Dominion of Capital Don Nerbas, 2013-01-01 Originally presented as the author s thesis doctoral University of New Brunswick 2010 under the title The politics of capital **The Least Possible Fuss and Publicity** Paul A. Evans, 2021-06-15 Over the two decades following the Second World War the policy that would create a nation of immigrants as Canadian multiculturalism is now widely understood was debated drafted and implemented The established narrative of postwar immigration policy as a tepid mixture of altruism and national self interest does not fully explain the complex process of policy transformation during that period In The Least Possible Fuss and Publicity Paul Evans recounts changes to Canada s postwar immigration policy and the events ideas and individuals that propelled that change Through extensive primary research in the archives of federal departments and the parliamentary record together with

contemporary media coverage the correspondence of politicians and policy makers and the statutes that set immigration policy Evans reconstructs the formation of a modern immigration bureaucracy the resistance to reform from within and the influence of racism and international events He shows that political concerns remained uppermost in the minds of policy makers and those concerns more than economic or social factors provided the major impetus to change In stark contrast to today legislators and politicians strove to keep the evolution of the national immigration strategy out of the public eye University of Toronto law professor W G Friedmann remarked in a 1952 edition of *Saturday Night In Canada* both the government and the people have so far preferred to let this immigration business develop with the least possible fuss and publicity This is the story told largely in their own words of politicians and policy makers who resisted change and others who saw the future and seized upon it *The Least Possible Fuss and Publicity* is a clear account of how postwar immigration policy transformed gradually opening the border to groups who sought to make Canada home *Nation's Navy* Michael L. Hadley, Robert Neil Huebert, F. W. Crickard, 1996 Bounded by three great oceans Canada stands as a maritime nation with rich seafaring traditions Born of both national and British imperial interests in 1910 and maturing in two world wars its navy is a vital national institution that continues to evolve in response to new and complex challenges *A Nation's Navy* explores the decisive formative forces of the navy's history and illuminates the characteristically Canadian elements and values that have defined it **Creating Postwar Canada** Magda Fahrni, Robert Rutherford, 2008-07-01 *Creating Postwar Canada* showcases new research on this complex period exploring postwar Canada's diverse symbols and battlegrounds Contributors to the first half of the collection consider evolving definitions of the nation examining the ways in which Canada was reimagined to include both the Canadian North and landscapes structured by trade and commerce The essays in the latter half analyze debates on shopping hours professional striptease the provider role of fathers interracial adoption sexuality on campus and illegal drug use issues that shaped how the country defined itself in sociocultural and political terms This collection contributes to the historiography of nationalism gender and the family consumer cultures and countercultures

Churchill and the Soviet Union David Carlton, 2024-06-04 In the already vast literature on Churchill no single work has focused on his changing attitude towards the Soviet Union This is the first project to isolate just one major theme in Churchill's life Explores whether or not Churchill was consistent through forty years and examines the possibility that perceptions of domestic political advantage may have shaped his course more than high minded and disinterested evaluations of evolving Soviet intentions and capabilities Churchill still arouses a great deal of general interest and a work which challenges a number of preconceptions as this book does will undoubtedly appeal to the general reader A clearly argued revisionist study of Churchill's views about and dealings with the Soviet Union It will be part of the growing historical literature that seeks to reassess Churchill *Perspectives on Presidential Leadership* Michael Patrick Cullinane, Clare Frances Elliott, 2014-02-18 In 2011 Barack Obama invited ten distinguished biographers to the White House to ask them one

question which past American president should I emulate This was not the first time Obama asked scholars this but the answer he received would differ as presidential legacies waxed and waned In 2008 Obama chose Lincoln in 2009 Reagan and in 2010 Theodore Roosevelt Perspectives on Presidential Leadership is an examination of presidential legacy and in particular an analysis of the first ever UK ranking of American presidents which took place in 2011 In thirteen chapters thirteen individual presidential administrations are assessed Some presidents have been considered a success others a failure both types are featured in these thirteen case studies in a measured attempt to understand how the perception of presidential leadership evolves shifts and contorts across three centuries of American politics The case studies also derive from the expertise of the collected British Irish and Canadian authors all of whom are leading scholars in their fields and many of which took part in the 2011 survey At a time when understanding presidential legacy is in high demand this book offers a unique international perspective Through extended commentary and inter disciplinary study of the UK perspective it provides groundbreaking research

The Unexpected Louis St-Laurent Patrice Dutil,2020-11-01 Much of Canada s modern identity emerged from the innovative social policies and ambitious foreign policy of Louis St Laurent s Liberal government His extraordinarily creative administration made decisions that still resonate today on health care pensions and housing on infrastructure and intergovernmental issues and further afield in developing Canada s global middle power role in global affairs and resolving the Suez Crisis Yet St Laurent remains an enigmatic figure Contributors to The Unexpected Louis St Laurent assess the degree to which he set the policy agenda They explore the features of his personality that made him effective or sometimes less so the changes he wrought on the state apparatus and federal provincial relations and the substance of his government s policies This wide ranging collection fills a great void in Canadian political history bringing together seasoned professionals and new scholars to investigate the far reaching influence of a politician whose astute policies and bold resolve moved Canada into the modern era

Communications Historiques Canadian Historical Association. Meeting,1977 Inventing Atlantic Canada Corey James Arthur Slumkoski,2011-01-01 When Newfoundland entered the Canadian Confederation in 1949 it was hoped it would promote greater unity between the Maritime provinces as Term 29 of the Newfoundland Act explicitly linked the region s economic and political fortunes On the surface the union seemed like an unprecedented opportunity to resurrect the regional spirit of the Maritime Rights movement of the 1920s which advocated a cooperative approach to addressing regional

underdevelopment However Newfoundland's arrival did little at first to bring about a comprehensive Atlantic Canadian regionalism *Inventing Atlantic Canada* is the first book to analyse the reaction of the Maritime provinces to Newfoundland's entry into Confederation Drawing on editorials government documents and political papers Corey Slumkoski examines how each Maritime province used the addition of a new provincial cousin to fight underdevelopment Slumkoski also details the rise of regional cooperation characterized by the Atlantic Revolution of the mid 1950s when Maritime leaders began to realize that by acting in isolation their situations would only worsen *The Admirals* Michael Whitby, Richard H. Gimblett, Peter Haydon, 2006-01-21 *The Admirals* Canada's Senior Naval Leadership in the Twentieth Century fills an important void in the history of Canada's navy Those who carry the burden of high command have a critical niche in not only guiding the day to day concerns of running an armed service but in ensuring that it is ready to face the challenges of the future Canada's leading naval historians present analytical articles on the officers who led the navy from its foundation in 1910 to the unification in 1968 Six former Maritime Commanders provide personal reflections on command The result is a valuable biographical compendium for anyone interested in the history of the Canadian Navy the Canadian Forces or military and naval leadership in general
