Resources in Education , 1998-04 School Libraries in a Time of Change Kathleen W. Craver, 2019-08-01 By becoming practical futurists school librarians can help their libraries not only to survive sweeping changes in education but to thrive This book shows how to spot technological trends and use them to your library's advantage During this time of rapid modernization of technology and educational reform this book is a must read for school librarians tasked with ensuring their libraries meet evolving standards This title provides the research and organizational techniques and skills they need to gain seats at the table of the three power committees technology curricula and strategic planning School librarians need to collect and publicize national and local school based evidence that shows the positive correlations between school librarians and student achievement Craver notes correlative sources and provides ideas to employ them to ensure that school librarians remain indispensable In addition acquiring technological skills and becoming expert at their application are paramount for librarians Even more important is the need for librarians to assume sole responsibility for designing and integrating information literacy and critical thinking skills throughout the curriculum Craver analyzes studies that show students inability to discern fact from fiction ads from news and information bias in electronic information sources and recommends six actions that school librarians take to ensure that they become active participants in their future rather than its victims

Empty Pockets and Full Plates Gail K. Dickinson, 2003 Discusses school library budget terms and processes and provides guidance and special tips for planning a budget and getting it approved by the district *Where Do I Start?* Santa Clara County Office of Education, 2012-02-13 If you're new to running a library or looking for a refresher this book can serve as your first reference source for school library operation providing overview information on a wealth of topics lists of resources for more in depth information and coverage of current topics such as Web 2.0 fundraising digital booktalks and cybersafety With the extreme budget cuts most school libraries are facing professional development resources for library support staff that improve library management efficiency are in great demand This popular handbook provides an overview of many topics related to school libraries collecting a vast amount of information together in one volume with an extensive index and selected additional resources Written in an accessible style it provides a quick reference and overview information for the operation of school libraries that both experienced and new library staff will find useful Designed to be read both cover to cover and utilized as a ready reference the second edition of *Where Do I Start?
