Brett Cox, 2021-05-11 Challenging convention with the SF nonconformist Roger Zelazny combined poetic prose with fearless literary ambition to become one of the most influential science fiction writers of the 1960s Yet many critics found his later novels underachieving and his turn to fantasy a disappointment F Brett Cox surveys the landscape of Zelazny s creative life and contradictions Launched by the classic 1963 short story A Rose for Ecclesiastes Zelazny soon won the Hugo Award for Best Novel with And Call Me Conrad and two years later won again for Lord of Light Cox looks at the author s overnight success and follows Zelazny into a period of continued formal experimentation the commercial triumph of the Amber sword and sorcery novels and renewed acclaim for Hugo winning novellas such as Home Is the Hangman and 24 Views of Mt Fuji by Hokusai Throughout Cox analyzes aspects of Zelazny s art from his preference for poetically alienated protagonists to the ways his plots reflected his determined individualism Clear eyed and detailed Roger Zelazny provides an up to date reconsideration of an often misunderstood SF maverick **A Checklist of Roger Zelazny** ,1993 **A Storm of Swords: The Illustrated Edition** George R. Reginald, 2009-11-01. *Science Fiction Fantasy Book Review* was founded in 1979 to provide comprehensive coverage of all the major and minor books being released in the genre at that time. This was the golden era of SF publishing with a thousand titles old and new hitting the stands and the bookshelves each and every year. From the older classics to the newest speculative fiction, this was the period when the best and the brightest shined forth their talents. SF FBR included reviews by writers in the field, by amateur critics and by litterateurs and University professors. Over a thousand books were covered during the single year of publication, many of them having been reviewed nowhere else before or since. The January 1980 issue includes a comprehensive index of all the works featured during the preceding year. This reprint will be a welcome addition to the literature of science fiction and fantasy criticism. Neil Barron is a retired bibliographer and literary critic, editor of the acclaimed *Anatomy of Wonder* series. Robert Reginald was the publisher for twenty-five years of Borgo Press and has authored over 110 books of his own.
