mountain a joyous journey The Encyclopedia of American Religions J. Gordon Melton,1993 *Spiritwalker* Hank Wesselman,2010-01-13 I am about to tell you a most unusual story a chronicle of something that happened to me while I was living on the flank of an active volcano on the island of Hawai i I m a scientist I mention this because I do not feel that I was in any way predisposed for what was about to occur In fact my scientific training would seem to have preprogrammed me against such an experience From *Spiritwalker* The astonishing true story of an anthropologist s quest into a spiritual world of magic mysticism and meaning Not since Castaneda s tutelage under the Yacqui Indian guide Don Juan has there been a spiritual autobiography quite like *Spiritwalker* Hank Wesselman s incredible story of a series of encounters that would forever change his life began with what he at first tried to explain away as particularly vivid dreams but which grew increasingly intense and insistent ultimately propelling him on twelve fantastic journeys across time and space Over the next three years his journeys proved to be far more important than mere reason could explain Eventually Dr Wesselman became convinced that he d been granted a visionary encounter with what tribal people from millennia past have called the spirit world During his epic travels Dr Wesselman met shape shifting entities spirit helpers and guardians and found himself traversing a mental physical and spiritual landscape on a path intersecting that of a fellow traveler a Hawai ian kahuna mystic named Nainoa Five thousand years into the future Nainoa had been sent by his Chief on a journey into what used to be America a once powerful land of machines and magic from which no previous voyagers had ever returned What did Nainoa seek from Dr Wesselman What did the anthropologist have to learn about his own world from this exotic traveler from another time and place Together scientist and mystic are initiated into knowledge of non ordinary levels of reality and given foreshadowings of imminent environmental political and spiritual challenges to their civilization Without abandoning his scientific objectivity Dr Wesselman abandoned himself to the mystical sometimes frightening yet always luminous experiences that brought him beyond the boundaries of ordinary consciousness The result is a fascinating and suspenseful adventure an exciting and important archeological discovery and the story of how a hard headed scientific realist stumbled on an important piece of the puzzle of human evolution Socially urgent and disturbingly prophetic *Spiritwalker* has a universal mythic resonance and an undeniable relevance for today as it challenges our perceptions of our world our reality and our future **Original Christianity** Peter Novak,2005-09-29 Offers more information about the first century world of early Christians asking Could Christ s original teachings have truly been lost Foreword Reviews Whoever finds the interpretation of these sayings will not experience death from the Gospel of Thomas The work of scholars such as Elaine

Pagels and Marvin Meyer have captured the imagination of the public by setting forth the Gospel of Thomas and other lost teachings of Jesus Now Peter Novak in Original Christianity brings forth a critical element essential for fully understanding these scriptures Novak argues that the authors of these early texts subscribed to the Binary Soul Doctrine an ancient belief system that allows for both reincarnation and an eternal afterlife Novak s interdisciplinary approach offers fresh insights on the beliefs and politics of the early church founders He points out that reincarnation was a commonly held Christian belief until it was voted out of official Christianity and the record expunged This newfound key reveals the true identities of many mysterious Biblical figures such as Lazarus Barabbas Judas and especially the Apostle Thomas who may not only have been Jesus identical twin brother but indeed a second Christ in his own right who lived to produce a genetically identical bloodline More important still the rediscovery of the lost theology of Original Christianity means Christ s central message of personal integrity can again take center stage
