### The Illustrated Collector39s Guide To Alice Cooper:

Experiencing Alice Cooper Ian Chapman, 2018-03-12 Experiencing Alice Cooper A Listener's Companion takes a long overdue look at the music and stage act of rock music's self styled arch villain A provocateur from the very start of his career in the mid 1960s Alice Cooper aka Vince Furnier son of a lay preacher in the Church of Jesus Christ carved a unique path through five decades of rock n roll Despite a longevity that only a handful of other artists and acts can match Alice Cooper remains a difficult act and artist to pin down and categorize During the last years of the 1960s and the heydays of commercial success in the 1970s Cooper's groundbreaking theatricality calculated offensiveness and evident disregard for the conventions of rock protocols sowed confusion among his critics and evoked outrage from the public Society's watchdogs demanded his head and Cooper willingly obliged at the end of each performance with his on stage self guillotining But as youth anthem after youth anthem I m Eighteen School's Out Elected Department of Youth rang out in his arena concerts the world over and across airwaves fans flocked to experience Cooper's unique brand of rock Critics searched for proper descriptions pantomime vaudeville retch rock Grand Guignol In 1973 Cooper headlined in Time magazine as Schlock Rock s Godzilla In Experiencing Alice Cooper A Listener's Companion Ian Chapman surveys Cooper's career through his twenty seven studio albums 1969 2017 While those who have written about Cooper have traditionally kept their focus on the stage spectacle too little attention has been paid to Cooper's recordings Throughout Chapman argues that while Cooper may have been rock s most accomplished showman he is first and foremost a musician with his share of gold and platinum albums to vouch for his qualifications as a musical artist Alice Cooper in the 1970s Chris Sutton, 2023-07-28 The 1970s was the decade that saw the arrival of Alice Cooper as a major force in the rock firmament Chris Sutton explores the story of Alice Cooper the band and also Alice the solo performer from their early years through to the end of the decade A roller coaster ride of classic albums and singles the songs recorded in the 1970s still dominate his live sets to this day The book features all new interview material from key figures including Michael Bruce Dennis Dunaway and Neal Smith from the original band Prakash John from the solo years and Ernie Cefalu whose company Pacific Eye and Ear designed the sleeve packaging Several other musicians concert promoters and even the band's first roadie have also contributed their thoughts All of the albums and singles from Don t Blow Your Mind until From The Inside are examined in detail along with related archive releases and songs that didn t make the final cut In the course of putting the book together much new information came to light that will be of huge interest to hardened collectors and new fans alike making this book is an essential guide to Alice Cooper in the decade that the band helped to define Chris Sutton has been a fan of Alice Cooper since 1972 and the band s famous debut appearance on Top Of The Pops The reunion of the band for their UK tour in 2017 stands as one of his happiest memories He manages Smethwick Heritage Centre Museum and has written several publications for them He has also written several plays Alice Cooper in the 1970s is his first venture into music writing with others to follow He lives in Great
