The Friends' Library William Evans, Thomas Evans, 1844 A Collection of the Sufferings of the People Called Quakers Joseph Besse, 1753 *The History of the Rise, Increase, and Progress of the Christian People Called Quakers* William Sewel, 2023-02-01 Reprint of the original The publishing house Anatiposi publishes historical books as reprints Due to their age these books may have missing pages or inferior quality Our aim is to preserve these books and make them available to the public so that they do not get lost

The History of the Rise, Increase, and Progress of the Christian People Called Quakers William Sewel, 1856 Josephus, Paul, and the Fate of Early Christianity F. B. A. Asiedu, 2019-03-01 Flavius Josephus the priest from Jerusalem who was affiliated with the Pharisees is our most important source for Jewish life in the first century His notice about the death of James the brother of Jesus suggests that Josephus knew about the followers of Jesus in Jerusalem and in Judaea In Rome where he lived for the remainder of his life after the Jewish War a group of Christians appear to have flourished if 1 Clement is any indication Josephus however says extremely little about the Christians in Judaea and nothing about those in Rome He also does not reference Paul the apostle a former Pharisee who was a contemporary of Josephus s father in Jerusalem even though according to Acts Paul and his activities were known to two successive Roman governors procurators of Judaea Marcus Antonius Felix and Porcius Festus and to King Herod Agrippa II and his sisters Berenice and Drusilla The knowledge of the Herodians in particular puts Josephus s silence about Paul in an interesting light suggesting that it may have been deliberate In addition Josephus s

writings bear very little witness to other contemporaries in Rome so much so that if we were dependent on Josephus alone we might conclude that many of those historical characters either did not exist or had little or no impact in the first century. Asiedu comments on the state of life in Rome during the reign of the Emperor Domitian and how both Josephus and the Christians who produced 1 Clement coped with the regime as other contemporaries among whom he considers Martial Tacitus Pliny the Younger and others did. He argues that most of Josephus's contemporaries practiced different kinds of silences in bearing witness to the world around them. Consequently the absence of references to Jews or Christians in Roman writers of the last three decades of the first century including Josephus should not be taken as proof of their non existence in Flavian Rome.

*The Routledge Companion to Shakespeare and Politics* Chris Fitter, 2025-10-31. The Routledge Companion to Shakespeare and Politics challenges and transforms our understanding of the politics of Shakespeare's plays. Through up to date essays by historians biographers and Shakespeare critics this Companion offers first a systematic examination of dominant institutions and emergent thought in Shakespeare's society then meditation on Shakespeare's representation of these. Contributors consider the common law and the legally embattled royal prerogative the functioning of the justice system the impact of angry Tudor reformers early capitalism war libels rebellion populism religion and cosmological ferment as well as the class system Machiavelli Montaigne and theatrical transgression. Opening chapters discuss the harsh politicisation of childhood Shakespeare the subversive practices built into grammar school education and the mythic retirement of Shakespeare to an idyllic Warwickshire. Combining social panorama with sharp critical readings this synoptic approach allows identification of a political coherence to Shakespeare's drama identifying commonalities of vision frequently critical and dissident returning in different plays. The final section looks at Shakespeare's reception within Marxism feminism racial theory LGBTQ thought and ecocriticism. The collection recovers a lost Shakespeare of substantial political disaffection in very dark times offering a challenging political redirection of Shakespeare studies and perhaps a Shakespeare for our era. As an authoritative state of the art guide to this resonant topic it will be of interest to anyone researching or studying Shakespeare.

**Journals of the House of Commons** Great Britain House of Commons, 1818. [The Stasi Files Unveiled](#) Barbara Miller, 2022-01-26. In 1992 the massive files of East Germany's infamous Ministry for State Security the Stasi were made publicly available and thousands of former East Germans began to confront their contents. Finally it was possible for ordinary citizens to ascertain who had worked for the Stasi either on a full time basis or as an unofficial employee the Stasi's term for an informer. The revelations from these documents sparked feuds old and new among a population already struggling through enormous social and political upheaval. Drawing upon the Stasi files and upon interviews with one time informers this book examines the impact of the Stasi legacy in united Germany. Barbara Miller examines such aspects of the informer's experience as the recruitment procedure daily life and work motivation and justification. She goes on to consider the dealings of politicians and the courts with the Stasi and its employees. Her analysis then turns to the way in which this aspect of recent

German history has been remembered and the phenomenal impact of the opening of the files on such perceptions of the past  
The Stasi Files Unveiled Guilt and Compliance in a Unified Germany offers important new perspectives on the nature of individual and collective memory and is a fascinating investigation of modern German society Barbara Miller graduated from the University of Glasgow in 1991 with a degree in German and psychology She taught and researched in Germany and Austria before completing her doctoral thesis in Glasgow in 1997 She is now based in Sydney Australia **The History of**
