Yugoslavia A Concise History surveys the whole turbulent course of the country's history in the context of the struggles between great powers for control of the Balkans Torn apart by nationalist rivalries the first Yugoslavia lapsed into paralysis and dictatorship Axis occupation in 1941 unleashed a murderous civil war in which the Communist Party emerged victorious Tito's Yugoslavia appeared to the world as a peaceful multi national federation but in the end disintegrated amid barbarism unknown in Europe for half a century This revised and fully updated edition explains why and takes the events up to the arrest of Milosevic in 2001 and beyond [The Dissolution of Yugoslavia and the Badinter Arbitration Commission](#) Steve Terrett, 2017-11-22 This title was first published in 2000 Yugoslavia's dissolved at a time when rhetoric of the New World Order was firmly established in legal and political discourse Nevertheless the largely positive appraisal of international law's response to the Iraq Kuwait conflict has not been mirrored in relation to Yugoslavia This book evaluates the peace making efforts of the major institutional actors whilst focusing specifically on the Badinter Arbitration Commission an ad hoc EC created organ required to provide legal advice on the issues surrounding Yugoslavia's dissolution Initially composed of constitutional lawyers aiming to redraft Yugoslavia's constitution the Commission soon faced problems of public international law Its jurisprudence challenges international lawyers to reassess their state centric conceptions of international law in a world where most conflicts war crimes and human rights abuses exist within rather than between States This book is vital reading for anyone interested in international law international relations politics and central eastern European studies

A Cultural History of Serbia David A. Norris, 2024-03-05 This volume focuses on Serbia's need to manage change while preserving community identities: a narrative that avoids the common depiction of Serbian culture as a hostile struggle between modernizers supporting foreign models and traditionalists advocating forms of national cultural patrimony. Traditions only function if they are allowed to bend to the necessary modifications demanded by a community's changing historical circumstances. Tradition and change are two sides of the same coin which Serbia in its many different incarnations has experienced over the centuries: protecting its national heritage while borrowing and adapting intellectual and other trends from Byzantine, Ottoman and Western sources. Outside influences have been imposed as a direct result of foreign rule or through more friendly channels of communication leading to a complex relationship between autochthonous and alien elements in Serbian society and culture. This book argues that the division between the national and international frameworks has often been a false dichotomy with outside features embedded in domestic symbolic capital and Serbian culture simultaneously determined on local, national, regional and global levels. David A. Norris's approach offers a new perspective to students, academics and general readers interested in the history of Serbia's participation in the broad networks of cultural exchange.

Women and Yugoslav Partisans Jelena Batinić, 2015-05-12 This book focuses on one of the most remarkable phenomena of World War II: the mass participation of women, including numerous female combatants, in the communist-led Yugoslav Partisan resistance. Drawing on an array of sources: archival documents of the Communist Party and Partisan army; wartime press; Partisan folklore; participant reminiscences and Yugoslav literature and cinematography, this study explores the history and postwar memory of the phenomenon. More broadly, it is concerned with changes in gender norms caused by the war, revolution and establishment of the communist regime that claimed to have abolished inequality between the sexes. The first archive-based study on the subject, *Women and Yugoslav Partisans* uncovers a complex gender system in which revolutionary egalitarianism and peasant tradition interwove in unexpected ways.

Croatian Radical Separatism and Diaspora Terrorism During the Cold War Mate Nikola Tokić, 2020-04-15 *Croatian Radical Separatism and Diaspora Terrorism During the Cold War* examines one of the most active but least remembered groups of terrorists of the Cold War: radical anti-Yugoslav Croatian separatists. Operating in countries as widely dispersed as Sweden, Australia, Argentina, West Germany and the United States, Croatian extremists were responsible for scores of bombings, numerous attempted and successful assassinations, two guerilla incursions into socialist Yugoslavia and two airplane hijackings during the height of the

Cold War In Australia alone Croatian separatists carried out no less than sixty five significant acts of violence in one ten year period Diaspora Croats developed one of the most far reaching terrorist networks of the Cold War and in total committed on average one act of terror every five weeks worldwide between 1962 and 1980 Toki focuses on the social and political factors that radicalized certain segments of the Croatian diaspora population during the Cold War and the conditions that led them to embrace terrorism as an acceptable form of political expression At its core this book is concerned with the discourses and practices of radicalization the ways in which both individuals and groups who engage in terrorism construct a particular image of the world to justify their actions Drawing on exhaustive evidence from seventeen archives in ten countries on three continents including diplomatic communiqu s political pamphlets and manifestos manuals on bomb making transcripts of police interrogations of terror suspects and personal letters among terrorists Toki tells the comprehensive story of one of the Cold War s most compelling global political movements

Usable History? Tea Sindbæk, 2012-10-17 When Yugoslavia was invaded by Nazi Germany and its allies in April 1941 what followed was as much a Yugoslav civil war as a war of occupation and liberation Several hundred thousand Yugoslav civilians were killed by other Yugoslavs in large scale massacres or concentration camps and the horrific events left the country ruined and deeply divided Usable History examines the way in which the history of Yugoslavia s internal problematic past was presented and used politically and ideologically and asks how a society can cope with such an unmasterable history How did Yugoslav historians and politicians represent and explain their own history and how did these representations interact with the cultural developments political demands and societal needs By investigating political documents historiography and popular representations of history such as films songs and literature the book s author reveals a deeply disturbing narrative of historical mis interpretation and mis use

Historical Knowledge Production Cultures in Late Socialist Hungary and Croatia Réka Krizmanics, 2024-01-08 Historical Knowledge Production Cultures in Late Socialist Hungary and Croatia Expertise Unsettled offers a comparative study and analysis from the Hungarian case and integrating academic party and popular historiography into a single analytical framework Narratives concerning the history of the interwar period and the Second World War and circumstances of their elaboration are at the forefront of this study R ka Krizmanics argues that even within state socialist Eastern Europe different enabling and restrictive factors were at play and investigates the specificities of late socialism while embedding them in the context of their interwar Stalinist and post Stalinist legacies Expertise Unsettled refers to the growing peril of historians who proved to be often divided among themselves and were increasingly on the defense as a guild when literature cinema and interested non professionals got involved in making and criticizing narratives of the recent past Party history and party historians have been often sidelined in intellectual history but the author argues that their inclusion is crucial both for a more complex understanding of what late state socialism meant for historians and to historicize practices of contemporary post socialist especially illiberal memory regimes

Political Communication Sarah Sanderson King, Donald P.

Cushman,1993-01-07 Using the theatric metaphors of a passion play in Poland simultaneous ethnic dramas in Yugoslavia a heroic poem in Armenia and a bunraku puppet play in the People s Republic of China the authors of this book chronicle the massive confrontation by citizens through the Socialist Block with their communist governments in 1990 91 These historic and dynamic communication processes are analyzed and placed in theoretic perspective by three communication scholars from a political rhetorical and strategic interaction perspective **Realm of the Black Mountain** Elizabeth

Roberts,2024-10-24 Montenegro was admitted to the UN as its 192nd member in June 2006 thus recovering the independence it had lost nearly ninety years earlier at the Versailles Peace Conference This is the first full length history of the country in English for a century tracing the history of the tiny Balkan state from its earliest roots in the medieval empire of Zeta through its consistently ambiguous and frequently problematic relationship with its larger neighbour Serbia the emergence of a priest warrior ruler in the shape of the Vladika and its emergence from Ottoman suzerainty at the Congress of Berlin In more recent history the book focuses on Montenegro s troubled twentieth century its prominent role in the Balkan wars its unique deletion from world maps as an independent state despite being on the winning side in the Great War its ignominious role in the wars leading to the disintegration of Yugoslavia and its final reemergence as a member of the international community on the anniversary of the Battle of Kosovo in 2006 Since independence Montenegro has grappled with the question of Euro Atlantic integration including membership of NATO achieved and the EU applicant Even as it has fought to define its identity it has gone from being one of the poorest nations in the Western Balkans to having the highest per capita income of the region It successfully navigated democratic transition in 2020 *Minorities in the Balkans: state policy and interethnic relations (1804 - 2004)* Bataković, Dušan T.,2011-01-01

Yugoslavia's Bloody Collapse Christopher Bennett,1997 An incisive and revealing history of how Yugoslavia plunged into violence in the 1990s Over the past two years the entire world watched in horror as one of Europe s most stable countries plunged into an orgy of violence and bloodshed that has invoked comparisons to the Holocaust Aside from empty threats and diplomatic hand wringing the West has done little to stop the ethnic cleansing the sieges and the brutality that has characterized the conflict in the former Yugoslavia Contrary to common wisdom the hyper violent disintegration of the former Yugoslavia is not simply and exclusively the product of inherent and irrational ethnic animosities and centuries of strife In this engaging book journalist Christopher Bennett traces the turning point to the 1987 struggle within the Serbian Communist party which was between adherents of a Serb nationalist ideology embodied by Slobodan Milosevic and the other Yugoslavs who clung to the vision of a multinational state As soon as Milosevic gained the upper hand he ruthlessly purged his rivals and launched a massive campaign of media indoctrination to stir up Serb nationalism This new nationalism which has repelled the world since 1991 is primarily Milosevic s creation and not merely the result of historical enmity As a student at two different Yugoslav universities in the 1980 s Bennett witnessed firsthand many if the critical events which contributed to Yugoslavia s destruction He renders an

incisive and accessible history covering the period from Tito's dictatorship to the present day

A History of Modern Political Thought in East Central Europe Balázs Trencsenyi, Michal Kopeček, Luka Lisjak Gabrijelčić, Maria Falina, Mónika Baár, 2018-11-10 A History of Modern Political Thought in East Central Europe is a synthetic work authored by an international team of researchers covering twenty national cultures and 250 years. It goes beyond the conventional nation-centered narratives and presents a novel vision especially sensitive to the cross-cultural entanglement of political ideas and discourses. Its principal aim is to make these cultures available for the global market of ideas and revisit some of the basic assumptions about the history of modern political thought and modernity as such. The present volume is the final part of the project following Volume I Negotiating Modernity in the Long Nineteenth Century and Volume II Part I Negotiating Modernity in the Short Twentieth Century 1918-1968 OUP 2018. Its starting point is the defeat of the vision of socialism with a human face in 1968 and the political discourses produced by the various consolidation or normalization regimes. It continues with mapping the exile communities and domestic dissidents' critical engagement with the local democratic and anti-democratic traditions as well as with global trends. Rather than achieving the coveted end of history, however, the liberal democratic order created in East Central Europe after 1989 became increasingly contested from left and right alike. Thus, instead of a comfortable conclusion pointing to the European integration of most of these countries, the book closes with a reflection on the fragility of democracy in this part of the world and beyond.

Parachutes, Patriots and Partisans Heather Williams, 2003 Based on impressive research and new evidence, this history of the secret British wartime agency, the Special Operations Executive, in wartime Yugoslavia argues that SOE actions achieved little military advantage for the Allies and exacerbated the developing civil war among the forces of monarchist Draža Mihailović, Tito's partisans, and other guerrilla groups. Heather Williams tracks SOE relations with the British Foreign Office, policy makers, and military high command, the Yugoslav guerrilla movements, and exiled Yugoslav government, other secret organizations, and the American Office of Strategic Services, examining how rivalries among these players influenced the future of Yugoslavia. Copublished with C Hurst & Co. Publishers Ltd, London. The Wisconsin edition is for sale only in North and South American U.S. dependencies and the Philippines.

Shock Waves John Feffer, 1992 Feffer provides an incisive historical background to the current political and economic conflicts that are dramatically reshaping daily life in Eastern Europe and offers critical and guardedly hopeful speculation about the future of the region. Feffer draws upon hundreds of interviews he has conducted with the region's policymakers, trade unionists, grassroots activists, and scholars.

State Collapse and Reconstruction in the Periphery Jens Stilhoff Sørensen, 2009 In the 1990s, Yugoslavia, which had once been a role model for development, became a symbol for state collapse, external intervention, and post-war reconstruction. Today, the region has two international protectorates, contested states, and borders, severe ethnic polarisation, and minority concerns. In this first in-depth critical analysis of international administration aid and reconstruction policies in Kosovo, Jens Stilhoff Sørensen argues that the

region must be analysed as a whole and that the process of state collapse and recent changes in aid policy must be interpreted in connection to the wider transformation of the global political economy and world order He examines the shifting inter and intracommunity relations the emergence of a political economy of conflict and of informal clientelist arrangements in Serbia and Kosovo and provides a framework for interpreting the collapse of the Yugoslav state the emergence of ethnic conflict and shadow economies and the character of western aid and intervention Western governments and agencies have built policies on conceptions and assumptions for which there is no genuine historical or contemporary economic social or political basis in the region As the author persuasively argues this discrepancy has exacerbated and cemented problems in the region and provided further complications that are likely to remain for years to come Back cover
