The Incomers:

Ford-A Village in the West Highlands of Scotland John B. Stephenson, 2021-12-14 The Highlands of Scotland like the southern Appalachians of the United States have long been a problem area in Great Britain troubled with a fading economy and loss of population Most books about the region however are popular volumes that romanticize a bygone way of life This study of Ford a village of some 160 people in western Argyllshire thus fills a gap in the literature and provides a look at the present realities of Scottish life Although the Highlands are by no means a homogeneous region Ford in its size and makeup is perhaps a representative rural settlement John Stephenson who conducted extensive interviews in the village during 1981 focuses his study on the theme of survival on whether this particular village shows signs of enduring as a community of people bound together by common interests and situations Though necessarily tentative his conclusions are optimistic Ford has shown a recent increase in population consisting almost entirely of newcomers and though its residents have now a more varied background they seem to have a sense of place of belonging to the village This book will provide new insights not only for those interested in life in the Highlands but also for all those interested in small communities in other parts of the world

The English Dialect Dictionary, Being the Complete Vocabulary of All Dialect Words Still in Use, Or Known to Have Been in Use During the Last Two Hundred Years: F-M Joseph Wright, 1900 *The Rise Of Manifesto The Great (Book 1)* Kerrie A Noor, 2021-03-31 A planet in chaos a leader in denial and a woman who won't be owned Planet Hy Man is a planet as pure as a baby's belly button until a spaceship arrives full of celibate men and women hungry for all things earthy They hurl themselves into a frenzy of real meat real air and procreation until Manifesto The Great's forefather takes control creating order rules and a sewage system Manifesto The Great watches as his forefather pollutes the planet treats women like they're walking wombs and designs dodgy robots and when his forefather dies Manifesto The Great is left to pick up the pieces Will he rise over the tidal wave of discontented women and claim his throne or drown under a sea of underwire and oestrogen *The Rise Of Manifesto The Great* is the first in the Planet Hy Man comedy series If you like Terry Pratchett's satire and Douglas Adams absurdity then buy today and buckle up for an intergalactic farce , *White Settlers* Charles Jedrej, Mark Nuttall, 2013-09-13 First Published in 1996 Feelings about the repopulation of remote rural areas are nowadays expressed in rather alarming terms so that in the word of a Skye land owner the filling of empty glens with people regardless of origin is dangerous because it can destroy the ancient culture which is so precious Yet it is remarkable that the depopulation which characterized the previous centuries was greeted with virtually the same reaction The repopulation of rural Scotland which since the beginning of the century has been wished for as the solution to the great problem of rural depopulation has provoked an ambiguous response This book describes the local experience of recent population changes and addresses the problem of repopulation It analyses the paradoxes ironies and ambiguities that form a complex structure of feelings much of which is only partially evident at any one time *Residency, Class, and Community in the Contemporary Chinese City*

William Hurst, 2018-11-26 Drawing on the perspectives of a wide range of leading experts across several disciplines this book offers critical insights on some of the most important questions of contemporary urban Chinese politics and society All of the contributors working across different institutions and localities in China bring rich data and fresh analyses to such issues as urbanization of place and people tensions between urban social groups new structures and mechanisms of governance and welfare provision and the fraying of traditional social ties Taken together this collection represents the most comprehensive and grounded set of analyses of residency class and community specifically focused on urban China in at least the last ten years

Settlement, Life, and Politics—Understanding the Traditional New Territories Patrick H. Hase, 2020-11-01 Without a clear idea of the history of the New Territories the history of Hong Kong as a whole would be impossible to bring to any sort of satisfactory completion Elucidating the development of a village a clan a temple or a market town is also in and of itself real and valuable history and abundantly justifies the time and effort spent on it This book is a history of village communities in the New Territories of Hong Kong including those in the areas of Ha Tsuen Hung Shui Kiu and Sha Tin as well as those on the islands of Lamma Ma Wan and Tung Ping Chau Elaborating on primary interviews with village elders government documents and public information this book places the individual histories of each area into the context of Hong Kong's rich past The introduction sets up the rest of the book outlining common themes and highlighting the dangers of using the communal memories of

village communities while at the same time showing the valuable information doing so can bring Each chapter provides a more detailed account of one specific area concentrating on the settlement history the lifestyle and the politics of that area
