Thompson, 2006-11-15 Thompson's study offers a fresh reading of Acts that keeps the church within its literary place within that narrative His study uncovers descriptions of the church that emphasize certain characteristics presented in the opening scenes of the narrative the blessing and presence of God the unanimity of the believers the communal caring for one another and the proclamation of the gospel The progression of the Acts narrative presents an evolving image of the church that eventually includes both Jewish and non Jewish believers of the gospel with growing opposition from the Jewish people and even from the Jewish believers in Jerusalem This dynamic portrait of the church in the book of Acts contrasts three different views concerning the people of God the Jewish people as the historical people of God Jewish believers as represented by the Jerusalem church and the church that includes both Jews and Gentiles By offering such a dynamic narrative of these various groups of believers Acts encourages readers to define and identify the church or Christian community as the people who belong to God rather than those whose identity as God's people is based on historical or religious categories *The Oxford Handbook of Philosophy and Literature* Richard Eldridge, 2009-03-27 This title investigates literature as a form of attention to human life Various forms of attention are considered and in each case the effort is to track and evaluate how specific modes and works of imaginative literature answer to important needs of human subjects *Oral Tradition in Ancient Israel* Robert D. Miller II, OFS, 2011-09-08 Providing a comprehensive study of oral tradition in Israel this volume unpacks the nature of oral tradition the form it would have taken in ancient Israel and the remains of it in the narrative books of the Hebrew Bible The author presents cases of oral written interaction that provide the best ethnographic analogies for ancient Israel and

insights from these suggest a model of transmission in oral written societies valid for ancient Israel Miller reconstructs what ancient Israelite oral literature would have been and considers criteria for identifying orally derived material in the narrative books of the Old Testament marking several passages as highly probable oral derivations Using ethnographic data and ancient Near Eastern examples he proposes performance settings for this material The epilogue treats the contentious topic of historicity and shows that orally derived texts are not more historically reliable than other texts in the Bible

Theology as Performance Philip Stoltzfus, 2006-06-05 *Theology as Performance* breaks new ground in the growing conversation between modern theology and philosophical aesthetics Stoltzfus proposes that significant moments in the Western development of the concept of God in particular as represented in the figures of Friedrich Schleiermacher Karl Barth and Ludwig Wittgenstein have been deeply influenced by concepts and approaches borrowed from the discipline of musical aesthetics Each thinker develops fundamentally different ways of writing about God that have in significant respects been derived from each one s reading and writing about music The aesthetic implications of Schleiermacher s so called subjectivist turn Barth s objectivist reaction and Wittgenstein s language game pragmatism can thus be fully understood only by attending to the musical culture and distinctly musicological discourses that gave rise to them Stoltzfus constructs two trajectories of thought with which to trace theological reflection upon music throughout the pre modern period the traditions of Orpheus and Pythagoras Schleiermacher s aesthetic approach then becomes a modern representative of the Orpheus trajectory and Barth s approach a representative of the Pythagoras trajectory Stoltzfus interprets Wittgenstein as putting forward a radical critique of these trajectories and pointing toward a third performative theological aesthetic method *Theology as Performance* offers a provocative rethinking of the aesthetic roots of modern theology
