The Untethered Soul (EasyRead Large Bold Edition) Michael Singer, 2007 Who are you In this remarkable book author and spiritual guide Michael Singer explores this fundamental question seeking the very root of consciousness in order to help readers learn how to dwell in the present moment Written in an engaging and uncomplicated voice this book will open readers up to the radical and powerful experience of simply being themselves The Experimenters Eva Díaz, 2014-12-25 In the years immediately following World War II Black Mountain College an unaccredited school in rural Appalachia became a vital hub of cultural innovation Practically every major artistic figure of the mid twentieth century spent some time there Merce Cunningham Ray Johnson Franz Kline Willem and Elaine de Kooning Robert Motherwell Robert Rauschenberg Dorothea Rockburne Aaron Siskind Cy Twombly the list goes on and on Yet scholars have tended to view these artists time at the College as little more than prologue a step on their way to greatness With *The Experimenters* Eva D az reveals the importance of Black Mountain College and especially of three key teachers Josef Albers John Cage and R Buckminster Fuller to be much greater than that D az s focus is on experimentation Albers Cage and Fuller she shows taught new models of art making that favored testing procedures rather than personal expression These methodologies represented incipient directions for postwar art practice elements of which would be sampled and often wholly adopted by Black Mountain students and subsequent practitioners The resulting works which interrelate art and life in a way that imbues these projects with crucial relevance not only reconfigured the relationships among chance order and design they helped redefine what artistic practice was and could be for future generations Offering a bold compelling new angle on some of the most widely studied creative figures of modern times *The Experimenters* does nothing less than rewrite the story of art in the mid twentieth century *The Untethered Soul (EasyRead Edition)* Michael A. Orwellian premise that all animals are different The parable narrates the developments that occur in the Lab from the initial harsh conditions to the majestic glittering virtual Labopolis and its endless sprawl A bespectacled mouse with pinkish pale skin Homo is an interpreter for both the animals and the humans When animals finally organize the rebellion in the Lab Homo is their leader Lab presents a totally administered Kafkaesque world in which the simple event of a dog wagging his tail can employ innumerable bureaucrats as well as scientists and activists Its inter textual playfulness embraces numerous references from Kafka Orwell Monty Python Disney as well as guidelines from the handbook How to handle animals in American laboratories Although written in a simple style the novel tackles the most ramified issues and dilemmas of late modernity the great divide between humans and animals the insecurities of the body as a final frontier utopian desires for change in a world that more and more resembles the laboratory itself Publisher s website <http://sbpra.com/mariovrbandi>
