The International Marine Boat Manager Your Vessels Custom Handbook Of Operating And Service Procedures:

The International Marine Boat Manager Bob Payne, Nick Ellison, 1992-12-01 Here's just a small sample of what The International Marine Boat Manager will do. Coach you through all those half-remembered procedures. Tell you exactly what steps to follow in an emergency. Provide you with the model identification number of any part you need to replace whether you're phoning from a secluded anchorage or your office 100 miles away from the boat. Tell you your crew or a charterer or guest where to find any piece of gear or equipment or how to operate the engine stove or head and in short everything a competent mariner needs to run the boat. Provide a complete inventory and maintenance history to an insurer or prospective buyer. Let you hit the deck running after you've been away from the boat for weeks or months. Save you the hours that could mean the difference between a day on the water and a day on the telephone. It may even save you the seconds that could mean the difference between a crisis overcome and a disaster.
