been brought to justice Although there have been other unsolved crimes of this same nature and of even greater magnitude this series seems to have had a lasting impact on the public enough so that a virtual army of private citizens are pursuing this investigation on their own When time permits there are full time police officers who also work this investigation By examining the information from each assault it gradually becomes clear just how meticulous the EAR ONS was Every detail from selecting a victim to the actual assault appear to have been carefully planned and orchestrated The EAR ONS was as devoted to committing sexual assaults and murders as anyone devoted to their own profession In a distorted way he was a professional rapist murderer and quite probably a certifiable psychopath Perhaps this continuing interest is because those wanting to involve themselves in the investigation know it can still be brought to a satisfactory conclusion **Ruins of the**
