The Magic Mountain Hermann John Weigand,1964      The Magic Mountain Hermann J. Weigand,2020-05-01 Praised highly by Mann himself Weigand's book originally published in 1933 is an essential piece of criticism on Mann's monumental novel In his study of *The Magic Mountain* Weigand comments on the novel's genre and organization before dissecting the themes of disease and mysticism Mann's use of irony and other aspects of this masterpiece of German literature      **The Magic Mountain** Thomas Mann,1996-10-01 NOBEL PRIZE WINNER A monumental work of erudition and irony sexual tension and intellectual ferment *The Magic Mountain* is an enduring classic With this dizzyingly rich novel of ideas Thomas Mann rose to the front ranks of the great modern novelists winning the Nobel Prize in Literature in 1929 *The Magic Mountain* takes place in an exclusive tuberculosis sanatorium in the Swiss Alps a community devoted to sickness that serves as a fictional microcosm for Europe in the days before the First World War To this hermetic and otherworldly realm comes Hans Castorp an ordinary young man who arrives for a short visit and ends up staying for seven years during which he succumbs both to the lure of eros and to the intoxication of ideas      **Thomas Mann's The Magic Mountain** Rodney Symington,2011-09-22 Thomas Mann's novel *The Magic Mountain* presents a panorama of European society in the first two decades of the 20th century and depicts the philosophical and metaphysical dilemmas facing people in the modern age In the years leading up to the First World War the fundamental elements of human nature were thrown into sharp relief by the political tensions that resulted in the ultimate metaphor for the innate destructiveness of humankind the War itself If such a war is the true expression of human tendencies what hope is there for the future Through the figure of the main character of the novel Thomas Mann explores the alternative philosophies of life available to human beings in the modern age and invites the reader to undertake a personal odyssey of discovery with a view to adopting a positive approach in an era that seems to offer no clear cut answers This book is a comprehensive commentary on Thomas Mann's seminal novel one of the key literary artefacts of the 20th century The author has taken upon himself the task of explaining all the references and allusions contained in the novel and of providing readers who know little or no German with enough explanatory comment to enable them to understand the novel and extract the maximum reading pleasure from it      Mann's Magic Mountain Karolina Watroba,2022 The first study of Thomas Mann's landmark German modernist novel *Der Zauberberg* *The Magic Mountain* 1924 that takes as its starting point the interest in Mann's book shown by non academic readers delving into the interrelated fields of transnational German studies global modernism studies comparative literature and reception theory      **The Magic Mountain** Thomas Mann,2025-09-07T22:50:38Z Hans Castorp is a young man ready to start a career in shipbuilding but before he does he decides to visit his cousin Joachim a patient residing at a tuberculosis sanatorium in the mountains of Switzerland Castorp enjoys meeting and chatting with the wide array of colorful personalities living at the sanatorium until its director delivers some bad news Castorp too has symptoms of disease and must remain at the sanatorium indefinitely

Thus begins a black comedy spanning years in which he lives and learns in this self contained world in the mountains The Magic Mountain is a bildungsroman and an allegory of the years surrounding World War I in which Castorp a naive blank slate symbolizing the Weimar Republic spends time with the motley crew in the sanatorium who each represent the nations and ideologies of Europe vying for his attention World War I broke out and concluded as Mann was writing the novel at first he was opposed to the Weimar Republic but he later changed his mind and this development in his personal philosophy is reflected in how Castorp and the patients interact over the years and in Castorp s ultimate fate Adding to the novel s staying power are its many layers of allegory and allusion including Greek mythology European fable music opera and theater literature mysticism numerology medicine and philosophy Above these layers is Mann s overarching message of illness and death as necessary struggles to overcome before reaching a fulfilled life a theme from his earlier novella Death in Venice that he explicitly wished to revisit and expand upon This book is part of the Standard Ebooks project which produces free public domain ebooks

**The Magic Mountain** Thomas Mann,1927 *Thomas Mann's The Magic Mountain* Hans Rudolf Vaget,2008 This collection seeks to illustrate the ways in which Thomas Mann s 1924 novel The Magic Mountain has been newly construed by some of today s most astute readers in the field of Mann studies The essays many of which were written expressly for this volume comment on some of the familiar and inescapable topics of Magic Mountain scholarship including the questions of genre and ideology the philosophy of time and the ominous subjects of disease and medical practice Moreover this volume offers fresh approaches to the novel s underlying notions of masculinity to its embodiment of the cultural code of anti-Semitism and to its precarious relationship to the rival media of photography cinema and recorded sound

The Senses of Modernism Sara Danius,2019-01-24 In The Senses of Modernism Sara Danius develops a radically new theoretical and historical understanding of high modernism The author closely analyzes Thomas Mann s The Magic Mountain Marcel Proust s Remembrance of Things Past and James Joyce s Ulysses as narratives of the sweeping changes that affected high and low culture in the age of technological reproduction In her discussion of the years from 1880 to 1930 Danius proposes that the high modernist aesthetic is inseparable from a technologically mediated crisis of the senses She reveals the ways in which categories of perceiving and knowing are realigned when technological devices are capable of reproducing sense data Sparked by innovations such as chronophotography phonography radiography cinematography and technologies of speed this sudden shift in perceptual abilities had an effect on all arts of the time Danius explores how perception notably sight and hearing is staged in the three most significant modern novels in German French and British literature The Senses of

Modernism connects technological change and formal innovation to transform the study of modernist aesthetics Danilus questions the longstanding acceptance of a binary relationship between high and low culture and describes the complicated relationship between modernism and technology challenging the conceptual divide between a technological culture and a more properly aesthetic one

**Thomas Mann's War** Tobias Boes, 2019-11-15 In Thomas Mann's War Tobias Boes traces how the acclaimed and bestselling author became one of America's most prominent anti-fascists and the spokesperson for a German cultural ideal that Nazism had perverted Thomas Mann winner of the 1929 Nobel Prize in literature and author of such world renowned novels as *Buddenbrooks* and *The Magic Mountain* began his self-imposed exile in the United States in 1938 having fled his native Germany in the wake of Nazi persecution and public burnings of his books Mann embraced his role as a public intellectual deftly using his literary reputation and his connections in an increasingly global publishing industry to refute Nazi propaganda As Boes shows Mann undertook successful lecture tours of the country and penned widely read articles that alerted US audiences and readers to the dangers of complacency in the face of Nazism's existential threat Spanning four decades from the eve of World War I when Mann was first translated into English to 1952 the year in which he left an America increasingly disfigured by McCarthyism Boes establishes Mann as a significant figure in the wartime global republic of letters Open access edition funded by the National Endowment for the Humanities

**The German Bildungsroman** Michael Minden, 1997-04-17 This book was originally published in 1997 The Bildungsroman the story of the development or formation of a young man is the most famous German contribution to the European novel Most studies of the Bildungsroman have concentrated on its underlying philosophy Michael Minden addresses it as literature He offers detailed readings of some of the best known novels in the German language from Goethe to Mann including Wilhelm Meisters Lehrjahre Agathon Anton Reiser Hyperion Heinrich von Ofterdingen Der grüne Heinrich Der Nachsommer and Der Zauberberg Looking at the novels from the points of view of gender subjectivity and the ideology of the aesthetic and taking account of the literary theory Minden uncovers aspects and motifs which subvert traditional ideas of the Bildungsroman and raise questions about the function and status of literature

**Mann, Der Zauberberg** Martin Swales, 2000 A Companion to the Works of Thomas Mann Herbert Lehnert, Eva Wessell, 2004 Thomas Mann is among the greatest of German prose writers and was the first German novelist to reach a wide English speaking readership since Goethe Novels such as Buddenbrooks The Magic Mountain and Doktor Faustus attest to his mastery of subtle distanced irony while novellas such as Death in Venice reveal him at the height of his mastery of language In addition to fresh insights about these best known works of Mann this volume treats less often discussed works such as Joseph and His Brothers Lotte in Weimar and Felix Krull as well as his political writings and essays Mann himself was a paradox his role as family father was both refuge and façade his love of Germany was matched by his contempt for its having embraced Hitler While in exile during the Nazi period he functioned as the prime representative of the good Germany in the fight against fascism and he has often been remembered this way in English speaking lands But a new view of Mann is emerging half a century after his death a view of him as one of the great writers of a modernity understood as extending into our 21st century This volume provides sixteen essays by American and European specialists They demonstrate the relevance of his writings for our time making particular use of the biographical material that is now available Contributors Ehrhard Bahr Manfred Dierks Werner Fritzen Clayton Koelb Helmut Koopmann Wolfgang Lederer Hannelore Mundt Peter Pötz Jens Rieckmann Hans Joachim Sandberg Egon Schwarz and Hans Vaget Herbert Lehnert is Research Professor and Eva Wessell is lecturer in Humanities both at the University of California Irvine
