The Industrialisation Of Soviet Russia 1 The Socialist Offensive The Collectivisation Of Soviet Agriculture 1929 193:

The Industrialisation of Soviet Russia 1: Socialist Offensive R. W. Davies,1980-07-31 By the summer of 1929 Soviet industrialisation was well under way but agriculture was in a profound crisis in 1928 and 1929 grain to feed the towns was wrested from the peasants by force and the twenty five million individual peasant households lost the stimulus to extend or even to maintain their production In the autumn of 1929 the Soviet Politburo led by Stalin launched its desperate effort to win the battle for agriculture by forcible collectivisation and by large scale mechanisation Simultaneously hundreds of thousands of kulaks richer peasants and recalcitrant peasants were expelled from their villages This book tells the story of these events as momentous in their impact on Russian history at the Bolshevik Revolution of October 1917 and of the temporary retreat from collectivisation in the spring of 1930 in the face of peasant resistance The crisis in the Communist Party which resulted from this upheaval in the months preceding the XVI party congress in June 1930 is described in detail for the first time The Socialist Offensive Robert William Davies,1980 *Stalinism as a Way of Life* Lewis H. Siegelbaum,A. K. Sokolov,2004-01-01 Maybe some people are shy about writing but I will write the real truth Is it really possible that people at the newspaper haven t heard this that we don t want to be on the kolkhoz collective farm we work and work and there s nothing to eat Really how can we live a farmer s letter 1936 from Stalinism as a Way of Life What was life like for ordinary Russian citizens in the 1930s How did they feel about socialism and the acts committed in its name This unique book provides English speaking readers with the responses of those who experienced firsthand the events of the middle Stalinist period The book contains 157 documents mostly letters to authorities from Soviet citizens but also reports compiled by the secret police and Communist Party functionaries internal government and party memoranda and correspondence among party officials Selected from recently opened Soviet archives these previously unknown documents illuminate in new ways both the complex social roots of Stalinism and the texture of daily life during a highly traumatic decade of Soviet history Accompanied by introductory and linking commentary the documents are organized around such themes as the impact of terror on the citizenry the childhood experience the countryside after collectivization and the role of cadres that were directed to decide everything In their own words peasants and workers intellectuals and the uneducated adults and children men and women Russians and people from other national groups tell their stories Their writings reveal how individual lives influenced and were affected by the larger events of Soviet history The Socialist Offensive Robert William Davies,1980 **The Origins of the Stalinist Political System** Graeme Gill,Graeme J. Gill,2002-07-18 New and challenging perspectives on Soviet political development from 1917 to 1941 **Sociological Abstracts** Leo P. Chall,1982 **The Industrialisation of Soviet Russia Volume 4: Crisis and Progress in the Soviet Economy, 1931-1933** R. W. Davies,2016-07-27 The profound economic crisis of 1931 33 undermined the process of industrialisation and the stability of

the regime In spite of feverish efforts to achieve the over ambitious first five year plan the great industrial projects lagged far behind schedule These were years of inflation economic disorder and of terrible famine in 1933 In response to the crisis policies and systems changed significantly Greater realism prevailed more moderate plans reduced investment strict monetary controls and more emphasis on economic incentives and the role of the market The reforms failed to prevent the terrible famine of 1933 in which millions of peasants died But the last months of 1933 saw the first signs of an industrial boom the outcome of the huge investments of previous years Using the previously secret archives of the Politburo and the Council of People s Commissars the author shows how during these formative years the economic system acquired the shape which it retained until the collapse of the Soviet Union in 1991
